The New Remedy for Worms in Children or Adults.
BARKER'S
WORM SYRUP.
GREAT difficulty has been experienced in obtaining a medicine that can be administered to young Children in a convenient form. Lozenges, Candy, &c., have not been found to answer the purpose, on account of children refusing to eat them; also on account of the number of worthless preparations now before the public. Thousands of lives are sacrificed for the want of a certain and suitable medicine.
The want of a convenient, and at the same time an effectual medicine, has been long required. This WORM SYRUP will supply that want, and having paid particular attention to its preparation, the Proprietor can with confidence recommend it to the public as a certain, safe and sure remedy to destroying Worms in Children or Adults. It can be administered with perfect safety to the most delicate children, and on account of its pleasant taste children will take it freely. A large number of certificates have been received from parties who have used this Syrup with the greatest success; also from several Physicians, recommending its use.
The symptoms of worms are so well known that it is not necessary here to describe them; but it is a well known fact that thousands of children are hurried to an early grave for want of proper attention.

"Unquestionable the best sustained work of the kind in the World."
HARPER'S MAGAZINE.
HARPER'S MAGAZINE, *apart from the illustrations, contains from fifty to one hundred per cent. more matter than any similar periodical issued in the English language.*
CRITICAL NOTICES OF THE PRESS.
The most popular Monthly in the world.—*New York Observer.*
We must refer in terms of eulogy to the high tone and varied excellences of HARPER'S MAGAZINE, a journal with a monthly circulation of about 120,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American people; and the popularity it has acquired is merited. Each Number contains fully 144 pages of reading-matter, appropriately illustrated with good woodcuts; and it combines in itself the racy monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—TUCKER'S *Guide to American Literature, London.*
It is one of the wonders of journalism—the editorial management of HARPER'S. * * * All the periodicals which the Harpers publish are almost ideally well edited.—*The Nation, N. Y.*
We can account for its success only by the simple fact that it meets precisely the popular taste, furnishing a variety of pleasing and instructive reading for all.—*Zion's Herald, Boston.*
SUBSCRIPTIONS.—1870.

FOR 1870.
REPUBLISHED BY THE LEONARD SCOTT PUBLISHING CO., NEW YORK.
INDISPENSIBLE TO ALL DESIROUS OF BEING WELL INFORMED ON THE GREAT SUBJECTS OF THE DAY.
1. THE EDINBURGH REVIEW.
This is the oldest of the series. In its main features it still follows in the path marked out by Brougham, Jeffrey, Sydney Smith, and Lord Holland, its original founders and first contributors.
2. THE LONDON QUARTERLY REVIEW, which commences its 128th volume with the January number, was set on foot as a rival to the EDINBURGH. It resolutely maintains its opposition in politics, and shows equal vigor in its literary department.
3. THE WESTMINSTER REVIEW
has just closed its 92nd volume. In point of literary ability this Review is fast rising to a level with its competitors. It is the advocate of political and religious liberalism.
4. THE NORTH BRITISH REVIEW,
now in its 51st volume, occupies a very high position in periodical literature. Passing beyond the narrow formalism of schools and parties, it appears to a wider range of sympathies and a higher integrity of conviction.
5. BLACKWOOD'S EDINBURGH MAGAZINE
was commenced 52 years ago. Equalling the Quarterlies in its literary and scientific departments, it has won a wide reputation for the narratives and sketches which enliven its pages.

Harper's Bazar.
A supplement containing numerous full-sized patterns of useful articles accompanies the paper every fortnight, and occasionally an elegant Colored Fashion Plate.
HARPER'S BAZAR contains 16 folio pages of the size of Harper's Weekly, printed on superfine calendered paper, and is the largest weekly.
Critical Notices of the Press.
HARPER'S BAZAR contains, besides pictures, patterns, etc., a variety of matter of especial use and interest to the family; articles on health, dress, and housekeeping in all its branches; its editorial matter is specially adapted to the circle it is intended to interest and instruct; and it has, besides, good stories and literary matter of merit. It is not surprising that the journal, with such features, has achieved in a short time an immense success; for something of its kind was desired in thousands of families, and its publishers have filled the demand. The young lady who buys a single number of Harper's Bazar is made a subscriber for life.—New York Evening Post.
The Bazar is excellent. Like all the periodicals which the Harpers publish, it is almost ideally well edited, and the class of readers for whom it is intended—the mothers and daughters in average families—can but profit by its good sense and taste, which we have no doubt, are to-day making very many homes happier than they may have been before the women began taking lessons in personal and household and social management from this good-natured mentor.—The Nation.
It has the merit of being sensible, of conveying instruction, of giving excellent patterns in every department, and of being well stocked with good reading matter.—Watchman and Reflector.

HOSTETTER'S BITTERS, MISHLER' BITTERS, RICHARDSON'S BITTERS, PLANTATION BITTERS, &c.,
There is no form in which distilled spirits or diluted alcohol is presented to the public more likely to create confirmed habits of tippling, and a final and fatal slavery to the cup, than in the forms suggested by the heading of this article. These compound are nothing more nor less than whisky or rum, disguised by the addition of some bitter barks, woods and roots, of which a man with a tolerable acquaintance with botany might gather a cart load in almost any patch of woodland in our country. * * * There bitter makers are building fortunes out of the sale of bittered whiskey, and out of the credulity and conscientiousness of thousands in whose impaired nervous systems there is a demand for stimulants or narcotics, and who have yet too much regard for an improved public sentiment, and too much conscience to drink whiskey raw from a whiskey saloon or a bar-room. In a future number of the Advocate I propose to unmask with an unsparing hand of smooth hypocrisy, mock philanthropy and affected sympathy for suffering humanity with which this colored whiskey business is so artfully gilded. In the meantime, let all friends of temperance and lovers of their country and race beware of the whiskey devil disguised as medicine.—Charles Jewett.

Laboratory of Department of Agriculture
Washington, Dec. 28, 1869.
A. M. F. Gianelli (of Montreal) "Wild Bitters," tested in this Laboratory, yielded the following results: "Royal Italian Bitters" (2 bottles examined) specific gravity 1.0089.
Mean of several determinations

Alcohol (by weight)	15.240	per cent.
Sugar (cane)	3.37	do.
Do. (fruit)	63	do.

The extract on was abundant, and contained several aromatic odors. Upon evaporation, precipitation and re-precipitation with the usual reagents, it yielded a substance having the reaction "Quanthine" of Faure. Tartaric acid was separable in appreciable quantity and easily detected.
Solution of Nitrate of Silver was not reduced by the liquid ("Bitters") nor was there any other evidence of the presence of Fusil Oil.
This analysis shows that the ethereal principle of Wine (Oenanthine) is present in considerable amount—that the peculiar acid of Sherry Wine is also present, and that no traces of Fusil Oil can be detected.
From these reactions it is evident that Wine has been used in the manufacture of the "Italian Wine Bitters," and that no whiskey—as this latter is usually sold (i.e., without high rectification), has been used in the manufacture.
The greater portion of the alcohol found certainly belonged to Wine present in the Bitters, and not to whiskey. (Signed)

To A. M. F. GIANELLI, Esq.
DEAR SIR,—After a fair trial, I take pleasure in recommending your Royal Bitters. It is a very excellent stimulating tonic, aiding digestion and giving tone to the digestive organs. In your act you informed me of the ingredients. I think it is a most admirable combination; a pleasant, useful, and reliable tonic.
Yours truly,
R. T. COOKE, M. D.,
New York City.

Al Signor Angelo M. F. Gianelli,
Montreal, Canada:
Gentilissimo Signore:
Fearing that a former letter which I addressed you, and sent by a gentleman who was going to Montreal, might not have reached you, I beg to—in effect—duplicate it. On my arrival here I opened the two cases of "Tonico Reale" which I purchased from you when in Montreal, and had many opportunities of submitting it to the judgment of very many distinguished persons who have honored me with their attentions during my sojourn here.
I have very great pleasure in acquainting you that the Tonico meet with universal approval, both among Ladies and Gentlemen, and for myself I must say that I have derived great benefit from its use.
An eminent chemist of this city says that you committed a grave error in omitting to send a sample to this great Exposition, being assured that it would have received distinguished honor.
As many of my friends are now almost habituated to it, I will thank you to forward by the first steamer, through your agent in New York, five cases, together with the bill for the same, on receipt of which I will immediately remit the amount.
With best wishes of success,
I remain, truly yours,
ADELAIDE RISTORI DEL GRILLO
In adducing the foregoing unimpeachable testimonials to the salutary properties of my "Royal Italian Bitters," I would earnestly protest against the imputation of being a promoter of the improper use of intoxicating drinks. I believe, indeed, that Wine, as one of the Creator's gifts to man, is good in itself, and its temperate use allowable to all; and therefore, have no hesitation in admitting it to be an ingredient in my preparation, with as much of the alcoholic principle as is inseparable from its nature. But I am no apologist for drunkenness or drunkards, and believe that those who have not sufficient self-control to avoid running into excess had better abstain altogether from its use.
