Dynes-Rowe Nuptials

The marriage of Carlotta Lillian, only daughter of Mr. and Mrs. A. W. Rowe, of Dundalk, to Mr. Oliver W. Dynes, B.S., M.S.A., of Ithaca, N.Y., took place in the Methodist church, Dundalk, Wednesday. Sept. 5, at 2 p.m. The ceremony was performed by Rev. George Waugh. The ushers were Mr. George Hanbury of Dundalk and Mr. Thomas Rowe of Whitby, cousin of the bride. The church had been beautifully decorated by the ladies of the congregation with white chryeanthemums, ferns and plants of rare beauty. The bride entered the church on the arm of her father to the strains of Lohengrin's wedding march played by Miss Georgina Barton, cousin of the bride. Miss Emma Smith of Niagara Falls acted as flower girl, and Fred Large of Eugenia as ring bearer, both being cousins of the bride After the marriage eeremony was concluded the bride was presented by Rev. Waugh on behalf of the ladies of the church with a beautiful Bible as a token of esteem and as a remembrance of the home church of which she has been a member since she was seven years of age While the register was being signed Mr. Newton Large of Owen Sound, cousin of the bride, sang with much depth of feeling the wedding song, Because, after which a reception was held at the home of the bride's parents. The happy couple received congratulations from their many friends while standing in a latticed bower banked in with white and pink flowers. Those present were served with a dainty lunch by girl friends of the bride from tables placed on the large lawn. Mrs. F. H. W. Hickling of Flesherton and Mrs.(Dr.) Smith of Shelburne poured tea. The number of and quality of the gifts to the bride go to show the esteem in which she is held by those who had the pleasure of knowing her. We only mention two of them, as they show that her musical abilities were appreciated--a cabinet of silver from her pupils in Shelburne and a large silver platter from the Dundalk Methodist choir.

The wedding gown was white georgetta crepe over white satin with a silk lace beliro outlined in silver over a high white liberty satin girdle with white rope silk. The same embroidery was carried out in the long conventional veil. A wreath of orange blossoms was also worn. The bride carried a wreath of Sunburst roses. Her going away suit was a tailored navy blue worsted with a blue and amethyst brocaded satin blouse and a hat of pansy and amethyst velvet. She also wore a gray corded silk motor coat.

Mr. and Mrs. Dynes left in the evening by motor amorgst showers of confetti and best wishes for a three weeks' trip through Ontario, Quebec and the New England States, and will be at home after October 1st at Ithaca, N.Y., where Mr Dynes is an instructor in Cornell university.

Feversham Items

The farmers are nearly through harvest and have harvested a bumper crop. Fine weather has enabled them to get the crop in in good shape.

Mr. and Mrs. Miller of Vancouver and Mr. and Mrs. Treleaven of Lucknow visited with the Misses Speers last week.

Goldwin McMullen returned to the city Thursday after assisting with the harvest.

The Willing Helpers held a most profitable and enjoyable meeting at Mrs. John Stewart's Friday afternoon, when the sum of $9 was added to the funds.

Shelburne

James Lowndes, a C.P.R. brakeman on the Weston way freight, in charge of Conductor Joseph Walker, met with a serious and painful accident in the yards at Orangeville, as a result of which he has had to have one foot amputated. Lowndes was stepping across the track to turn the switch when the freight was backing down. His left foot caught in the point of the rail and before he could extricate it the wheel passed over, crushing the foot to pulp. Later in the evening the foot was amputated a little above the ankle.

Mildred, the four year old daughter of Mr. and Mrs. William Allen of Violet Hill, sustained terrible burns through a spark igniting her clothing while standing near the kitchen stove. At the time Mrs. Allen had gone out doors and the little girl was standing getting warm by the stove, in which a fresh fire had just been kindled. Nearly all the clothing was burned off her body and she suffered terrible agony from burns received from the chin down to the knees. The little one jumped into bed, while in flames, and covered herself up, causing the blaze to be smothered, otherwise her injuries would have been more severe. Dr Blair of Rosemont was summoned but he is yet doubtful as to whether or not the injuries will prove fatal—Free Press.

Waste Not--Want Not

Food waste in war time is a crime. People in Europe are starving for food. Belgium is devastated and the crusts Canada throws away would be picked out of the dirt and eaten by the starving Belgians, Serbs, Poles and the other unfortunates of the war zone.

Canada wastes an enormous amount of good food every year. The Food Controller gives $50,000,000 as a conservative estimate. Expressed in wheat at $2 a bushel, this would be 25,000,000 bushels whereas we are asked to save but 12,000,000 this year out of normal consumption. Expressed in meat at say 40 cents a pound it would be 125,000,000 pounds, or enough to supply a Canadian army of 500,000 men for 200 days,

The bones thrown into the garbage pails every day contain the essence of hundreds of plates of soup.

The bread thrown there every day is a waste of thousands of loaves.

No bone should leave the kitchen until every scrap of marrow has been boiled out of it; no scrap of bread should ever be thrown away.

The woman who wastes a crust wastes the war effort of the farmer, the miller, the storekeeper and the transportation and delivery men. This is a time when every man's work is valuable to the country to supplement the invaluable work of our soldiers.

Watch everything. Watch against waste in the kitchen and in the pantry. Watch against waste in the cellar and in the dining room. As much food is wasted in the eating as in the cooking.
