KIMBERLEY

(Intended for Last Week)

Rev. S. D. Gaudin, Mrs. W. H. Thurston, Miss Dell Thurston and little friend and Mrs Bibby made a short call on Mrs. S. S. Burritt on Thursday afternoon. We are glad that Rev. Gaudin has succeeded in having his book published, relating to his work among the Indians in the North for 40 years or more. It will soon be off the press and we feel assured of its success.

Mr. and Mrs. J. Kirkpatrick and family attended the Kirkpatrick reunion during the week.

Mr. and Mrs. G. Surbray and son, Roy, of Toronto spent the week end with Mrs. Jas. Lawrence and other friends.

Miss Annie Burritt, Reg.N., and Mrs Piper, Toronto, visited over the holiday with the former's mother and Mr. and Mrs. D. A. Graham.

Miss Thelma Ellis of Toronto spent the holiday with her parents.

Mr. and Mrs. Hutchinson of Toronto visited with Mr. and Mrs. R. Hutchinson.

The W. A. met at the home of Mrs. J. Wickens on Tuesday when 12 were present. Mrs. E. Weber gave a missionary reading. It was decided to hold a sale of work and baking Sept. 12th. The ladies presented Mrs. Buchanan with a quilt in appreciation of her kind helpfulness in the many activities of our community.

We are sorry to report Frank Buchanan receiving a broken ankle while assisting a trucker load logs. The hook came loose, allowing the log to roll and crush the ankle.

Our most sincere sympathy is extended to Mr. Frank Chard and family in the death of a dearwife and mother on Aug. 4. She was in her 80th year and had not been in best of health for some time, but able to be around and do her own house work. She was a very quiet, deeply Christian woman and will be much missed. She leaves one daughter, Mrs. Albert Wilkinson, and one son, Robert, of Kimberley. Interment will be made at Flesherton Thursday August 6th.

Mr. Chas. Thompson is visiting Mr and Mrs. H Thompson, Barrie.

You can always tell a person who brags too much—but it doesn't do any good.

With the war's third summer well under way indications are that Britain will gather the best crop in her history.

Practice These 3 Simple Safety Measures:

Threshing fires will be practically eliminated if these three simple precautions are taken:

1. Use a water sprayer at the base of the blower—supplying 20 to 40 gallons of water per hour according to the dryness of the straw. This will keep down dust which increases fire the moment it starts.
2. Prevent matches, either loose *or in boxes*, from passing through the machine. *Boxes of matches* have proved more dangerous than loose matches. Insist that none be carried by anyone engaged. Obey the Fire Marshal's order posted on the machine.
3. Set the engine or tractor well away from straw or any other readily combustible material. Prevent loads of sheaves from standing or passing near to the engine's exhaust.

Especially in wartime it is every farmer's duty to prevent threshing fires from starting. But if they *do* start, be ready for them. *Keep a barrel of water near the blower—and another near the engine. A flame-proof blanket is an excellent thing to smother a fire the moment it begins: but a coat or a smock will do. Fight by preventing fires.*

AN OLD CANADIAN CUSTOM . . .

When our pioneer grandparents had a big job to do they called in their neighbours. A barn raising brought help from miles around. Skilled barn framers took charge; sides were chosen and competition between teams lent interest to the work. This old Canadian custom was revived when Canada's National War Finance Committee was formed and went into operation. Under the leadership of the National and Provincial Committees—men experienced in the organization and conduct of financial operations—Local Committees were formed in all communities. Co-operation and competition characterized the work. The biggest "raising" in Canada's history got away to a magnificent start.

WE'VE GOT A BIG JOB TO DO NOW

The War goes on. The National War Finance Committee carries on. Some will serve on the committees organized to promote continued sales of Bonds, War Savings Certificates and Stamps. All of us must continue to buy these securities. We must save every dollar, every cent we can—and lend our money to Canada. We must provide the money required to carry on the war—the money required to win the war.

Our fighters must have more ships and tanks and guns and planes. They must have better ships and tanks and guns and planes than the enemy has. We must all work, and save and lend. The safest investments we can find for our savings are Bonds, War Savings Certificates and Stamps—and they will provide money for us to buy things that we will want when the war is ended.
