Notwithstanding the inclemency of the weather on Friday, Feb. 1st, the Red Cross concert was a success, the proceeds amounting to $21.50. Aileen Twohy and Mabel Hoy had made up a very pretty cushion and sold 50 tickets at 25c, making $12.50, or a total of $34 for Red Cross work. Mrs. Levi Betts was the fortunate lady in the drawing. The little girls asked their money to be used to send treats to te the boys in France.

Mr. A. Twohy has moved his family into Jake Williams' residence.

The Eugenia W. I. held a very successful meetingat of Mrs. J. Parliament's last Thursday. Mrs. H. Fenwick of Feversham gave a paper which was much appreciated, the subject being Woman's Work and Worry in War Time. Full arrangements were made to send our boys overseas boxes for Easter. Any donations to this end will be thankfully received. The boxes are to be packed at the home of Mrs. Twohy Feb. 22 in the evening. Anything can be left with the President, Mrs. A. Hoy.

The Jugoslavs.

Why do we write Jugoslavs when south Slavs would do much better? The word simply means south Slavs, its first half being the universal Slav term for "south." It is not written as pronounced, or, rather, it is written as a German would pronounce it. Our phonetic transliteration should be "Yu-go-Slavs," a form which is often used. But "south Slavs" indicates much more intelligibly the great racial unit of some 15,000,000 souls that occupies the whole southwest corner of the dual monarchy abutting on the Adriatic.—London Chronicle.

Excellent speakers, sent by the Agricultural Institute, addressed the branches here on Friday afternoon and evening. Dr. L. M. Smith's talk was a splendid treat to the ladies who were comfortably seated in Mrs. J. C. Wright's parlor. After a brief outline of the work done by the Institute during the year, the Dr. gave a practical talk on food values and the proper feeding of children, and also sketches of her work as health inspector in the public schools throughout the different parts of Canada. After the address a dainty lunch was served by the hostess. Mr. Smith addressed the men in the Orange Hall on various topics of interest to farmers. All who heard him were very much disappointed because he was compelled to leave on the night train before the evening meeting. Dr Smith gave an address on India, where she spent a number of years as medical missionary. She is a splendid speaker and greatly delighted her audience. A recitation and several vocal numbers by some of the young people helped to make the meeting interesting.

The following day he complained of a headache and the next morning (Friday) he was not well enough to leave his bed.
