Two-thirds of the entire Profits, without any deduction for expenses of management, are allotted to the Assured. This arrangement will be found to be more advantageous to the Policy-holders than an apparently larger proportion of the Profits, subject to the expenses of management. The Profits are declared at the end of every five years, and the share of the Policy-holders may be appropriated either in increase of the Sum Assured, or as an immediate Cash payment.

PATENT IRON-CLAD
PIANO FORTES!
John Breden, Jr.,
MANUFACTURER,
The only Purchaser and Promoter of John C. Fox's Patents),
At the original and principal Factory,
Corner Princess & Ontario Sts.,
KINGSTON, ONT.
THE reputation of these Pianos is fully established and their qualities appreciated throughout the Province, and still further improvements have been introduced in the action which renders them unparalleled for BRILLIANCY AND EQUALITY OF TONE, ELASTICITY AND INSTANTANEOUS REPETITION OF TOUCH, which last is of much importance in the performance of rapid passages. In addition to these the Aigraffe system has been introduced, extending throughout the Scale.
Another great improvement in the action of these Pianos is the bushing of all pivot bearings, which renders the action perfectly noiseless after being in use for years.
The public and intending purchasers are respectfully invited to visit the Factory and inspect the instruments, which will bear the examination and give satisfaction to the most critical judges.
This Manufactory possesses the following advantages:—THE EXCLUSIVE USE OF FOX'S IRON-CLAD SOUNDING BOARD, the adoption of every known, and the introduction of many original improvements, and first-class workmen.
Each Piano is guaranteed by a written warranty, and references can be given to parties throughout the Provinces who have been purchasers.
