YOU SLEPT WELL THAT NIGHT, DIDN'T YOU?

BUT GEORGE WAS AT DIEPPE!

NICE fellow, George—one of the lads from the office. Remember, you had him out for dinner one night. He made a great fuss over your kids—and your wife was very pleased. And then, all of a sudden, he slipped away and joined up. Left his good job, his girl and his future. And he was at Dieppe, slogging up the beach into a murderous rain of steel—fighting for you and your wife and those kids of yours he played with. And that same night you slept well, didn't you . . . in a soft bed. You had an egg for breakfast too. But George didn't. And *you've* still got a good job and you wear good clothes.

And being conscientious, you worry about these things a bit. But you just haven't been able to push yourself into doing much more than pay your taxes. Well, those taxes aren't enough. Think of what George gave up, and then sit down with your wife and ask yourselves, "What else can we do?" Sure, you've given up a few little luxuries. But there are lots of things yet that you can cut down on. Do it gladly. Because you'll really get a kick out of investing the money you save in Victory Bonds, and in knowing you're not letting George *do it all.*

Just keep thinking about George and what *he* gave up. And remember, those Victory Bonds you buy aren't *giving*—they're *lending* your country money to help protect you. That money will come back to you with interest.

WORK—SAVE AND LEND FOR VICTORY!
