If the weather we have had during the past week was Squaw winter, we are sure the old lady was greatly displeased, as she went at it in earnest. Some of the sideroads were blocked with snow and the snow plow went down on Sunday to clean the highway from under its white blanket. We feel sure the Indian Summer, which looks as though it is here today, Monday, is more welcome.

We save you money

OUR FAMILY went through hard times once. It taught us that you can't keep your independence without foresight and sacrifice. We learned what we could do without when we *had* to. So we know that a real nest-egg means more than just compulsory savings. It means all the War Savings Stamps and Certificates we can lay our hands on.

They're safe. And they're an investment every Canadian should make. Why? Because they help equip our fighting men to protect everything we've got. And because, too, they pay back $5.00 for every $4.00 we put aside now. We've got to win this war no matter what it costs — and we've got to prepare against the time when the boys come home.

Saving is Serving

Buy War Savings Stamps from druggists, banks, post offices, telephone offices, department stores, grocers, tobacconists and other retail stores. Certificates may be purchased for immediate delivery in denominations of $5, $10, $25 from Banks, Trust Companies and Post Offices.
