Good Old Sport

Bre'r McCullough of the Chatsworth News has paid his debt of honor. We received the cookie by Mail on Monday of this week. It will be remembered that the News man bet a cookie that he had been insulted by The Advance. We "called" him and he threw up his hand. Good old sport!

Investing for Children

If heads of families drawing interest from Victory Bonds do not consider the amount large enough to invest on their own account, they might well put it into War Savings Stamps for their children.

The holder of a $100 Victory Bond received $5.50 a year, which, if put into War Savings Stamps for a child, would mean a saving of 10c. a week on which an amount equal to about 5% simple interest is paid.

A $200 Victory Bond annually bears $11 interest, which, put into War Savings Stamps, would mean the saving of a little over 20c. a week, drawing about 5% simple interest.

A $500 Bond pays $27.50 a year in interest, which, invested in War Savings Stamps, would mean the saving of 51c. a week, or 7½c. a day, for every day in the year, and constitutes a very considerable sum.

So if the amount paid in Victory Bond interest is too small for the parent to put into War Savings Stamps, it should at least make a fine start for a child.

District Passenger Agent, Toronto.

Exactly one thousand and fifty three dollars and fifty cents, less the usual half per cent. commission deducted, was the price paid to George Falconer, Reeve of Culross, for 22 hogs delivered at Teeswater station. Four years ago, for an equal number of hogs, Mr. Falconer received just a trifle over $400 and thought he had made a rather good bargain. His last week's delivery weighed 4000 lbs.—2500 lbs. in one load and 2400 in the other—and sold at $21.50, which was the standard hog price at Teeswater market that day.—Teeswater News.

DIED

At Khedive, Sask., on May 18, the infant son of Mr. and Mrs. Robert Pallister, aged one month and two days. Sadly missed.

No stain was in the little heart,
Sin had not entered there;
And innocence slept sweetly
On his pale brow so fair.

Around Grey County.

Fire destroyed the steamer Meaford at her dock in Collingwood. The boat was not in commission this year and was well insured. The fire is supposed to have been of incendiary origin.

The steamers Alberta and Athabasca began their season last week.

John McQuarrie of Owen Sound took ill at Hope Bay and died while being removed to the hospital. He at one time lived at Dundalk.

Manus O'Donneh, of Mount Forest, was committed to goal for one year for a second breach of the O.T.A. Several kegs of liquor were found in a building owned by the defendant, but not regularly occupied as a dwelling.

New Motor Laws

At the 1919 session of the Ontario Legislature the following are among the important changes made in the Motor Vehicles Act.:

Rate of speed allowed in city, town or police village, 20 miles an hour; outside, 25 miles an hour.

The penalty for reckless driving has been increased to $50.

Every motor vehicle shall be equipped with a noise muffler and no contrivance for releasing such muffler shall be attached to the motor vehicle so that it may be operated from any seat in the vehicle.

Every motor vehicle used for commercial purposes shall be equipped with a mirror securely attached to it and placed in such a position as to afford the driver of such motor vehicle, while driving or operating the vehicle, a clear view of the roadway in the rear or of any vehicle approaching from the rear.

No person shall hire or let for hire a motor vehicle unless the person by whom such motor vehicle is to be driven is a person licensed to drive a motor vehicle as required by this Act, or is a person to whom a permit has been issued pursuant to Section 3 of this Act, or is a person to whom a certificate of competency has been issued by the Minister of Public Works and Highways.

The new Act comes into effect June 1.

Lots of Bears There

Bears are appsrently numerous on the Bruce Peninsula as reports of captures are becoming almost a weekly occurence. Some time ago the Rev. John Hilditch, Cape Croker, and Mr. Charles Gilbert set some traps near Willow Creek. Last week when they visited them they found two full grown bears had been caught in in them. The fur was in prime condition and on one of them the hair measured seven inches long. One of the bears caught was a female and by diligent search the trappers located two cubs. They were successful in capturing these and they are now on exhibition at Cape Croker.

A man claiming to be canvassing for funds for the G. W. V. A was in town a week or so ago but was not lucky enough to get away with any money. On hearing that a branch of the society had been organized here he left the next morning before enough evidence had been collected to warrant his arrest. At the convention at Windsor last week, J. L. Stedman, delegate from the local branch here, made enquiries into the matter and informs us that the Headquarters of the G. W. V. A. employs no such means for raising funds and that any person or persons claiming to represent them in the capacity of collectors or canvassers are fakes pure and simple and should be arrested on sight. This information may be valuable to other towns in this locality.—Durham Chronicle.

The Kaiser revealed in an illuminating way the quality of his patriotism when he became one of the largest shareholders in a concern organized by the late Albert Ballin to feed the German armies during the war. As commander in chief he got a monopoly for Herr Ballin's corporation and amassed millions of dollars from the feeding of his troops.

Water Service 24 hours a day
Pump, pump, pump—don't you ever get tired of pumping and carrying all the water you use? When it's dark, in the early morning or late at night, do you *like* going out to the pump?
The wind will do your pumping for you—and carry your water anywhere you please—give you water under pressure at taps in the house, barn, stables, yard.
Use a Toronto Windmill—modern windmills for modern farmers. Big, strong, quiet, economical. An occasional oiling keeps a Toronto running perfectly.
Link it up with a Toronto Pump and a Toronto Water System. Then you'll have *perfect* water service—trouble-free, satisfying, labor-saving.
We can also supply Toronto Pumps and Toronto Water Systems with gasoline engines or electric motors.
Water is essential on the farm. A good water service saves labor and earns money. Get information on this vital subject now. Write for our free books.
