"Now WE hold a Mortgage on Canada Ma!"

"Sure we're working harder than ever—but that never hurt anybody. We're working longer hours and putting our money away in Victory Bonds. Now we'll be *paid* interest instead of paying it.

"When peace comes we'll have money saved to buy new equipment for our farm—might even put up a new barn—maybe take a holiday!

"Meanwhile, we can't think of any safer or better place to invest our money than in bonds backed by our country. And we can't think of any better purpose than helping our fighting boys get the jump on the enemy. When we read about our lads bombing Germany, we can think that maybe we raised one of those bombs on our own farm.

"So that's our plan from now until peace comes. We will work to save and lend. We'll have it to spend later. And we can look forward to getting that new tractor and that fine new automobile we're saving for now."

"We'll be laying up for ourselves the best of all investments—VICTORY BONDS—backed by all the resources of the Dominion of Canada: they yield a fair rate of interest; we can borrow against them; and they are readily saleable when we need cash!

HOW TO BUY
