News of the Day.

The Globe repeats the denial that Alex. McKenzie, M. P., intends resigning to make way for Mr. Brown.

The Chilian government has granted a subsidy of $20,000 to four bishops to enable them to go to Rome to attend the Council.

The Quebec Parliament will meet on Tuesday, the 23rd November. Mr. Robertson, of Sherbrooke, was sworn in as a member of the Executive, in place of Mr. Dunkin, resigned.

The Railroad Commissioners have concluded their work at Ottawa for the present. Section 11 is awarded to Davis, Gzott and Sutherland, of Halifax, at the bulk sum of $48,000.

It is believed that the steamer Lillian, seized near Nassau as an alleged Cuban privateer, will not be released by the British authorities but be condemned and held as a pirate.

The Lord Bishop of Quebec has appointed Sunday, the 7th of November, to be a day of Thanksgiving for the ingathering of the harvest.

It is understood that the Provincial Arbitrators have agreed upon the gross amount of public debt to be divided between the Provinces, which approaches $11,000,000, and have the mode of division by population and the amount of assets realized of the respective Provinces under consideration.

In the Catholic Church there is just now a movement toward reform in liturgical music. A great number of the laity unite with the clergy in desiring that the music of the church, the Gregorian chant, may become once more—what it was in primitive ages—the chant of the people.

John Martin, the celebrated Irish patriot, is at present staying with friends near London, Ontario, having come to this country for the benefit of his health. Mr. Martin was concerned in the Smith-O'Brien troubles, sent to Botany Bay, and afterwards pardoned. He is now more reasonable, and has no sympathy with the Fenians.

DEBILITY.

Every one at times feels the necessity of something to tone up the system depressed by mental or bodily exhaustion. At such times let every one, instead of taking alcoholic or medical stimulants, which afford only a temporary relief, reinvigorate his debilitated system by the natural tonic elements of the

PERUVIAN SYRUP.

or Protected Solution of the Protoxide of Iron, which vitalizes and enriches the blood by supplying it with its Life Element Iron.

Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Wm. C. Sterling, Esq., of Poughkeepsie, N.Y., says: "Since taking the Peruvian Syrup I feel better, my strength is improved, my bowels are regular, my appetite first rate.

There is an old Physician in this city (older than I am), used the Syrup for three mos. he, and gives it as his decided opinion that it is the best Alterative Tonic Medicine he ever knew."

For Dyspepsia, Debility, and Female Weakness, the Peruvian Syrup is a specific. A 32 page pamphlet sent free. The genuine has "Peruvian Syrup" blown in the glass.

Grace's Celebrated Salve.

From Mr. James Curtin, of Amesbury Mass.

"I was afflicted with a severe felon on one of my fingers, and tried many remedies without relief. My friends induced me to apply your Salve. In two days it entirely stopped the inflammation from my finger so as to enable me to resume my work. I can almost say that the Salve worked like magic, for it effected a cure without leaving a scar. I unhesitatingly pronounce Grace's Salve an excellent remedy and do not doubt it will be appreciated throughout the land.

HOSTETTER'S BITTERS, MISHLER' BITTERS, RICHARDSON'S BITTERS, PLANTATION BITTERS, &c.

There is no form in which distilled spirits or diluted alcohol is presented to the public more likely to create confirmed habits of tippling, and a final and fatal slavery to the cup, than in the forms suggested by the heading of this article. These compound are nothing more nor less than whiskey or rum, disguised by the addition of some bitter barks, woods and roots, of which a man with a tolerable acquaintance with botany might gather a cart-load in almost any patch of woodland in our country. * * * These bitter makers are building fortunes out of the sale of bittered whiskey, and out of the credulity and conscientiousness of thousands in whose impaired nervous systems there is a demand for stimulants or narcotics, and who have yet too much regard for an improved public sentiment, and too much conscience to drink whiskey raw from a whiskey saloon or a bar-room. In a future number of the Advocate I propose to unmask with an unsparing hand of varnish hypocrisy, mock philanthropy and affected sympathy for suffering humanity with which this colored whiskey business is so artfully gilded. In the meantime, let all friends of temperance and lovers of their country and race beware of the whiskey devil disguised as medicine.—Charles Jewett.

Laboratory of Department of Agriculture,

Washington, Dec. 28, 1868.

A. M. F. Gianelli's (of Montreal) "Wine Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity, 1.0009.

Mean of several determinations

Alcohol (by weight).....15.2 00 per cent.
Sugar (cane).....3.37 do.
Do. (fruit).....63 do.

The extraction was abundant, and contained several aromatic odors. Upon evaporation, precipitation and re-precipitation with the usual re-agents, it yielded a substance having the reactions of "Quanthine" of Fauré. Tartaric acid was separable in appreciable quantity and easily detected.

Solution of Nitrate of Silver was not reduced by the liquid ("Bitters") nor was there any other evidence of the presence of Fusil Oil.

This analysis shows that the ethereal principle of Wine (Quanthine) is present in considerable amount—that the peculiar acid of Sherry Wine is also present, and that no traces of Fusil Oil can be detected.

From these reactions it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters," and that no whiskey—as this liquor is usually sold (i.e., without high rectification), has been used in the manufacture.

The greater portion of the alcohol found, certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed)

THOS. ANTICELL, M.D.,
Chief Chemist U. S. Dept. Agriculture.

New-York.

Dear Sir,—Just recovering from a long and severe illness, I received a sample of your "Tonico Reale," and from its use have derived considerable benefit, as I find my appetite and digestion much improved, and hesitate not to recommend it as one of the best and most agreeable Tonics I have ever used.

WILLIAM ARNOLD,
A. B. Trinity College, Dublin; M.R.C.S., London, M.D., New York; Licentiate Royal College, Havana.

A. M. F. Gianelli, Esq., Montreal.

To A. M. F. Gianelli, Esq.

Dear Sir,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stimulating tonic, acting digestion and giving tone to the digestive organs. In your note you informed me of the ingredients. I think it is a most admirable combination; a pleasant, useful, and reliable tonic.

Yours truly,
R. T. COOKE, M. D.,
New York City.

Mr. Gianelli.

From the World-renowned Tragedienne,

MADAME RISTORI.

(TRANSLATION.)

PARIS, BOULEVARD DES MALESHERBES, No. 48, 4th July, 1867.

Al Signor Angelo M. F. Gianelli, Montreal, Canada:

Gentilissimo Signore:

Fearing that a former letter which I addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to—in effect—duplicate it. On my arrival here I opened the two cases of "Tonico Reale" which I purchased from you when in Montreal, and had many opportunities of commending it to the judgment of very many distinguished persons who have honored me with their attentions during my sojourn here.

I have very great pleasure in acquainting you that the Tonico meets with universal approval, both among Ladies and Gentlemen, and for myself I must say that I have derived great benefit from its use.

An eminent chemist of this city says that you committed a grave error in omitting to send a sample to the great Exposition, being assured that it would have received distinguished honor.

As many of my friends are now about habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, together with the bill for the same, on receipt of which I will immediately remit the amount.

With best wishes of your success,
I remain, truly yours,

ADELAIDE RISTORI DEL GRILLO.

In adducing the foregoing unimpeachable testimonials to the salutary properties of my "Royal Italian Bitters," I would earnestly protest against the imputation of being a promoter of the immoderate use of intoxicating drinks. I believe, indeed, that Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and, therefore, have no hesitation in admitting it to be an ingredient in my preparation, with as much of the alcoholic principle as is inseparable from its nature. But I am to spend against the drunkenness or drunkards, and believe that those who have not sufficient self-control to avoid running into excess had better abstain altogether from its use.

Kept by the principal Wine Merchants, Druggists, and Grocers. Retail price 75c. per bottle.
