The New Remedy for Worms in Children or Adults.
BARKER'S
WORM SYRUP.
GREAT difficulty has been experienced in obtaining a medicine that can be administered to young Children in a convenient form. Lozenges, Candy, &c., have not been found to answer the purpose, on account of children refusing to eat them; also on account of the number of worthless preparations now before the public. Thousands of lives are sacrificed for the want of a certain and reliable medicine.
The want of a convenient, and at the same time an effectual medicine, has been long required. This WORM SYRUP will supply that want, and having paid particular attention to its preparation, the Proprietor can with confidence recommend it to the public as a certain, safe and sure remedy for destroying Worms in Children or Adults. It can be administered with perfect safety to the most delicate children, and on account of its pleasant taste children will take it freely. A large number of certificates have been received from parties who have used this Syrup with the greatest success; also from several Physicians, recommending its use.
The symptoms of worms are so well known that it is not necessary here to describe them; but it is a well known fact that thousands of children are hurried to an early grave for want of proper attention.

Distinct Vision.
THE CELEBRATED
Pantescopic Spectacles
ARE constructed in accordance with the philosophy of Nature, in the form of a
CONCAVE-CONVEX ELLIPSIS.
They are admirably adapted to the Organs of Sight, and afford the best artificial help to the human vision ever invented. A peculiar and important feature in these Spectacles is witnessed where people have been obliged to resort to Glasses from physical debility having temporarily affected their vision. In such cases the eye regains its healthy powers, and the Glasses can be laid aside without injury; while other kinds of Spectacles, when once worn, cannot be dispensed with.
