LONDON PRESS ON FRENCH AFFAIRS.

London, June 12

The Times to-day has an editorial article on the estate of affairs in Paris. It says that the crowd which demolished the Bastiles sent the Marseilles at midnight. It was not their political power that was to be feared, but it must be remembered that it was a long time since a crowd had disturbed the peace of Paris. The phenomenon was worthy of attention, coming as it did after an election which gave nearly half the voters of the country to the opposition party.

The Daily News also has an article on the subject. The writer says Europe must look to an independent increasing of the minority in the coming Legislatif for the cessation of the armed peace of France, which is hardly less disastrous to the interests of civilisation than a protracted war.

IRISH CHURCH BILL—ANTI-DEMONSTRATIONS.

London June 12

Immense tory demonstrations have been held to-day in various parts of the kingdom. At Manchester over 200,000 were present. Resolutions protesting against the passage of the Irish Church Bill were passed and a monster petition, embodying the substance of the resolutions, was sent to Earl Derby for presentation to the House of Lords. At Liverpool 50,000 persons were present. Speeches were made by distinguished persons and the usual resolutions against the disestablishment of the Irish Church were unanimously adopted.

London June 12

The Times says to-day speaking of the position of the House of Lords on the Irish Church bill:—"The Marquis of Salisbury's anticipation of the situation of the Peers is now realized. We are in a crisis. One of those rare great occasion when the national mind is fully declared. The Lords must defer to the country, otherwise the machinery of the government cannot be carried on owing to the fixed and unalterable constitution. The House of Peers must yield."

NORTH GERMAN CONSULS.

Berlin June 12.

The deputies in the Zolliverein Congress from Baden have proposed that the various North German Consuls should represent the N. G. States also.

CYCLONE AT CALCUTTA.

London, June 12.

Despatches from Calcutta to June 9th state that a severe cyclone had occured there and in the vicinity, doing great damage to buildings in the city and to the shipping in the river below. The dammage to shipping in the harbor is very slight. At last accounts the cyclone was still raging.

## LATER.

THE AGITATION IN PARIS—ARRESTS.

London, June 13.

A large number of arrests were made in Paris yesterday; but the tenor of the latest despatches is reassuring—they state that confidence is returning. Up to midnight last night public order is undisturbed. The troops patrolled the streets and were frequently cheered by the citizens as they passed by.

Telegrams from Paris report that the city has been tranquil throughout the day.

The Duke de Persigny has written a letter to M. Oliver on the subject of further liberal reforms. He says that empire and freedom are not incompatible. A just, firm government can bear the existence of every liberty.

Baron Haussmen, Perfect of the Seine, under whose guidance so many of the improvements have been made in the city of Paris, has resigned his office.

Ismael Pasha, of Egypt, who is making a tour of Europe, yesterday had a pleasant interview with Napoleon.

The city is now entirely tranquil.

THE FRENCH CABLE.

The expedition for the laying of the French cable has commenced its work. Capt. Sherard Osborn telegraphs from Deal to-day that the steamer Great Eastern has cleared all the dangers of navigation at the mouth of the Thames, steaming out into the channel admirably, and will arrive at Portland on Monday. Her tender, the Chiltern, preceded her.

A number of bears are prowling the woods in the neighborhood of Williamson's Mills, Melbourne, and have committed great havoc among the sheep. The farmers have succeeded in trapping quite a number.

## No Tidings Yet.

No tidings of the fate of the steamship United Kingdom, which sailed from New York on the 17th of April for Glasgow, have yet been received. Although consequently fifty-three days out, the agents in New York appear not to have given up hopes of her safety. We fear it will prove one more of the many records of foundering at sea, with the loss of all on board. The United Kingdom was built in Greenock, Scotland, in 1857. She is an iron vessel, of 1,264 tons register, and rated as A 1½ at Lloyd's. She has two decks, a draught of sixteen feet and iron fastenings. She is 225 feet length, 32 feet in breadth, and 20 feet in depth, barque rigged, with iron bulkheads and good security against fire. She was last surveyed in New York in 1869, and belonged to the Anchor line fleet of steamers, trading between New York and Glasgow. Messrs. Henderson Brothers, Glasgow, are the owners and consignees, and the vessel was on a voyage from New York to Glasgow with merchandise and passengers.

## Dis-Allowed Legislation.

We are led into error by a statement which appeared a day or two since in the Toronto Globe in relation to the acts of the Ontario Legislature, which have been disallowed by the Minister of Justice of the Dominion. Not only were we led into error by that statement, but the Courts and the gentlemen of the law profession were also misled. It was not the 'Law Reform Act' that was disallowed, but, as we are informed, 'An Act to amend chapter fifteen of the Consolidated Statutes of Upper Canada, entitled an Act respecting County Courts.' This is a short Act, repealing certain provisions of the Consolidated Statutes of Upper Canada, and changing the tenure by which the County Court Judges hold their offices. It enacts that 'The Judges of the several County Courts holding office when this Act takes effect, as well as the Judges hereafter to be appointed, shall hold their offices during pleasure, and shall be subject to be removed by the Lieutenant-Governor for inability, incapability, incapacity, or misbehavior, established to the satisfaction of the Lieutenant-Governor in Council, anything in the Interpretation Act, or any other Act to the contrary notwithstanding. It also provides that no Junior Judge shall be appointed in or for any county or union of counties in Ontario, and that 'the junior Judge of any county may preside over all or any of the Division Courts within the county, and shall, as regards and such Divisions, have the same duties, powers and authorities as the Judge; and in case of the death, illness or unavoidable absence, or absence on leave, of the Judge such junior Judge shall, during the vacancy caused by the death of the Judge and during such illness or absence, hold the County Court and Surrogate Court, and shall perform and discharge all the ordinary duties and functions of, and shall exercise all the powers vested in, and do all the acts required or allowed to be done by any Judge of such County or Surrogate Court.'

The unconstitutional feature of this Act is that the Local Government assumes the power and authority to dismiss Judges who are appointed and paid by the Dominion Government. This fact was pointed out at the time the Act was under consideration in the Legislative Assembly, but Sandfield was persistent, arrogant, and reckless, declaring that he was responsible for all the legislation of the House, and that he would risk the Act being disallowed, by the Minister of Justice. Only three of the Acts of last session are known to be disallowed, but there are others which will be disposed of in the same summary manner.

'The Law Reform Act' is not disallowed, hence the Recorder's Court do not revive as stated yesterday.—Hamilton Times.

## NEWS OF THE DAY.

WEDNESDAY MORNING, JUNE 16, 1869

CORONER'S INQUEST.—The Inquest on the body of William Ballard, R.A., commenced at Fort Henry on Saturday last, was resumed on Monday afternoon, at Mr. Finley's House, in the Village of Barriefield. Dr. Spurway having made a Post Mortem examination of the body, as directed by the Coroner and Jury, deposed that the deceased died from an attack of Serous Apoplexy, induced by continued intoxication. There was some other evidence produced by the Coroner, but the Jury were so satisfied with Dr. Spurway's testimony, that they unanimously returned a Verdict of Natural Death.

The following cadets obtained second class certificates during the past week:—G. S. Page, Kingston; Lieut. William Millar, Iroquois; Charles O. Orton, Prescott; J. Kerr, Kingston.

**Dr. Wistar's Balsam of Wild Cherry.**

Where this article is known it is a work of supererogation to say one word in its favor, so well is it established as an unfailing remedy for Coughs, Colds, Bronchitis, Croup, Whooping Cough, Asthma, diseases of the Throat, Chest and Lungs, as well as that most dreaded of all diseases, Consumption, with high medical authority has pronounced to be an incurable disease, those who have used this remedy know its value; those who have not, have just to make a single trial to be satisfied that of all others it is the remedy.

**The Rev. Jacob Sechler,**

well known and much represented among the German population of this country, writes as follows;

Hanover, Pa., Feb. 16, 1859.

Messrs. S. W. Fowle & Son, Boston.

Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—Wistar's Balsam of Wild Cherry—it affords me pleasure to recommend it to the public. Some eight years ago, one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of it there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. I would, however, caution the public against imposition because there is a good deal of spurious Wistar's Balsam of Wild Cherry throughout the country.

**R. R. R.**

The high praises emanating from people in all parts of the world that have derived benefit from the use of RADWAY'S REMEDIES, prove their title to confidence. There is no pain so severe, no disease so malignant or swift in its destruction of life, but that the READY RELIEF will stop the pain and arrest it in its progress. Every one has heard of it, if not tried it. Let those who have not used it, if sick, give it a trial. A few minutes will prove its power of stopping pain. See Dr. Radway's Almanac for 1869.

CAUTION—HYPOPHOSPHITES.

**Fellows' Compound Syrup.**

As this preparation is entirely different in its combination and effects from all other remedies called Hypophosphites. The genuine has the name of FELLOWS & Co. blown on the bottle.

FELLOWS' COMPOUND SYRUP

Is prescribed by the first physicians in every city and town where it has been introduced, and it is a thoroughly orthodox preparation.

Fellows' Compound Syrup is free from all nauseating drugs, such as Antimony, Ipecac Squills, &c., and from sedatives such as Opium. It is really an assistant to nature—creating an appetite, causing the food to assimilate, promoting easy expectoration, and imparting strength to all the bodily functions.

Sold by Apothecaries—price $1.50 per bottle or 6 for $7.50.

JAMES I. FELLOWS, Chemist,
St. John, N. B.

Would it not be better to give our youth strong constitutions, and allow the body to grow in proportion to the brain? Children whose brain development is unusually large in comparison with the body, notwithstanding the care judicious parents can bestow, are those who are frequently singled out for a premature final resting place. Why is this? Simply because the functions of the body are too frail to supply the waste going on in the brain, consequent upon active intelligence. Fellows' Compound Syrup is so prepared that it imparts the vital principle directly to the brain, while it assists in developing a vigorous and robust body.

Sold by Apothecaries—price $1.50 per bottle or 6 for $7.50.

**Grace's Celebrated Salve.**

From Mr. James Curing
Mass.

'I was afflicted with a severe felon on one of my fingers, and tried many remedies without relief. My friends induced me to apply your Salve. In two days it extricated the inflammation from my finger so as to enable me to resume my work. I can almost say that the Salve worked like magic, for it effected a cure without leaving a scar. I unhesitatingly pronounce Grace's Salve an excellent remedy and do not doubt it will be appreciated throughout the land.'

**Arnot's Arnica Anodyne.**

A correspondent of the Brampton Times thus writes to that journal: "Some time ago I was attacked with Inflammatory Rheumatism in both limbs and feet, and confined to the house for several weeks. Hearing of ARNOT'S ARNICA ANODYNE, I got a bottle, and after using it a few times obtained the greatest relief. It took all the soreness out of my feet, and I am now able to walk nearly as well as ever. I will always recommend it as the best thing I ever used for that disease."
