Born—At Regina, on April 15, 1919, to Mr. and Mrs. Harve Lunam (nee Florence Carr) a daughter.

Miss Hazel Honry returned to Toronto on Friday after spending the past fortnight with her parents here.

Mr. Harold Mathewson and bride of Toronto were guests during the past week of the former's aunt, Mrs. W. A. Armstrong.

The death occurred on May 2 of Miss Mary Stewart after an illness of nine days of pneumonia, aged 54 years. The funeral took place from her brother Alex's resideuce, near Priceville.

There are some who still do not realize our new terms of subscription, If your subscription goes six months overdue it will be $1.50. By paying promptly you save fifty cents.

Mr. O. W. Phillips was taken suddenly ill on Saturday morning with severe pain in the region of the heart, and his many friends were much concerned about him. He pulled through, however, and was back in the harness shop on Monday.

The heavy rains of last week put a thorough stop to farm work, and left the roads in bad shape. The coming of these rains, however, saved many lives, as the local fishermen were debarred from their sport for the first few days of the season.

The net national debt of Canada is about $1,500,000,000. Figuro this out on an eight million basis of population and you will then know exactly how much every man, woman and child has got to pay for their fight for liberty.

Owing to illness the Eugenia W. I. have postponed their annual meeting from Wednesday, May 7, to Wednesday, May 14, at 2.30 o'clock, to be held at the home of Mrs. A. Hoy. Roll call, membership fees. A paper will be given by Mrs. H. Fenwick and a report of what Red Cross work we have done in the past year—Mrs. A. Hoy, Sec.

Two of the new county Ford tractors and a grader graded up the road between Flesherton and Markdale last week, and the rains came and descended thereon and behold—a quagmire! Many people think the tractors are not strong enough for the work and that the committee have made a bad bargain by purchasing them. The fact remains that one of them will not pull the grader through any kind of tough soil. When such is struck two of them have to be hitched on. Judging by the roars of the engine we would also expect them to use a lot of coaloil to cover the work, and also that their life would be short. Mr. Boland, the overseer, thinks they are all right, and perhaps they are, but one of the Owen Sound papers is inquisitive as to why tenders were not asked for this road machinery and a trial made before purchasing. The committee will have an opportuuity to explain their position at next meeting of County Council.

The Upper Canada Bible Depository, kept at The Advance office, has just received a complete stock of Bibles, ranging in price from 50c. to $5.25. Among these are some beautiful thing for presentations. There are also Bibles for old people with large print, pocket testaments and Psalms. Come in and look at them.

I have turned over the farm to my son and will now be at the mill every working day, holidays excepted, to attend to chopping and gristing. We will clean your seed grain at 5c. per bag. Your patronage solicited. P. Loucks, Flesherton.

Any person desiring to build a house, drive shed or barn, should attend Mr. Fadden's sale in the Orange Valley on May 9. This is a genuine sale of everything on the place. There are between 35 and 40 thousand feet of lumber of all kinds, including pine, and 1100 shingles. Lumber can remain till after spring work is done.

Is it noi about time the country editors were striking for an eight hour day, with double pay for overtime, a minimum income of $5 per day, the payment of all arrears subscriptions by the State, old age pensions or a retiring allowance, two months' holidays each year (with double pay and free transportation), and compensation for voluntary idleness, and a participation in other people's profits? Everybody else is doing it.—Bruce Herald and Times.

The annual Methodist Sabbath school meeting was held on Monday evening, when the following officers were appointed: Superintendent, W H Bunt; Asst. W Miller: Sec, Clarence Fisher; Treas, Wm Millar; Pianist, Mrs. White; Cradle Rol l Supt, Mrs Millar; Teachers—Mrs. Armetrong, Mrs. Heard, Mrs Belfrey, Mrs Moore, Mrs White, Thos Bentham, W Miller, H Down, Wm Martin. Supply teachers—Mrs Mitchell Mrs Down, Mrs. Miller, Mrs Martin.

The Advance published an item two weeks ago chronicling the feat of a hen belonging to Mr. Vollet of Durham, which laid two eggs in one day. We have something right here in Flesherton that "knocks the spots galley west" off that Durham biddy. Mrs. John Nuhn, whose veracity is beyond question, informs us that she has a flock of thirteen hens—sober, industrious hens of no particular breed—just hens—that in one day last week laid seventeen eggs. There was no chance of a mistake, as the hens are kept in an enclosure. No intoxicants, electric light, patent nests or other persuasive measures were used on these birds, either.

The baseball season was opened on Monday afternoon, when the locals staged an interesting game with the Power House. The first five innings looked like a good close game, but at this stage the home team got their clubs working and the way they pounded that pill around was a shame. Both teams played very good ball, considering that it was the first game, but the Flesherton boys were superior with their bats and pulled off a win by the score of 15 to 4. A feature of the game was the Flesherton 17-year-old battery, Muir and Buchanan, who handled themselves like veterans. Geo. Mitchell handled the game as umpire.

NOTICE

Owing to a largely signed petition of business men and citizens the Village Council decided on Monday evening last to ask the cicizens to advance their clocks one hour at 12 o'clock, midnight, on Sunday, May 11, the new time to be in vogue until Sept. 30.

To Bore at Shelburne

Having had oil and coal hunts of our own in this neighborhood in the past, the Shelburne district does not tie itself in knots at the mere mention of prospectors quite so readily as it might have done at one time. Were it otherwise, we might be considerably excited at the present time, for prospectors are again in our midst. The talk is of oil or gas, with an occasional mysterious hint of coal. Options, it is said, have been secured on the James McCabe farm; Melancthon; S. McVanel farm, Amaranth, and other properties a few miles west of the town, and a drill is to be put at work some time in the future.—Economist.

Brave Joe Allison

Editor Advance:

Dear Sir,—In a letter recently received from my son, now in England, he says he came over from Mesopotamia with several R. A. F. men who knew Joe Allison, and every one of them spoke well of his work in Mesopotamia. They told him that once he brought home his plane with seventy two holes in her. That shows that Joe was not afraid to get mixed up in a good fight. One fellow who saw him shot down said that Joe had been out bombing the retreating Turks, and after finishing his bombs he dived down and machine-gunned some infantry and a battery of field guns. It was while he was climbing up again te come home that Major Shultz and his flight caught him. He fell near Alton Kempri, which in England means Alton Bridge. —JOHN GRUMMET,
Proton Station.

A barn belonging to R. Anderson and rented by Hugh Firth, on the 6th con of Glenelg, was destroyed by fire one night last week, together with 17 head of cattle 20 pigs, hens, harness, etc, as well as a considerable amount of spring seed which he had recently purchased. Five young men, who were attending a dance in the house, lost their horses in the fire. The cause of the fire is not known.
