LACROSSE MATCH.—Should the weather be on its good behavior this afternoon about one o'clock, which is not at all certain, the Kingston La Crosse Club and Kingston Butchers' Club will play a return match on Barriefield Common.

—— The match is off. The fates and not the weather this time are to blame. Last evening the B. L. C announced that, owing to the absence of some of the Club, they could not meet their opponents, and the match is consequently off, on a more provoking plea than that which was used to bring the Kingston Club into disrepute not long ago. The K. L. C. will meet as appointed to practice among themselves.

"Tired Nature's Sweet Restorer, Balmy Sleep." But there are times when this "Renewer of Strength" is denied us, times when our minds and bodies have been so over-worked and are so worn out that we "woo the drowsy god in vain." The Peruvian Syrup (an Iron Tonic,) renews our strength and makes our rest sweet and refreshing.

North Renfrew Election.

FIRST DAY'S POLLING—A CLOSE CONTEST.

The polling commenced in this constituency on Tuesday, and it will be seen from the figures below that the contest is a close one:—

	Hincks.	Findlay.
Pembroke Village	49	35
Pembroke Township	30	16
Alice	34	19
Stafford	24	18
Westmeath	50	118
Ross	45	82
Bromley	66	12
Petewawa	6	7
Wilberforce	29	26
North Algona (not heard from)	00	00
Ralph	3	5
	336	339

Findlay's majority... 2

An other report gives Findlay seven majority in these places. North Algona is the only township not heard from. It has been considered a stronghold of Hincks', and we have little doubt yesterday gave him a majority, but how much we have no means of estimating.

Hudson's Bay Company.

We are in a position to state that the payment of the £300,000 by Canada to the Hudson's Bay Company will be made on or before the 1st of December next, on on that day the North West territory will be included by proclamation as part of the Dominion. The money will probably be immediately raised by a loan on the market under the Imperial guarantee, or, failing this, the Hon. Mr. Rose is authorized to make other arrangements, so that the money under any circumstances may be handed over to the company before the 1st of December next.—London Canadian News, Oct. 18.

FATHER MCMAHON.—At a Fenian meeting recently held in Philadelphia, the Reverend Father appeared as a speaker. He acknowledged that he was present at Ridgeway, not as a priest, but as a Fenian. He strongly advocated another attack on Canada, and promised that whenever it was made he would be found among the "boys in green." Gen. O'Neill also addressed the meeting, paying a high tribute to the "courage and patriotism" of Mr. McMahon, who, he said had made good use of his rifle against the Queen's Own.

Fenian Convicts.

LONDON AMNESTY MEETINGS.

The threatened demonstration, says the Pall Mall Gazette of the 25th, in favor of amnesty to the Fenian convicts came off in London yesterday, and, as it happened not to rain, many thousands of persons congregated in the streets and in Hyde Park to see what was to be seen and to hear what was to be heard. From 12 o'clock to 2, Trafalgar square was in possession of the sort of people who always muster in such numbers on the occasion of a Sunday public meeting. The new rather stale entertainment of a parody on the church service, gone through by a man in cassock, served to amuse some hundreds of persons assembled about the lions till the "demonstrators" proper made their appearance. Most of these distinguished themselves by wearing green scarf, green neckties, or green rosettes, and a young woman who headed the "ladies'" contingent, was attired in green even to her gloves. After some time had been spent in marshalling the procession, a start was made for Hyde Park. Banners were carried bearing various inscriptions; the favorite device was an Irish harp without the crown. Bands at intervals performed the "Marseillaise" and other revolutionary airs. The attempt to hold a public meeting in the park was very much of a failure. The Reformers' Tree has been blown down, and the speakers had to stand as well as they could upon the prostrate trunk. Mr. J. J. Merriman, who was president, made a long speech, in which he disclaimed any sympathy with Republicanism or Fenianism. Resolutions were passed in favor of releasing the prisoners, and a memorial to the Queen was agreed to. The speaking at the tree was tame enough, but artillery of a more excited kind was going on at some of the subsidiary meetings which were put together by speakers who held forth on their own account. One of these, an Englishman, and described as well dressed, is said to have dwelt upon the degradation and misery prevailing among the humble classes. He saw much, he said, of the Irish poor in the west end of London; and by ——, if he were one of them, he would rather see the whole of the aristocracy swept off the face of the earth than that his countrymen should die of starvation. Warming with the applause with which this sentiment was greeted, the speaker went on to say that Irish and English questions were closely mingled, and he warned the governing classes that within a very few weeks a cry would be raised in this country also about the land. Before this winter was over—this statement again the speaker fortified with an oath—there would be such an uprising of the people, that no government, whether Whig or Tory, could resist it. The chairman at this meeting read a notice that on the occasion of the Queen's visit to the city, "a manifestation of unemployed workpeople" would take place. The notice exhorted the unemployed to attend "in tens of thousands," and to raise the cry of "Work! Work!! Work!!!" The meetings were not attended with any disorder worth speaking of, and there was no imposing display of police. The Commissioners had, however, taken the precaution to have no fewer than 1,500 men of all ranks in reserve. The military in the London garrison were confined to barracks in case their services should be required.

FALSE REPORT.—There is about as much truth in the report that Mr. Supple cuts timber limit at an unusual price and in an unusual way, as a prince has on his wedding cake. Strange, there is no end to the rumors flying around about Mr. Rankin, one of which made him Collector of Customs at Ottawa, another assigned him a place in the Customs department, and yet another an Inspectorship of Inland Revenue in New Brunswick. Tales are easily manufactured.—Citizen.

The following Remedies are all old and well established and thousands have been benefited by their use. They are for sale by druggists generally.

In two days it extracted the inflammation from my finger so as to enable me to resume my work. I can almost say that the Salve worked like magic, for it effected a cure without leaving a scar. HOSTETTER'S BITTERS, MISHLER' BITTERS, RICHARDSON'S BITTERS, PLANTATION BITTERS, &c.

There is no form in which distilled spirits or diluted alcohol is presented to the public more likely to create confirmed habits of tippling, and a final and fatal slavery to the cup, than in the forms suggested by the heading of this article. These compound are nothing more nor less than whiskey or rum, disguised by the addition of some bitter barcks, woods and roots, of which a man with a tolerable acquaintance with botany might gather a cart load in almost any patch of woodland in our country. * * * These bitter makers are building fortunes out of the sale of bitterd whiskey, and out of the credulity and conventionalness of thousands in whose impaired nervous systems there is a demand for stimulants or narcotics, and who have yet too much regard for an improved public sentiment, and too much conscience to drink whiskey raw from a whiskey saloon or a bar-room. In a future number of the Advocate I propose to unmask with an unsparing hand of smooth hypocrisy, mock philanthropy and affected sympathy for suffering humanity with which this colored whiskey business is so artfully gilded. In the meantime, let all friends of temperance and lovers of their country and race beware of the whiskey devil disguised as medicine.—Charles Jewett.

"Look here, upon this picture, and on this"—SHAKESPEARE.

CURE.

Laboratory of Department of Agriculture.

Washington, Dec. 28, 1869.

A. M. F. Gianelli's (of Montreal) "Wine Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity, 1.0009.

Mean of several determinations

Alcohol (by weight)	15.2 00	per cent.
Sugar (cane)	3.37	do.
Do. (fruit)	63	do.

The extraction was abundant, and contained several aromatic odors. Upon evaporation, precipitation and re-precipitation with the usual re-agents, it yielded a substance having the reaction "Oinanthine" of Faure. Tartaric acid was separable in appreciable quantity and easily detected.

Solution of Nitrate of Silver was not reduced by the liquid ("Bitters") nor was there any other evidence of the presence of Fusil Oil.

This analysis shows that the ethereal principle of Wine (Oinanthine) is present in considerable amount—that the peculiar acid of Sherry Wine is also present, and that no traces of Fusil Oil can be detected.

From these reactions it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters;" and that no whiskey—as this latter is usually sold (i.e., without high rectification), has been used in the manufacture.

The greater portion of the alcohol found, certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed)

THOS. ANTICELL, M.D.,
Chief Chemist U.S. Dept. Agriculture.

To A. M. F. GIANELLI, Esq.

DEAR SIR,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stimulating tonic, aiding digestion and giving tone to the digestive organs. In your note you informed me of the ingredients. I think it is a most admirable combination; a pleasant, useful, and reliable tonic.

Yours truly,
R. T. COOKE, M. D.,
New York City.

MR. GIANELLI.

From the World-renowned Tragedienne,
MADAME RISTORI.

(TRANSLATION.)

PARIS, BOULEVARD DES MALESHERBES, No. 48, 4th July, 1867.

Al Signor Angelo M. F. Gianelli,
Montreal, Canada:

Gentilissimo Signore:

Fearing that a former letter which I addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to—in effect—duplicate it. On my arrival here I opened the two cases of "Tonico Reale" which I purchased from you when in Montreal, and had many opportunities of submitting it to the judgment of very many distinguished persons who have honored me with their attentions during my sojourn here.

I have very great pleasure in acquainting you that the Tonico meets with universal approval, both among Ladies and Gentlemen, and for myself I must say that I have derived great benefit from its use.

An eminent chemist of this city says that you committed a grave error in omitting to send a sample to this great Exposition, feeling assured that it would have received distinguished honor.

As many of my friends are now almost habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, together with the bill for the same, on receipt of which I will immediately remit the amount.

With best wishes of success,

I remain, truly yours,
ADELAIDE RISTORI DEL GRILLO.

In adducing the foregoing unimpeachable testimonials to the salutary properties of my "Royal Italian Bitters," I would earnestly protest against the imputation of being a promoter of the improper use of intoxicating drinks. I believe, indeed, that Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and, therefore, have no hesitation in admitting it to be an ingredient in my preparation, with as much of the alcoholic principle as is inseparable from its nature. But I am no apologist for drunkenness or drunkards, and believe that those who have not sufficient self-control to avoid running into excess had better abstain altogether from its use.

Kept by the principal Wine Merchants, Druggists and Grocers. Retail price 75c. per bottle.
