To Help Him NOW . . . and When He Comes Home

YOUR SON (or your neighbor's son) is in battle dress perhaps . . . on a ship at sea, or flying a bomber. You are proud of him, but you pray for the time when he will be back home. You will do anything you can, you say, . . . everything you can . . . to bring him home safe, and bring him home soon.

Well, here is one thing you can do. You can buy Victory Bonds.

When you buy Victory Bonds you help your boy to do the big job he is doing now. You help to make sure that he has everything he needs; better equipment than the enemy has. And you are saving money to have a better home for your boy to return to.

HAVE MONEY FOR HIM WHEN HE COMES HOME

He will want to work with new farm implements . . . new equipment . . . to replace things that may be worn out. He will have new ideas to improve the farm. He may want to experiment with new crops, new stock, new farming methods. He's young and ambitious as you want him to be.

He will need money to do things he plans to do. Victory Bonds . . . money saved now and loaned to Canada to help win the war . . . will be yours and his to use when the war is over.

WHAT IS A VICTORY BOND?

A VICTORY BOND is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity. A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest. A Victory Bond is an asset more readily converted into cash than any other security.
