Here's the other side of it : A couple of Woodbridge gentlemen came up to try the trout fishing in the hydro dam last week. After fishing for four or five hours without getting a bite they remarked that they could catch as many fish in the farm ditches around Woodbridge and reeled up their lines in disgust.

Cpl. Fred Brackenbury

After 23 months on active service as electrician with the 19th Canadian Forestry Corps, Corp. Fred Brackenbury of Feversham returned home last week. He was employed with the hydro as a lineman when he enlisted with the 147th in December, 1915, going overseas in the fall of 1916, and to France shortly after. Cpl. Brackenbury was married just before going overseas to Miss Minnie Jackson of Owen Sound, who has been with her mother, Mrs. Jackson 6th St. East, during his absence. Many friends are joining in welcoming this popular soldier, who has returned unscathed and in splendid health. Two other brothers were also with the Canadian forces, Sergt. Brackenbory of the 15th Battalion was wounded and gassed at St. Julien in 1915 and another brother with the 46th Battalion and later the 13th, was wounded in the second battle of Ypres, one of them still being in hospital in England.—O. S. Sun.

Thrift In The Schools

In the schools of Canada alone the War Savings campaign is fraught with great possibilities and already the returns show that splendid progress is being made. What has been done in the schools of the United States is a fair indication of what may be done in the schools of Canada.

In the schools of New York there is said to be a little over 750,000 children. During the period, December 1917 to January 31, 1919, no less than $5,446,000 worth of War Savings and Thrift Stamps were sold in these schools, which means slightly more than $7 for each child.

The Thrift campaign in the schools of the Dominion will produce 100 fold in results. Every child should be enrolled in the War Savings army. Parents should see to this. It will discipline the child in thrift, provide it with a good investment and benefit the country.
