At the village council meeting on Monday evening Mr. John Wright was appointed Constable for the village, to replace Mr. John Hales, who has held that position ever since the village was incorporated. Mr. Wright now holds the trifold position of assessor, collector and constable. He is also bailiff for this Division Court.

The Hydro Power Commission have purchased certain lots at Eugenia and are having a bylaw passed by the township council closing certain streets from traffic. They propose making a natural park along the brink of the ravine—we cannot call it a falls now—with walks and drives through it, and will erect a pavilion therein. The work of trimming up the beautiful evergreen growth and cleaning up the ground is now under way and visitors to this favorite resort will find pleasant surroundings when they visit the place this summer. This is highly creditable to the Commission and will receive an enthusiastic support by the general public. But will the Commission throw open their big pond to fishermen this summer? The reason given us for closing it was danger of drownings. What about the danger of little people at the park falling over the precipice to their death? It seems to us an excuse for one would be an excuse for the other, and vice versa an argument against one would be an argument against the other. We trust they will allow the fishing and also allow the kiddies to enjoy the park under proper parental oversight.

Mrs. Harry Wilson, whs has been undergoing treatment at Markham, has returned to her home here much improved in health.

Among these are some beautiful thing for presentations. There are also Bibles for old people with large print, pocket testaments and Psalms. Come in and look at them.

A very enthusiastic meeting of the Women's Institute was held in the high school on Wednesday of last week. Mrs. H. Down, the District President, was in attendance and drew the attention of the meeting to extracts from papers read at the Provincial convention, making comments on them. As the County Convention is to be held in Flesherton this year, it was decided to hold it on or about September 17th, subject to the approval of the executive and the Agriculrural Department. Mrs. O. W. Phillips read an excellent paper on "What has the Institute done for you?"

The Advance had a visit last week from Pte. Harry Frost, who a few years ago worked in this office. Harry enlisted in February, 1916, with the Sportsmen's Battalion but almost immediately transferred to the 83rd Battalion in order to get overseas quicely. He went to France on July 28th, 1916, with practically no training. He was first located at Renninghelst and afterward went to the Somme, where he went into action for the first time. On his second attack he was struck in the side with shrapnel and was sent to England, where he remained in hospital for eight months. He did not get back again to France and arrived at St. John on March 30,

Signaller Harry E Thornbury, son of Mr. and Mrs. T. E. Thornbury, Artemesia, returned from France on March 31. He was accompanied home by his cousin, Gunner Victor J. Greenaway, of Winnipeg. Harry Thornbury joined the 147th Greys on Nov. 1, 1915. He took an n. c. o. course, receiving a Corporal's papers. He afterwards joined the Signal section and went with his Battalion to England as Signaller. While at Shoreham camp he acted for some time as a signal instructor, and was sent from there with the 5th C.M.R., with which he was a signaler with the headquarters staff until the end of the war. At one place he was blown out through a window by the explosion of a shell, and again he had his signal flag shot out of his hands by a Hun sniper, but while having many narrow escapes he came home without being wounded.
