Boys we've known since babies

● We see them board the train after their last leave home . . . boys we've known since they were babies. We say "Good Luck . . . we're all pulling for you", as we bid them Good Bye. But are we? Are we "pulling" . . . all we can? What are we doing to help them? Are we giving them the things they need so badly . . . ships and tanks and guns and planes and ammunition? Are we giving them all they need? That's one thing we can do . . . we who stay at home . . . one thing we must do. We must provide the money so much needed to win the war . . . and one way to do that is to buy more War Savings Certificates.

The help of every Canadian is needed for Victory. In these days of war the thoughtless; selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods; to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us.
