It in addition, provides the traveller with every comfort and convenience developed by modern railway science. "Safety First," with up-to date equipment, unexcelled dining service, palatial sleeping cars, in a word, everything that a railway can provide for the comfortable transportation of its passengers, including courtesy.

Attractive Dining Car Service

Probably nothing helps more to make a railway journey really enjoyable than a visit to the "Dining Car," especially if it be a Canadian Pacific Dining Car, where the passenger is assured of the highest form of efficiency in the culinary art, the choicest provisions that the market affords prepared on the scientific principle known as "Dietetic Blending."

IN LOVING MEMORY

One of the best that God could lend,
A loving brother and faithful friend;
His sufferings were great, his pain severe,
But he bore it with patience 'till God drew near;
Then, bidding us all a last farewell,
He quietly went home, in heaven to dwell.

And dwell on the memory of days that have been.

Intended For Last Week

The Red Cross lawn social and bazaar held at Mr. Lewis Sleirdown's, on Friday evening last proved a splendid success. Notwithstanding the threatening weather, there was a large attendance which, as well as being a substantial help financially, is a great encouragment to the ladies of the society, from whom we hear many expressions of appreciation of the assistance generously contributed in money, articles and talent. A game of baseball between Kimberley and Eugenia ladies resulted in favor of the latter team. Mr. George Mitchell of Flesherton, ably occupied the chair and led off the program with a good address. Among those taking part were Rev. Kendall, Dundalk, Mrs. H. Doran, Miss Stevens, Miss Achison, D. Blakey and Jno. W. McKee The receipts amounted to about $92.00

Your correspondent has planted an early potato which he was lucky enough to secure and is anxious awaiting the result, if favored with even a ten fold yield, we may invest part of the proceeds in one of these shiners.

Mrs. Quinn and son of Bethel, visited with the former's sister, Mrs Lyons.

Miss Magee of Toronto, visited with her cousin, Miss Cornfield.

Miss Turner of Heathcote, visited with her sister, Mrs. John Wilkinson.

Scarcely a day goes by but one reads in the daily papers of some child, carelessly running out on the street, being knocked down by a motor. It is a common occurrence to see children running backwards and forwards across the street ahead of cars, apparently taking pride in their ability to get as close as they can to the approaching vehicle. Such a practice is very risky as a slip might throw the child under the wheels of the car, causing very serious injury if not death. Parents will do well to warn their children very strictly against indulging in this foolish trick.—Barrie Examiner.
