The Safest Way to Invest Your Money

VICTORY BONDS REPAY ...Every Dollar You Invest!

When you buy Victory Bonds you are laying up for yourself the best of all investments, for back of each one is your country's solemn promise that every dollar you invest in Victory Bonds will be repaid to you in full, plus a fair rate of interest. You can borrow against them, and they are readily saleable when you need the cash. And that solemn promise of repayment in full is backed by all the vast resources of the Dominion of Canada.

When the war is over, you will want to buy all the things we must deny ourselves now. Then, your Victory Bonds will give you the money to buy all these — and your purchases will provide new employment for our boys when they come home again.

What's your share of the savings job? Well, the average Canadian would have to lend to Canada to meet Canada's need $1 in every $5 of income left after taxes and compulsory savings have been collected. But the average may not fit your case. Your own circumstances are distinctly your own. You may be able to do better both out of your current income and out of your accumulated savings in the bank—or you may not be able to reach the average. *Your share of voluntary savings is every dollar you can possibly spare.*

HOW TO BUY

Give your order to the Victory Loan salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of $50, $100, $500, $1,000 and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.
