The Honourable Robert Stanfield
Parliament Buildings, Ottawa, Ontario

Dear Sir:

Firstly, I wish to be one, among a million other Canadians to extend hearty greetings and sincere congratulations on a stupendous and magnificent victory. As the political snowball continued to roll up majorities from East to West and from North to South, local enthusiasm mounted.

The local P. C. Committee rooms overflowed and I can assure you that your friend and Co-Worker Bill Scott was busy for several hours shaking hands with supporters and a cheer went up when the defeated Liberal candidate walked in and had his picture taken with our Bill Scott.

A kindly suggestion! Kindly keep in mind Bill Scott when you are making important decisions and appointments. It is a long, long time since the riding of Victoria and Haliburton had a Cabinet member, a portfolio of some importance. Kindly keep Bill Scott in mind for some mark of your favour.

Again, Congratulations and best wishes for your good Health.

Incidentally, I was one of the Committee to greet you on your last visit to Lindsay.

Sincerely,

FWM/s

C.C. Bill Scott
