How Can I Save-- With Profit?

Many wage-earners are asking themselves this question.

They do not want to put a quarter in the bank at a time, and before they know it, it is gone for trifles.

The Government has provided a simple plan to enable you to save that quarter in such a way that it will earn you more money.

Twenty-five cents buys a Thrift Stamp. Sixteen Thrift Stamps become a War Savings Stamp, for which the Government will pay you $5.00 in 1924.

In May W-S.S. Cost $4.04

In June W-S.S. Cost $4.05

If you lend the Government your savings in this way, you can make your money earn over 4½% compound interest as often as you save $4.00 odd.

This is not only easy and profitable investment, but patriotic investment, because the Government needs money for the heavy financing of the reconstruction period.

Make Your Savings Serve You and Serve Your Country—Invest Them in War Savings Stamps.

SOLID LEATHER PLOUGH BOOTS

Just the kind for hard wear and solid comfort for spring and summer wear. TRY THEM.

Suit Cases and Trunks

If in need of a **Suit Case** or **Trunk** call and get want supplied.

Fires In Glenelg

Traverston Cor. Standard

The fire fiend has again been busy in our midst. On Saturday morning Mr. John O'Neil's barn and stables were discovered completely enveloped in flames and no chance to save three valuable young horses, nor any of the machinery, Not an hour before being discovered, scores went home from the big Dunbar presentation. It certainly looks like the work of an incendiary. Mr. O'Neil and his young wife got a terrible shock and the neighborhood is deeply stirred. He is one of our most progressive young farmers, is gifted with mechanical skill and takes pride in his stock, buildings and farm work. Just a few hours before, he made a remarkably eloquent speech at the gathering. He came home about 2 o'clock and everything was peaceful and quiet. He has a fair insurance, but his loss is heavy, the inconvenience a bad drawback, the work of building well nigh impossible. The sympathy of the whole community goes out to the young couple.

Four mysterious fires in our midst in a little over six months calls for quick action on the part of the authorities. There is an intense feeling running through the homes of the surrounding district.

The Ford Mule

Motor cars with cranks as well as cranky mules, can kick, as many arms bear witness. On Saturday afternoon James Ellis, son of Mr. James C. Ellis, had his arm broken at the wrist by the back fire of a car. On Sunday evening, just 24 hours later, Mr. John Arthurs, who lately bought and took possession of the Commercial hotel fram John Hes, being called over to crank the same car, had his arm broken at the same place. Both are rather bad breaks and painful. The car was formerly Manus McDonnel's and it is remarked that he kept several things that had a kick in them.—Mt. Forest Confederate.

Lieut. W. H. Fenton, of Arran, a returned officer of the 118th Battalion, was by a large majority, chosen as the U. F. O. candidate for the riding of North Bruce at the next provincial election. Eleven men were nominated for the position, but only five allowed their names to go to the ballot. Lieut. Fenton was a former Conservative and should Dr. Foster, the candidate selected by the Conservatives, refuse to run, he will be in a straight fight against the present sitting member, Mr. McDonald, M. P. P., of Chesley.

Goderich is to have a fifteen million dollar steel plant.

A Pathetic Case

Meaford, May 26.—Working as an end matcher in the Seaman Kent factory in this town is a young Serbian named C. Protitisk, who has a sad story to relate in connection with the war. At the age of 16, he says, he enlisted for service in the Serbian army. While fighting in the trenches 15 miles from his home he had two brothers killed and one brother taken prisoner. He was wounded in the leg and taken to the hospital at Belgrade, the capital of Serbia, where he lay for three months in an almost helpless condition. After recovering he returned to his home to find it all smashed to pieces by the Bulgarians, who, after completing their work of destruction heartlessly made prisoners of his mother, three sisters and two brothers, and from that day to this the lad has not heard tell of any of them. A kind-hearted lady doctor from Toronto, who treated him while in the hospital, took pity on him and entreated him to accompany her on her return trip to Canada. This the boy consented to do but so determined was he to avenge the fate of his two brothers that he enlisted for service with the Canadian forestry battalion, which was organized in Toronto in February of 1916, going overseas with that unit and continuing on active service until the end of the war. The boy thinks the Bulgarians must have made away with his mother, three sisters and surviving brothers, as repeated communications with Bulgarian military authorities have failed to elicit any trace of them.

Sweet clover, says Conservation, is just beginning to come into its own in the farming business, and the growing of it for seed is evidently profitable. It is reported in the press that a farmer at Kippen harvested 146 bushels of clean seed off 18 acres, which he sold at $15 a bushel. That represents a total of $2,190, or at the rate of $121 an acre.

Of Interest to Horse Breeders

The Imported Percheron Stallion Niguot and an Imported Clydesdale Stallion will be at the Munshaw stables every Monday night during the season It will be to your interest to see them before breeding your mares.

JAS. CROWSTON, Prop.

Tank's Crew Active.

A tank crew's activity is not necessarily terminated if their ship is put out of commission, as was proved several times. One sergeant got out of a disabled tank, took command of an infantry platoon, and fought for two days. The crew of a second tank, when their unnatural means of locomotion went out of commission, detached their machine guns and went forward as an improvised machine gun squad. An another occasion an officer, seeing an American tank stalled, asked for two volunteers to replace two gunners who had been wounded. Everybody volunteered, but the officer would take only two. A dispute followed which was settled in a military manner. There were two lieutenants in the tank. They issued an order to themselves to go and then instructed all the enlisted men to stand by the tank.

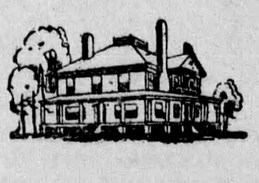
Buy Paint NOW—and the BEST

Many people have allowed their homes to run down in appearance and are still putting off repainting thinking that paint will come down in price.



Even if paints were cheaper six or eight months hence, which is unlikely, because the supply of raw material has fixed the price far ahead and because thousands of house owners are exactly in your condition—bound to paint soon, remember that it is better to paint than repair. Your house can be painted more cheaply now than later.

B-H "ENGLISH" PAINT 70% Pure White Lead (Brandram's Genuine B.B.) 30% Pure White Zinc 100% Pure Paint

And when you paint insist upon ordering the paint with a guarantee, B.-H. "English." The paint that covers more and lasts longer.
