Pte. Robt. Gilmore arrived home from overseas Saturday night. His coming was not generally known or there would have been a big shout of welcome for him. A couple officers of the R.A.F. from Camp Borden flew over to Dundalk Saturday evening. After circling over the town two or three times they landed their plane on D. Patterson's farm opposite Mayburne school. The surface of the field was soft causing the nose of the plane to dip after the wheels ran a distance on the ground. The propeller blade was broken enough to put the machine out of commission. On landing they enquired for a Cadet who had left Camp Borden for Toronto Friday morning and got lost in this district far out of his course. The Cadet landed at Hugh McLean's farm, 14th Con. Proton, about 11 a.m. Friday. He got into the air at 3 p.m. on Saturday but got lost again in the clouds, landing at R J. Talbot's, near Wareham. It was here the officers previously mentioned, found him and one of them flew with the machine to Camp Borden that evening. The broken propeller was replaced on the plane at Patterson's by a motor crew from camp and the two other aviators flew back Sunday morning. A large number from town and country were out to see the "big birds."—Herald.

The Power House baseball team drove down to our burg Saturday last and in a seven innings game gave our boys a walloping to the tune of 9 to 6. Wm. Harris umpired the game and gave general satisfaction. Next Saturday afternoon the Power House and Eugenia play here.

We are sorry to report Mrs. Alex. Fawcett on the sick list.

Dr. Hall was hurriedly called to Carlsrhue on Sunday evening last to attend Roy Freiburger, the five year old son of August Freiburger, general merchant of that place, who, while sitting on the handle bars of a bicycle, which an elder brother was riding down a steep hill, was thrown violently on his head to the ground, when the front wheel struck a stone and collapsed. The entire scalp was loosened from the head and a big patch torn from the cranium, making a most serious and ghastly wound. The whole top of the head required to be sewed up and, as the lad lay in and unconscious state for over two days, slight hopes were entertained for his recovery. As the mother of the lad died only a few months ago, leaving a husband and family of young children, the incident is a particularly pathetic.—Herald & Times.
