Wodehouse Doings

A number of our farmers have finished harvesting; the remainder are enjoying these fine, cool days in completing. The harvest this year has been of short duration, the crop, on a whole, being so light; yet, it is the most appetising, juicy food, the very best, if only more of it "Seed time and harvest shall not fail." Yea, and we should be a thankful people living in this part of the globe where peace and plenty reigns.

The sad news of the death of their little grandson, Ernest, son of Mr. and Mrs. John Neff, was received by Mr. and Mrs. Andrew Neff last week. The little fellow's death took place at Outlook, Sask., on August 16th, and was due to diphtheria which got into the home and seized upon the mother and three children. All recovered except Ernest who, after throwing off the disease was left so weakened that he could not regain his former health. The father of Ernest is a lieutenant in the Moose Jaw battalion and came home a few days before, but to be quarantined with his family. The deepest sympathy is extended to the bereaved family.—Bulletin.

We notice that the progressive people of Proton have adopted our method of advertising their wants in the weather line, and with the same gratifying results. No doubt they will consider that advertising pays when they see their potatoes and roots donning a new green, but if they are not careful they may overdo the business and wake up some morning with more weather on hand than they have use for.

Died—At his home in Detroit, Michigan, suddenly from the effect of sunstroke and paralysis, Alexander W. Chubb. Deceased leaves a wife and a son and daughter to mourn the loss of a devoted husband and father. The remains were interred the following Friday in Greenwood cemetery, Owen Sound, beside a little son who died some years ago. Mrs. Chubb is a daughter of Mrs. D. Taylor of Owen Sound and a niece of Roderick and T. R. McKenzie.

Fire destroyed the barn of Mr. Levi Atkins, 9th line, St. Vincent about 8.30 o'clock, on Saturday evening, together with this year's crop totalling nearly fifty tons. How the fire started is a mystery, but it is supposed to have been the result of spontaneous combustion. The barn was filled with hay and had not been used since the crop was harvested. The building was 36ft x 60ft., and was filled to the top and the burning of the barn and hay will mean a serious loss to Mr. Atkins. We understand there was some insurance on the contents as well as the building but not nearly sufficient to cover the loss.—Express.
