WE'RE GOING TO NEED SO MANY THINGS WHEN THE WAR ENDS ...*things that are hard to get now*

Every day, almost, we find that something else is getting scarce. So often, we are told "they're not making it any more". Factories are making guns instead of ploughs, tanks instead of tractors, planes and shells instead of stoves and beds. We'll have to replace so many things when the war ends . . . things we can't buy now.

MONEY INVESTED IN VICTORY BONDS

will provide the cash to buy them

TWO WAYS TO BUY VICTORY BONDS NOW

—with Cash

... in one lump sum, with money we have saved. There is no safer investment . . . no better way to protect our savings.

Or—we can buy bonds and pay for them through our banks in monthly instalments. As the instalments come due the bank will charge them to our accounts.

—with Produce

Farm folk can pay for Victory Bonds in another, convenient way—by using the "PRODUCE FOR VICTORY" TICKET. By simply signing a "Victory Ticket" you can authorize those who buy produce from you to send all or part of the proceeds to the War Finance Committee to buy Victory Bonds for you. (Ask your local War Finance worker for details.)

WHAT A VICTORY BOND IS

Look at a dollar bill. A dollar bill is like a *bond*. It's a promise to pay to the man who has it. You get bills when you sell things and pay them out when you buy things. A Victory Bond is "a bill" intended to be saved. When you keep a $100.00 Victory Bond for a year you receive an additional $3.00. (3% interest). Buy all the Victory Bonds you can—*lend money to Canada* to help to win the war. Save your bonds to have money for things you'll need when the war ends.
