For Gananoque.

Str Pierrepont leaves on Tuesdays, Wednesdays, Thursdays and Fridays at 4 p.m.

☞ For Wolfe Island Ferry see advertisement.

WEDNESDAY MORNING, SEPT. 1, 1869.

COLD.—August is taking a cool departure—Monday night and yesterday were remarkably cold and unseasonable

PASSED AWAY.—Yesterday morning the Rev. Father O'Connor, R. C. Priest at Gananoque, died in the Hotel Dieu, in this city, after a short but severe and exhausting illness. Father O'Connor was a young and active clergyman, and an exemplary christian and his loss will be deeply felt by his late parishioners. Father O'Connor belonged to Kingston and was a graduate of Regiopolis college.

PRINCE ARTHUR.—Mr. Gregory, Agent of the Marine Department, has instructions to get the steamer "Napoleon III." fitted up to convey Prince Arthur from River du Loup to Quebec, about the 12th inst.

INSPECTION.—The Inspector General of Hospitals has been ordered to assemble Boards to examine invalid soldiers at Toronto, Kingston, Quebec and Montreal so that they may be discharged and sent to England this fall.

THE AMERICAN HOUSE, Boston, has been newly fitted and furnished throughout. The reputation of the senior partner has been too well established by a long test of years to need further indorsement from us.

NEW MAGISTRATES.—A Special Commission for the County of Frontenac has just been issued, and the following gentlemen have been appointed Justices of the Peace, viz.:—J. Shroeder, John Craig, J. A. Allen, B. Van Straubenzie, Esquires.

EXCURSION.—A large party of excursionists from Belleville and all the Bay ports arrived yesterday morning, and after a very short stay proceeded down the river to obtain a view of the beauties of the Thousand Islands. In the evening they passed up again. The boat was crowded to its fullest capacity.

SPORTING.—In consequence of the rain the great LaCrosse match—Montreal vs. the Caughnawaga Indians did not come off.

The national game spreads itself. The tender youths of Oswego have taken kindly to it, and many of them have become quite expert with the netted crook.

The Oswego Palladium thus speaks of the late Cricket match at Kingston:—"We learn from gentlemen who were present that the game was a poorly played one. Kingston had out the weakest team they have ever been known to play against an eleven from the States. The Syracuse men were very weak at the bat, and in fielding were little better. Bex's wicket keeping and Cowie's bowling being the only positions well played. The St. George's Club could have beaten the whole twenty two yesterday."

OFF THE TRACK.—Yesterday a freight train of 13 cars was thrown off the rails on the Grand Trunk near Ernestown station and in consequence the afternoon express train from the South was delayed many hours. The freight train was not damaged. The afternoon express from the East was an hour and a half late.

POLICE COURT, Tuesday.—Stephen Anderson, for being drunk, paid a fine of $2, and Wm. Graham paid the same amount for having been similarly situated, with an addition of $1 for the liberty he took of abusing Mr. S. Phippen—a dear privilege.

Trichina has made its appearance in Chicago, prostrating a family of eleven, exciting the authorities and causing the local papers to blossom all over with extended descriptions of the patients and their pains. The disease originated from one porker, and there is no danger of its spreading.

Bravery.

MAKING THE BEST OF AN ACCIDENT.

A terrible accident is reported from Malta. Some officers of the garrison, thinking to compliment the inhabitants of the Island on one of their great festivals, that of the Madonna of Mount Carmel, added to the illuminations provided by the Roman Catholic authorities by fixing a number of lights from the stores which were understood to be kept for the purpose of lighting up the port in the case of a night attack. The pieces were pear-shaped and about two feet in length, but as soon as they were fired, they delivered a storm of grape shot. Fortunately, although there were crowds of spectators, little or no harm was done. The officers, seeing the mistake they had made, rushed forward, at the risk of annihilation, and threw several of the infernal machines into the sea, when they exploded under the water with a tremendous noise.

Oxford and Harvard, 1870.

If the Oxford crew are the plucky fellows we all take them to be, they will not rest on their easily won laurels, but cross over, like the equally plucky Harvardians, and row them again in American waters. The Harvard boys, owing to their spirit, careful training and modest, but yet confident assurance, deserved a better fate, and it would be only right to give them their revanche on the Charles River, Lake Quinsigamond, or any of the other New England courses. We hail the Oxford race as a triumph of English skill and bottom, but it none the less diminishes our esteem for the sinewy young athletes who carried the American colors and relied for victory upon American boats and American style.

BOILS.

Like the volcano, Boils give issue to the foul and fiery contents of the deep interior. To remove the cause of such suffering it is only necessary to vitalize the Blood by supplying it with its Life Element, IRON.

THE PERUVIAN SYRUP,

a protected solution of the Protoxide of Iron) will do this effectually, and give strength, vigor and new life to the whole system.

Extract of a Letter from Rev. Richard S. Eddy, of Bolton, Mass.

"For years I was a sufferer from Boils, so that my life became wearisome through their frequent and persistent recurrence; finally a carbuncle formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut, and the prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which I had so long been subjected. It was at this time that I commenced taking the PERUVIAN SYRUP. I continued taking it until I had used five bottles; since then I have had nothing of the kind. For years I was one of the greatest sufferers. Other medicines gave me partial and temporary relief, but this remarkable remedy, with a kind and intuitive sense, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."

A 32 page Pamphlet sent free. The genuine has "PERUVIAN SYRUP" blown in the glass.

SETH W. FOWLE & SON, Boston, Proprietors.

Sold by all Druggists, Grocers, and at all country stores. 196

Distinct Vision.

THE CELEBRATED

Pantescopic Spectacles

ARE constructed in accordance with the philosophy of Nature, in the form of a

CONCAVE-CONVEX ELLIPSIS.

They are admirably adapted to the Organs of Sight, and afford the best artificial help to the human vision ever invented. A peculiar and important feature in these Spectacles is witnessed where people have been obliged to resort to Glasses from physical debility having temporarily affected their vision. In such cases the eye regains its healthy powers, and the Glasses can be laid aside without injury; while other kinds of Spectacles, when once worn, cannot be dispensed with.

Kingston, April 21, 1869. 69

CARRATRACA,

Mineral Spring Water,

FROM THE

Carratraca Mineral Springs,

PLANTAGENET, ONT.

THESE MOST AGREEABLE AND refreshing Waters, by their continued use, afford, in all cases of Constipation, Hemorrhoids, or Piles, Determination of Blood to the Head, Hepatic Affections, Diseases of the Liver, Jaundice, etc., Lepra, Chlorosis, Dyspepsia, Disordered Condition of the Digestive Organs, consequent on high indulgence and intemperance, Gout and Chronic Rheumatism, in Scrotula and Scrofulous Complaints, Enlargement of the Glands, etc.

Immediate Relief and Eventual Cure

Their combination being perfect, their merits unequalled in every respect they stand unsurpassed in the whole long list of Mineral Waters, and must take their rank at the head of all others.

DIRECTIONS FOR THEIR USE.

As a Laxative and Diuretic, the most obstinate case of habitual Costiveness will yield to two or three tumblerfuls taken BEFORE BREAKFAST, one tumblerfu generally being sufficient.

As an alterative Tonic a tumblerful three to six times per diem.

As a cool and refreshing drink, any desired quantity may be taken at pleasure.

The Carratraca Mineral Waters are on sale by all the principal Druggists in Kingston, throughout Canada and the United States.

All communications must be addressed to the proprietors,

WINNING, HILL & WARE.

Office: 389 & 391 St. Paul St., Montreal.
