Religious Tract Society Meetings at the Sons of Temperance Hall, Princess Street, every Sunday afternoon from 4:15 to 5:30 o'clock.

SATURDAY MORNING, NOV. 6, 1869.

Literary Society.—We are glad to learn that an Association of Young Men for the purpose of mutual improvement in study, has been formed at Williamsville in connection with the Mission of St. Thomas. The members will read original papers on historical and other literary subjects, the merit of each paper to be determined by vote of those present. Young men desirous of joining this branch of the Mission, and willing to study, may apply to James Metcalf, Esq., Williamsville.

Choked to Death.—On Monday last a child of Mr. Augustus Sherts, of Napanee, was choked to death by swallowing a piece of screw nail. Medical aid proved of no avail.

☞ Father McMahon is in New York.

A Storm.—Lieut. Saxby, R.N., was not far astray in his prediction of a heavy storm between the 1st and 3rd of this month, on this continent. The storm was looked for with interest, if not anxiety, and though it did not come up to time, nevertheless fulfilled the prophecy in some degree. On Thursday afternoon there was a perfect calm, but at night the wind rose, was followed by a very heavy rain storm and has since held high carnival. Of course there is no means of judging yet how seriously it was felt elsewhere, but here so far it has done no damage, beyond trying the patience of not over sure-footed pedestrians, and disturbing marine operations.

Oswego Harbor.—Notice is given that the new pier extends in a northerly direction 430 feet from the old pier head and 505 feet from the light house. The outer portion of the extension is under water and no light is shown.

The Escape from the Penitentiary.—The two escaped Indian convicts have not turned up, nor are they likely to be caught, while the natural fact or strategy of the Indian character remains. It is believed that the trail given by the two Indians seen at Odessa on Tuesday night, was merely a feint to draw the pursuers off the real scent. One of the convicts was sentenced to imprisonment for life for rape; the other was fulfilling a sentence of 21 years, 14 years of which has been served.

It is reported that one of the guards of the prison, Mr. Hunter, has been dismissed, in connection with the escape. Fitzgerald, the man convicted in the Police Court of taking letters and journals to and from the convicts, has been discharged from his office of guard.

The Market.—No change was effected in the grain market—almost nominal in the absence of heavy receipts. Barley, 70c.; Rye, 80c.; Peas, 65c., firm. Farmers to-day must anticipate a decline in Pork of 25 cents in the dollar in the old price—from $8 to $9 per 100 lbs. This fall is not the least surprising because agents are buying here for Montreal and New York houses, and might be expected by their additional demand to increase rather than deteriorate prices.

The Gunpowder Plot.—Yesterday, the 5th of November, was the time-observed anniversary of this plot. No celebration or observance was made here, and as on many previous anniversaries it was permitted to pass by unnoticed, but not forgotten. The lecture of Tuesday night was in reality a recognition of its recurrence, and circumstances alone prevented its being made more evident by having the lecture delivered last evening. The day is being honored very judiciously in other cities—in Ottawa, for instance, by a Soiree.

The Hon. Mr. Alexander, Mr. Ferrard and Mr. Mead, have been appointed a committee to value the assets of the Bank of Upper Canada.

The R. C. Rifles had their first parade of the season yesterday.

A telegram announces the death in London of George Peabody, the millionaire, who made such a noble use of his wealth. The event was not unexpected, as his health had long been failing.

Theft at Napanee.—On Thursday Detective Sergeant McAulay arrested at the Grove a nymph from Napanee, named Mary Daly, on a charge of stealing a silk velvet cape, valued at $30, from the Soby House in that town. He escorted the frail damsel to Napanee, and handed her over to the tender mercies of magisterial justice.

## Horror!

A FIRE IN AN INFIRMARY—TEN INSANE PERSONS BURNED.

Chicago, Oct. 31

On Friday morning a fire occurred in the Licking County Infirmary, near Granville. The stone and frame buildings were destroyed. The former was occupied by ten insane persons, and when the fire was discovered it was too late to rescue them, they being locked in their rooms, and all perished. The victims' names are John Devon, Moses Carroll, B. J. Morten, William Van Dyne, George Criner, Samuel Clark, John McManus, Frank Martin, Julia Morgan and Mrs. Rostover. The fire originated from the furnace.

The following Remedies are all old and well established and thousands have been benefited by their use. They are for sale by druggists generally.

HOSTETTER'S BITTERS. MISHLER' BITTERS. RICHARDSON'S BITTERS. PLANTATION BITTERS, &c.

There is no form in which distilled spirits or diluted alcohol is presented to the public more likely to create confirmed habits of tippling, and a final and fatal slavery to the cup, than in the forms suggested by the heading of this article. These compound are nothing more nor less than whiskey or rum, disguised by the addition of some bitter barks, woods and roots, of which a man with a tolerable acquaintance with botany might gather a cart load in almost any patch of woodland in our country. * * * These bitter makers are building fortunes out of the sale of bittered whiskey, and out of the credulity and conscientiousness of thousands in whose inquired nervous systems there is a demand for stimulants or narcotics, and who have yet too much regard for an improved public sentiment, and too much conscience to drink whiskey raw from a whiskey saloon or a bar-room. In a future number of the Advocate I propose to unmask with an unsparing hand of smooth hypocrisy, mock philanthropy and affected sympathy for suffering humanity with which this colored whiskey business is so artfully gilded. In the meantime, let all friends of temperance and lovers of their country and race beware of the whiskey devil disguised as medicine.—Charles Jewett.

Laboratory of Department of Agriculture.

Washington, Dec. 28, 1868.

A. M. F. Gianelli's (of Montreal) "Wine Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity, 1.0009.

Mean of several determinations

| | | |
|---|---|---|
| Alcohol (by weight) | 15.2 00 | per cent |
| Sugar (cane) | 3.37 | do. |
| Do. (fruit) | 63 | do. |

The extraction was abundant, and contained several aromatic odors. Upon evaporation, precipitation and re-precipitation with the usual re-agents, it yielded a substance having the reaction "Quantine" of Faure. Tartaric acid was separable in appreciable quantity and easily detected.

Solution of Nitrate of Silver was not produced by the liquid ("Bitters") nor was there any other evidence of the presence of Fusil Oil.

This analysis shows that the ethereal principle of Wine (Oenanthine) is present in considerable amount—that the peculiar acid of Sherry Wine is also present, and that no traces of Fusil Oil can be detected.

From these reactions it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters," and that no whiskey—as this latter is usually sold (i.e., without high rectification), has been used in the manufacture.

The greater portion of the alcohol found, certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed)

THOS. ANTICELL, M.D.,
Chief Chemist U.S. Dept. Agriculture.

To A. M. F. Gianelli, Esq.

Dear Sir,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stimulating tonic, aiding digestion and giving tone to the digestive organs. In your note you informed me of the ingredients. I think it is a most admirable combination; a pleasant, useful, and reliable tonic.

Yours truly,
R. T. COOKE, M. D.,
New York City.

Mr. Gianelli.

From the World-renowned Tragedienne,
MADAME RISTORI.

(Translation.)

Paris, Boulevard des Malesherbes, No. 48. 4th July, 1867.

Al Signor Angelo M. F. Gianelli,
Montreal, Canada:

Gentilissimo Signore:

Fearing that a former letter which I addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to—in effect—duplicate it. On my arrival here I opened the two cases of "Tonico Reale" which I purchased from you when in Montreal, and had many opportunities of submitting it to the judgment of very many distinguished persons who have honored me with their attentions during my sojourn here.

I have very great pleasure in acquainting you that the Tonico meets with universal approval, both among Ladies and Gentlemen, and for myself I must say that I have derived great benefit from its use.

An eminent chemist of this city says that you committed a grave error in omitting to send a sample to this great Exposition, being assured that it would have received distinguished honor.

As many of my friends are now almost habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, together with the bill for the same, on receipt of which I will immediately remit the amount.

With best wishes of success,

I remain, truly yours,
ADELAIDE RISTORI DEL GRILLO.

In adducing the foregoing unimpeachable testimonials to the salutary properties of my "Royal Italian Bitters," I would earnestly protest against the imputation of being a promoter of the improper use of intoxicating drinks. I believe, indeed, that Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and, therefore, have no hesitation in admitting it to be an ingredient in my preparation, with as much of the alcoholic principle as is inseparable from its nature. But I am no apologist for drunkenness or drunkards, and believe that those who have not sufficient self-control to avoid running into excess had better abstain altogether from its use.

Kept by the principal Wine Merchants, Druggists and Grocers. Retail price 75c. per bottle.
