The New Remedy for Worms in Children or Adults.
BARKER'S WORM SYRUP.
GREAT difficulty has been experienced in obtaining a medicine that can be administered to young Children in a convenient form. Lozenges, Candy, &c., have not been found to answer the purpose, on account of children refusing to eat them; also on account of the number of worthless preparations now before the public. These reasons [illegible]
[illegible] and at the same time an efficient medicine, has been long required. This WORM SYRUP will supply that want, and having paid particular attention to its preparation, the Proprietor can with confidence recommend it to the public as a certain, safe and sure remedy for expelling Worms in Children or Adults. It can be administered with perfect safety to the most delicate children, and on account of its pleasant taste children will take it freely. A large number of certificates have been received from parties who have used this Syrup, with the greatest success; also from several physicians, recommending its use.
The symptoms of worms are so well known that it is not necessary here to describe them; that it is a well known fact that thousands of children are hurried to an early grave for want of proper attention.

Harper's Weekly may be unreservedly declared the best newspaper in America.—N. Y. Independent.
The articles upon public questions which appear in Harper's Weekly from week to week form a remarkable series of brief political essays. "Unquestionable the best sustained work of the kind in the World."
HARPER'S MAGAZINE.
HARPER'S MAGAZINE, apart from the illustrations, contains from fifty to one hundred per cent. more matter than any similar periodical issued in the English language.
CRITICAL NOTICES OF THE PRESS.
The most popular Monthly in the world.—New York Observer.
We must refer in terms of eulogy to the high and varied excellences of HARPER'S MAGAZINE—a journal with a monthly circulation of about 120,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American people; and the popularity it has acquired is merited. Each Number contains fully 144 pages of reading-matter, appropriately illustrated with good woodcuts; and it combines in itself the racy monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—TUCKER'S Guide to American Literature, London.
It is one of the wonders of journalism—the editorial management of HARPER'S. . . . All the periodicals which the Harpers publish are almost ideally well edited.—The Nation, N. Y.
We can account for its success only by the simple fact that it meets precisely the popular taste, furnishing a variety of pleasing and instructive reading for all.—Zion's Herald, Boston.
SUBSCRIPTIONS.—1870.

HOSTETTER'S BITTERS, MISHLER' BITTERS, RICHARDSON'S BITTERS, PLANTATION BITTERS, &c.
There is no form in which distilled spirits or diluted alcohol is presented to the public more likely to create confirmed habits of tippling, and a final and fatal slavery to the cup, than in the forms suggested by the heading of this article. These compound are nothing more nor less than whiskey or rum, disguised by the addition of some bitter barks, woods and roots, of which a man with a tolerable acquaintance with botany might gather a cart load in almost any patch of woodland in our country. * * * These bitter makers are building fortunes out of the sale of bittered whiskey, and out of the credulity and unscrupulousness of thousands in whom impaired nervous systems create a demand for stimulants or narcotics, and who have yet too much regard for an improved public sentiment, and too much conscience to drink whiskey raw from a whiskey saloon or a bar-room. In a future number of the Advocate I propose to unmask with an unsparing hand of smooth hypocrisy, mock philanthropy and affected sympathy for suffering humanity with which this colored whiskey business is so artfully gilded. In the meantime, let all friends of temperance and lovers of their country and race beware of the whiskey devil disguised as medicine.—Charles Jewett.

Laboratory of Department of Agriculture,
Washington, Dec. 28, 1869.
A. M. F. Gianelli (of Montreal) "Wine Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity, 1.0009.
Mean of several determinations
Alcohol (by weight) ..... 18.9-00 per cent.
Sugar (cane) ..... 3.37 do.
Do. (fruit) ..... 63 do.
The extraction was abundant, and contained several aromatic odors. Upon evaporation, precipitation and re-precipitation with the usual re-agents, it yielded a substance having the reaction of "Quanthine" of Fauve. Tartaric acid was separable in appreciable quantity and easily detected.
Solution of Nitrate of Silver was not reduced by the liquid ("Bitters") nor was there any other evidence of the presence of Fusil Oil.
This analysis shows that the ethereal principle of Wine (Quanthine) is present in considerable amount—that the peculiar acid of Sherry Wine is also present, and that no traces of Fusil Oil can be detected.
From these reactions it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters;" and that no whiskey—as this latter is usually sold (i.e., without high rectification), has been used in the manufacture.
The greater portion of the alcohol found certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed)

To A. M. F. GIANELLI, Esq.
DEAR SIR,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stimulating tonic, acting digestion and giving tone to the digestive organs. In your mixture you informed me of the ingredients. I think it is a most admirable combination; a pleasant, useful, and reliable tonic.
Yours truly,
R. T. COOKE, M. D.,
New York City.

Al Signor Angelo M. F. Gianelli,
Montreal, Canada:
Gentilissimo Signore:
Fearing that a former letter which I addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to—in effect—dispatch at. An my arrival here I opened the two cases of "Italian Bitters" which I purchased from you when in Montreal, and had many opportunities of submitting it to the judgment of very many distinguished persons who have bestowed me with their attentions during my sojourn here.
I have very great pleasure in acquainting you that the Tonic meet with universal approval, both among Ladies and Gentlemen, and for myself I must say that I have derived great benefit from its use.
An eminent chemist of this city asking that you committed a grave error in omitting to send a sample to this great Exposition, I, being aware that it would have received distinguished honor.
As many of my friends are now almost habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, together with the bill for the same, on receipt of which I will immediately remit the amount.
With best wishes of success,
I remain, truly yours,
ADELAIDE RISTORI DEL GRILLO.
In adducing the foregoing incomparable testimonials to the salutary properties of my "Royal Italian Bitters," I should earnestly protest against the imputation of being a promoter of the improper use of intoxicating drinks. I believe, in-deed, that Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and, therefore, I see no hesitation in recommending it to be used in my preparation, with as much of the alcoholic principle as it may be found in nature. But I am no apologist or advocate of drunkards, and believe that there are those who have not sufficient [illegible] of running into excess [illegible] together from its use.
Kept by the principal Wine Merchants, Druggists and Grocers. Retail price 75c. per bottle.
