Hungerford Railway Meeting.

A meeting of the electors of the Township of Hungerford, was held in the Town Hall, Tweed, on Monday last, for the purpose of treating the feelings of the electors, as to the proposed railway from Madoc to the front, and the propriety of voting an amount towards a survey to Kingston. The Town Hall was crowded with people from different parts of the Township. The following delegates from Madoc were present: Messrs. A. F. Wood, Warden; Dr. Elmer, John R. Ketcheson, John H Dunn, Stephen Reed, E. Mooney and A. Smallfield. James Reid, Esq., was called to the chair, who, after explaining the object of the meeting, called on A. F. Wood, Esq., to address the meeting. Mr. Wood spoke half an hour in explanations, after which speeches were made by other delegates from Madoc, and gentlemen of Hungerford.

The following resolutions were then moved, and carried unanimously:—

"That it is the opinion of this meeting, this Township will give the amount of not more than $100 towards a survey of a Railroad from Madoc to Kingston, provided the road is run near enough to the village of Tweed to be of a material benefit to the Municipality."—Carried.

"That it is the opinion of this meeting, this Township will grant the sum of $10,000 towards a Railroad from Madoc to Kingston, provided a station can be had at Tweed"—Carried.

Messrs. John Newton, Jas. Reid, and J. C. Jameison were appointed a delegation to attend the Kingston meeting.—Carried.

After which a vote of thanks was passed to the delegates from Madoc, and to the chairman.—Intelligence.

DEBILITY.

Every one at times feels the necessity of something to tone up the system depressed by mental or bodily exhaustion. At such times let every one, instead of taking alcoholic or medical stimulants, which afford only a temporary relief, reinvigorate his debilitated system by the natural tonic elements of the

PERUVIAN SYRUP.

or Protected Solution of the Protoxide of Iron, which vitalizes and enriches the blood by supplying it with its Life Element Iron.

Being free from Alcohol in any form, its invigorating effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Wm. C. Sterling, Esq., of Poughkeepsie, N.Y., says: "Since taking the Peruvian Syrup I feel better, my strength is improved, my bowels are regular, my appetite first rate.

There is an old Physician in this city (older than I am), used the Syrup for three months, and gives it as his decided opinion that it is the best Alterative Tonic Medicine he ever knew."

For Dyspepsia, Debility, and Female Weaknesses, the Peruvian Syrup is a specific. A 32 page pamphlet sent free. The genuine has "Peruvian Syrup" blown in the glass.

Grace's Celebrated Salve.

From Mr. James Curlin, of Amesbury Mass.

"I was afflicted with a severe felon on one of my fingers, and tried many remedies without relief. My friends induced me to apply your Salve. In two days it extracted the inflammation from my finger so as to enable me to resume my work. I can almost say that the Salve worked like magic, for it effected a cure without leaving a scar. I unhesitatingly pronounce GRACE'S SALVE an excellent remedy and do not doubt it will be appreciated throughout the land.

HOSTETTER'S BITTERS. MISHLER' BITTERS. RICHARDSON'S BITTERS. PLANTATION BITTERS, &c.

There is no form in which distilled spirits or diluted alcohol is presented to the public more likely to create confirmed habits of tippling, and a final and fatal slavery to the cup, than in the forms suggested by the heading of this article. These compound are nothing more nor less than whiskey or rum, disguised by the addition of some bitter barks, woods and roots, of which a man with a tolerable equalizer with brandy might gather a cart load in almost any patch of woodland in our country. * * * There bitter makers are building fortunes out of the sale of bitered whiskey, and out of the credulity and conscientiousness of thousands in whose impaired nervous systems there is a demand for stimulants or narcotics, and who have yet too much regard for an improved public sentiment, and too much conscience to drink whiskey raw from a whiskey saloon or a bar-room." In a future number of the Advocate I propose to unmask with an unsparing hand of smooth hypocrisy, moth philanthropy and affected sympathy for suffering humanity with which this colored whiskey business is so artfully gilded. In the meantime, let all friends of temperance and lovers of their country and race beware of the whiskey devil disguised as medicine.—Charles Jewett.

"Look here, upon this picture and on this"—SHAKESPEARE.

COPY.

Laboratory of Department of Agriculture, Washington, Dec. 28, 1869.

A. M. F. Gianelli's (of Montreal) "Wine Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity, 1.0009.

Mean of several determinations

Alcohol (by weight)	15.200	per cent.
Sugar (cane)	3.37	do.
Do. (fruit)	63	do.

The extraction was abundant, and contained several aromatic odors. Upon evaporation, precipitation and re-precipitation with the usual re-agents, it yielded a substance having the reaction "Quanchine" of Faure. Tartaric acid was separable in appreciable quantity and easily detected.

Solution of Nitrate of Silver was not reduced by the liquid ("Bitters") nor was there any other evidence of the presence of Fusil Oil.

This analysis shows that the ethereal principle of Wine (Oenanthin) is present in considerable amount—that the peculiar acid of Sherry Wine is also present, and that no traces of Fusil Oil can be detected.

From these reactions it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters," and that no whiskey—as this liquor is usually sold (i.e., without high rectification), has been used in the manufacture.

The greater portion of the alcohol found, certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed)

THOS. ANTICELL, M.D.,

Chief Chemist U. S. Dept. Agriculture.

To A. M. F. GIANELLI, Esq.

DEAR SIR,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stimulating tonic, aiding digestion and giving tone to the digestive organs. In your note you informed me of the ingredients. I think it is a most admirable combination; a pleasant, useful, and reliable tonic.

Yours truly,

R. T. COOKE, M. D.,

New York City.

MR. GIANELLI.

From the World-renowned Tragedienne,

MADAME RISTORI.

(TRANSLATION.)

PARIS, BOULEVARD DES MALESHERBES, No. 48, 4th July, 1867.

Al Signor Angelo M. F. Gianelli,

Montreal, Canada:

Gentilissimo Signore:

Fearing that a former letter which I addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to—in effect—duplicate it. On my arrival here I opened the two cases of "Tonico Reale" which I purchased from you when in Montreal, and had many opportunities of submitting it to the judgment of very many distinguished persons who have honored me with their attentions during my sojourn here.

I have very great pleasure in acquainting you that the Tonico meet with universal approval, both among Ladies and Gentlemen, and for myself I must say that I have derived great benefit from its use.

An eminent chemist of this city says that you committed a grave error in omitting to send a sample to this great Exposition, feeling assured that it would have received distinguished honors.

As many of my friends are now almost habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, together with the bill for the same, on receipt of which I will immediately remit the amount.

With best wishes of your success,

I remain, truly yours,

ADELAIDE RISTORI DEL GRILLO.

In adducing the foregoing unimpeachable testimonials to the salutary properties of my "Royal Italian Bitters" I would earnestly protest against the imputation of being a promoter of the improper use of intoxicating drinks. I believe, indeed, that Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and, therefore, have no hesitation in admitting it to be an ingredient in my preparation, with as much of the alcoholic principle as is inseparable from its nature. But I am no apologist for drunkenness or drunkards, and believe that those who have not sufficient self-control to avoid running into excess had better abstain altogether from its use.

Kept by the principal Wine Merchants, Druggists and Grocers. Retail price 75c. per bottle.
