Artisans for Canada.

The Times of the 8th inst. says:—Her Majesty's screw troopships Serapis and Crocodile, are ordered to sail for Canada by the 20th inst. They will take out discharged dockyard artisans and their families, or, at least, such as may choose to go, and return to England with troops about to be withdrawn from the colony. With regard to the free passage thus offered to the men discharged from the dockyard service, it is feared that a small proportion of them will be able to avail themselves of this opportunity for emigration. Very nearly the whole of those likely to wish to proceed to Canada are married and have families. They have been now a long time out of work, and in their struggle for existence all they had has disappeared. They are anxious to go to Canada if they could only see how they could support their wives and children in the interval which must elapse between their landing in Canada and finding employment. There will be empty barracks in Canada on the arrival of the two troopships there, and it seems but just that the Government should at least take some means to provide temporary shelters and rations for these poor people—who are, it must be remembered, their own discharged servants—until the men obtain work. As the case now stands, it has been observed by those best acquainted with the present position of the discharged workmen, that, although they are undoubtedly starving here, they are starving among friends, while they might possibly starve, after all, even if they went to Canada, and among strangers.

ARCTIC EXPEDITION.—Dr. Petermann, the originator of the first German expedition to the north pole, announces that a second expedition is to leave Bremerhaven in the first week of June. The expedition will consist of two ships, a screw steamer of 120 tons and thirty-horse power, and a sailing yacht of 80 tons. The latter, which went on the first expedition last year, is called the Green and; the former, the Germania. The object of this expedition, as of the former one, is to investigate the polar regions along the coast of East Greenland north of the 75th degree of north latitude. It is to be provided with a strong scientific staff, and to pass the winter in the Arctic regions, so as to return by Oct., 1870. The Greenland is to serve as a transport, and also to keep up the communication with Europe, and will return this winter, leaving the Germania to pursue its journey alone.

WAR OR PEACE.—The news of the suspension of negotiations between France and Belgium on the railroad question excites intense interest in diplomatic circles. It is generally believed that the French Emperor has resolved on precipitating war as the only means of diverting the alarming political discontent that prevails in France.

TORONTO.

Winton, the colored man, committed for unlawfully shooting a boy on Good Friday, was found guilty of felony.

The eastern inlet of the harbor, which has not been navigable for several years, is deepening rapidly and is expected to be navigable during the coming season.

A husband recently arrived from the west, in search of his runaway wife, missing since the middle of March. She was found in a house of ill-fame on Richmond street, her husband's ill-treatment having driven her to prostitution; he took her home.

Percy Gaston, tried for the robbery of Osgoode Hall was acquitted, the prosecution having be k own.

Hon. J. M. M n, of Trent noteriely, who has resi d alter ely in Toronto and Niagara fo. the yea s past, is about to return south.

James McKenna was tried for murdering his wife and acquitted.

P. Hyland, commission merchant, was found guilty of embezzlement and committed to stand his trial.

James Short, a brother of the man who recently died in a hovel in Kingston Road, has fallen heir to a large estate in England.

A man named Brooks, engine driver in Neil & Dickey's foundry, was caught by a shaft and carried round several times, striking the the ground at every revolution. When discovered his legs were beaten to a jelly.

The stock of the narrow guage railways is being taken up with a confidence of liberality indicating the utmost faith in the commercial success of this undertaking.

$325,000 worth of stock is being issued for the first section of the Toronto, Grey and Bruce. A large amount of stock has been already subscribed for the Toronto and Nipissing Railway.

The Assizes were closed on Saturday. The case of Hodder vs. Robertson came on. The defendant pleaded three different pleas, to which the Crown demurred, and the case was sent to a higher Court for argument. The pleas were, in legal parlance, "Not Guilty," "Justification" and "The Good of Society." After the higher Court have decided the legality of the pleas, the facts will be tried before a jury at the next Assizes.

The following sentences were passed:—Eight were sentenced to pass a term of months in the common jail for larceny; George Albert Mason, who was found guilty of assault, was admitted to further bail; Robert Chapman, for horse stealing, and Winton, for unlawful shooting, were sent to the Penitentiary for two years.

Items of News.

There is an alarming increase of burglaries in London.

Three hundred English sparrows have been let loose in Syracuse.

Only three great nations in Europe—Russia, Turkey, and Great Britain—are without the ballot.

According to Dr. Smallwood, of Montreal, nearly one hundred and seventy inches of snow fell last winter.

Gen. Butler has been proposed for Governor of Massachusets, and there is a party prepared to push his claims to a seat in the United States Senate.

An Episcopal clergyman of Indiana has been convicted of the offense of witnessing the "Black Crook," and his Bishop has reprimanded him accordingly.

The members of St. George's Society, Ottawa, had no procession or display. Very few flags were hoisted. There was a subscription concert and tea meeting in St. Alban's Church in the evening.

The average winnings at the gambling tables at Ems, Baden, Wiesbaden, Homburg, and Manheim, have for the last ten years amounted to an average grand total of three and a half million dollars.

The Inland Revenue Department has authorized the exportation of oil without inspection, at option of exporter. If not inspected, no fee to be charged.

Messrs. Hunter, Rose & Co's contract, as House printers, expires this session. It is expected the Printing Committee will call for tenders for the Parliament ary printing for a term of five or ten years.

Sisters of Notre Dame, Ottawa, will establish an academy for girls in the Victoria hotel, Ottawa, which they have leased for the purpose.

Even the New York Tribune denounces the blustering bullying tone assumed by Senator Chandler respecting the Alabama claims. The Tribune thinks that Great Britain is too proud a nation to be bullied.

Princess Louise, daughter of Queen Victoria is to be married on the 27th of July, to the prince royal of Denmark. This will leave the Queen only one unmarried daughter, the Princess Beatrice.

The annual dinner of St. George's Society of Belleville in the Dafoe House, was one of the most successful ever held under the auspices of the Society.—About one hundred and sixty sat down to dinner, and to say that the spread was one of the best ever laid in Belleville, is not saying too much.

BREAKFAST.—A SUCCESSFUL EXPERIMENT.—The Civil Service Gazette has the following:—"There are very few simple articles of food which can boast of so many valuable and important dietary properties as cocoa. While acting on the nerves as a gentle stimulant, it provides the body with some of the purest elements of nutrition, and at the same time corrects and invigorates the action of the digestive organs. These beneficial effects depend in a great measure upon the manner of its preparation, but of late years close attention has been given to the growth and treatment of cocoa, that there is no difficulty in securing it with every useful quality fully developed. The singular success which Mr. Epps attained by his homœopathic preparation of cocoa has never been surpassed by any experimentalists. Far and wide the reputation of Epp's Cocoa has spread by the simple force of its own extraordinary merits. Medical men of all shades of opinion have agreed in recommending it as the safest and most beneficial article of diet for persons of weak constitutions. This superiority of a particular mode of preparation over all others is a remarkable proof of the great results to be obtained from little causes. By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtile Maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame. 1mww23

NEWS OF THE DAY.

TUESDAY MORNING, APRIL 27, 1869.

NEW ADVERTISING AGENCY AT MONTREAL.—Business people in the United States and at Home find Advertising Agencies very useful, but in Canada they have not yet been fairly tried. We are pleased to see an attempt made to establish a good and reliable Agency of this kind, by Mr. Thos F. S. Kirkpatrick, in Montreal (see his advertisement), and from what we know of Mr. Kirkpatrick, we have every assurance that it will be a success. At least all persons who deal with him can depend upon his punctuality.

GRAND TRUNK RAILWAY.—Yesterday (26th) the new Time Table came into operation on the Grand Trunk Railway. The trains will now arrive somewhat earlier in the day. The change has also effected the Post Office. See advt.

SAFELY OVER.—The great elevator at the foot of Queen's street, lately the property of E. Berry & Co., was yesterday placed in imminent danger. Some sparks from the smoke-stack of the str. Bay of Quinte, so it is said, lodged in a large pile of cedar telegraph poles, and fanned by the fresh breeze, which at the time was blowing refreshingly from the west, they soon assumed the proportion of a blaze, threatening to consume the whole pile, if not the wharf and building. The general fire alarm brought forth excited people without number, and No. 1 Hose Company rushed to the scene. Before its arrival, however, the captain and owner of the str. Pierrepont were acquainted with the exigency of the case, and forthwith the Pierrepont steamed over. Her pony-engine and hose were soon brought into use, and without any assistance the fire was suppressed in less time than it takes to write this—being literally nipped in the bud. The city fire brigade was fairly eclipsed for once, but the people had the satisfaction of seeing a fine property preserved.

PUBLIC WORKS.—The Public Works Department of Ontario has, as will be seen, advertised for tenders for a large number of public works, embracing a Lunatic Asylum at London, Deaf and Dumb Asylum at Belleville, the uncompleted portion of the Lunatic Asylum at Toronto, Government stables and improvements. Mr. Holden, on behalf of the Government, has notified the owner that the front sixty-six acres of the lot known as the Spence lot, Belleville, has been accepted for the Deaf and Dumb Asylum.

EMIGRANTS.—The Emigration Agency here has received information that the steamship Germany sailed from Liverpool for Quebec on the 22nd ult., with 279 emigrants for Canada.

COLLISION.—Yesterday it was reported that the schooner Lucky, of Oswego, upward bound, collided with the schooner Centurion, a Canadian vessel, lumber laden for Oswego, causing such injuries to latter that she was obliged to put into South Bay in haste. Yesterday she telegraphed for a tug to tow her out. Damages said to reach $500. The Lucky seems to have escaped serious injury. Lucky for her.

SLOW RACE.—This evening the slow race is to come off at the Velocipede School, Skating Rink. We hope to see a long list of competitors, and a goodly attendance of spectators.

SHADE TREES.—Now is the time for putting out shade trees along the streets, and if our country friends should bring in nice thrifty maples soon, they would doubtless find a ready market. It is to be regretted that more attention is not paid to the planting out of trees of this description, which would so greatly add to the health and beauty of the city.

Police.

At the Police Court on Saturday, John Clancy was fined $2 and costs, for having been drunk and disorderly, in default ten days in gaol. Henry Nicholson was fined $5, or one month in gaol, for assaulting Policeman Lane while in discharge of his duty, in proceeding to arrest him and a companion named Hall for being drunk and disorderly. The chums of both young men aided their escape from custody. Hall was brought up also, but he was discharged, as he was shown to have taken no part in the rescue, but tried rather to smooth matters down. Several cabmen and carters, who had not paid last year's licenses, were fined $8 and costs. It would have been cheaper to have paid up at once. John Dandy was charged with malicious injury to the coat of a boy named William Beaupre, which he wantonly slit up with a sharp knife. A fine of $1 was imposed, which will be applied to the benefit of the complainant.

IRON IN THE BLOOD.

The necessity of a due proportion of iron in the blood is well known to all medical men; when it becomes reduced from any cause whatever, the whole system suffers, the weakest part being first attacked, and a feeling of languor, lassitude, and all gaucerous pervades the system. Stimulants only afford temporary relief, and have the same effect as giving a tired horse the whip in stead of oats. The true remedy is to supply the blood with the necessary quantity of iron. This can be done by using the

Peruvian Syrup,

a protected solution of the protoxide of Iron, which is so prepared that it assimilates at once with the blood, giving strength, vigor and new life to the whole system.

To take medicine to cure diseases occasioned by a deficiency of iron in the blood, without restoring it to the system, is like trying to repair a building when the foundation is gone.

An eminent divine says: "I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

Pamphlets containing certificates of cures, and recommendations from some of the most eminent physicians, clergymen and others, will be sent free to any address.

The genuine has PERUVIAN SYRUP blown in the glass.

J. P. DINSMORE, Proprietor
No. 36 Dey St., New York.
Sold by all Druggists. 95

BY ITS USE

Gray or Faded Hair is quickly restored to its youthful color and beauty, and with the first application a beautiful gloss and delightful fragrance is given to the Hair.

Manufactured by
S. R. VAN DUZER & CO.
Wholesale Druggists,
35 Barclay Street and 40 Park Place,
New-York, and
266 High Holborn, London, Eng.

Arnot's Arnica Anodyne.

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of ARNOT'S ARNICA ANODYNE, I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease." R. MENZIES.

A. A. A. is fast becoming a household remedy throughout Canada, and superseding the other so-called Ready Reliefs and Pain Killers to which sufferers have long resorted. See advertisement. 48

APHONIA CURED.

FELLOWS' COMPOUND SYRUP.

Aphonia or Loss of Voice, is remedied in a short time, no matter whether the cause be from inflammation of the living membrane, from cold, or from nervous derangement.

MR. FELLOWS:—

Dear Sir,—Some three months ago one of my daughters lost her voice, and was for a long time was unable to speak above a whisper; it continued so long we became anxious, and resorted to every means we could hear of, but without any good effect. She was advised by a friend to use your Compound Syrup, and strange to say, one hour after taking the first dose her voice was completely restored.

Yours truly,
J. S. ARMSTRONG.

Greenhead, N. B., January 1867.
Sold by Apothecaries. Price $1.50 per bottle, or 6 for $7.50.
JAMES I. FELLOWS, Chemist,
St. John, N.B.
FRANCIS CUNDILL & CO.
Wholesale Agents,

R. R. R.

The high praise emanating from people in all parts of the world that have derived benefit from the use of RADWAY'S REMEDIES, proves their title to confidence. There is no pain so severe no disease so malignant or swift in its destruction of life, but that the READY RELIEF will stop the pain and arrest it in its progress. Every one has heard of it, if not tried it. Let those who have not used it, if sick, give it a trial. A few minutes will prove its power of stopping pain. See Dr. Radway's Almanac for 1868.

PATENT IRON-CLAD
PIANO FORTES!

John Breden, Jr.,
MANUFACTURER,
The only Purchaser and Proprietor of John C Fox's Patents).

At the original and principal Factory,
Corner Princess & Ontario Sts.,
KINGSTON, ONT.

THE reputation of these Pianos is fully established and their qualities appreciated throughout the Province, and still further improvements have been introduced in the action which renders them unparalleled for BRILLIANCY AND EQUALITY OF TONE, ELASTICITY AND INSTANTANEOUS REPETITION OF TOUCH, which last is of much importance in the performance of rapid passages. In addition to these the Aigraffe system has been introduced, extending throughout the Scale.

Another great improvement in the action of these Pianos is the bushing of all pivot bearings, which renders the action perfectly noiseless after being in use for years.

The public and intending purchasers are respectfully invited to visit the Factory and inspect the instruments, which will bear the examination and give satisfaction to the most critical judges.

The Manufactory possesses the following advantages:—THE EXCLUSIVE USE OF FOX'S IRON-CLAD SOUNDING BOARD, the adoption of every known, and the introduction of many original improvements, and first-class workmen.

Each Piano is guaranteed by a written warranty, and references can be given to parties throughout the Provinces who have been purchasers.

LIGHT HOUSE SUPPLIES.

SEALED TENDERS will be received at the Department of Marine and Fisheries, until Noon of MONDAY, the 10th day of MAY next, for the supply, in bond, of 32,000 gallons of the best quality of COAL or REFINED PETROLEUM OIL.

The Oil is required to be non-explosive, at a vapour test of 115° Fahrenheit, must burn brilliantly, without smoking, until entirely consumed, and not crust the wick, must be free from all deleterious substances, and remain fluid at 10° Fahrenheit. A sample of a quart to accompany each tender.

The Oil to be delivered in iron-bound casks, containing from 30 to 40 gallons each, properly prepared to prevent the oil from permeating the wood, and evaporating from the surface.

The casks to be furnished by the contractor, and their cost included in the price of the Oil.

The Oil to be subject to inspection and test before acceptance, and to be delivered at the contractor's risk in the locality designated by the Department as follows:

5,000 gallons at Quebec—one-half on the 8th JUNE, and one-half on the 20th SEPTEMBER next.
10,000 gallons at Montreal, on the 1st July next.
14,000 gallons at Halifax, N.S., on the 1st July next.
3,000 gallons at Saint John, N.B., on the 1st July next.

Tenders will be accepted for the whole quantity, or for any of the lots above mentioned.

Parties tendering must give their names and addresses in full, also the signatures of two responsible persons, willing to become sureties for the due fulfillment of the contract. The Department will not be bound to accept the lowest or any tender.

By order,
WM. SMITH,
Deputy of the Minister of Marine and Fisheries.
Department of
Marine and Fisheries,

THE NEW PAIN RELIEVER,

IS THE MOST RELIABLE REMEDY for all Pain, of whatever kind, whether internal or external. It is a certain cure for
NEURALGIA, TOOTHACHE, RHEUMATIC AFFECTIONS, INFLAMMATORY SORE THROAT, DIARRHŒA, COLIC, DYSENTERY, CRAMPS, COLDS, DYSPEPSIA, FLATULENCE,
And all Complaints of the Stomach and Bowels.

It is not a weak or untried Medicine, rashly or carelessly intruded on the public attention, but has been used by thousands in this immediate vicinity, as well as elsewhere through Canada, and in every case, as far as known, with the best results. Dr. ARNOT, the eminent Physician whose name it bears, was well known as one of the most distinguished Medical Practitioners in the Empire, and the remedy has been pronounced by all who have experienced its wonderful curative powers as well worthy its author's reputation.

No one need continue a sufferer from pain when by the timely and proper use of A. A. A. the suffering is sure to be alleviated immediately, and in time banished after a few applications. Its taste and odour are both agreeable, so that when taken it gives no offence to the most delicate palate, and when inhaled through the nostrils it refreshes and stimulates the olfactory nerves more than the best Eau de Cologne.

If you suffer from NEURALGIA, use A. A. A.
If you are a martyr to TOOTHACHE, use A. A. A.
If you are afflicted with RHEUMATISM, use A. A. A.
If you are attacked by DIPTHERIA, use A. A. A.
If you have been BURNT, or SCALDED, or STUNG, or FROST BITTEN, or BRUISED, use A. A. A.
If you have CHILBLAINS on your feet or hands, use A. A. A.
If you are troubled with DIARRHŒA, or COLIC, or CRAMPS IN THE STOMACH, use A. A. A.
If you suffer from any painful affection in any part of the body, internal or external, use ARNOT'S ARNICA ANODYNE, and you will not be disappointed
