The Perfection of Prepared Cocoa.

MARAVILLA COCOA.

Sole Proprietors, TAYLOR BROTHERS, LONDON.

THE COCOA (or Cacao) of Maravilla is the sole Theobroma of Linnæus. Cocoa is indigenous to south America, of which Maravilla is a favoured portion. Taylor Brothers having secured the exclusive supply of this unrivalled Cocoa here, by the partial application of their soluble principle and elaborate machinery, produced what is so undeniably the perfection of prepared Cocoa, that it has not only received the patronage of homœopaths and cocoa-drinkers generally, but many who had hitherto not tried any preparation to suit them, have, after one trial, adopted the Maravilla Cocoa as their constant beverage for breakfast, luncheon, &c.

"A Success Unprecedented."

(See following Extract from the Globe of May 14 1868.)

"Various importers and manufacturers have attempted to obtain a reputation for their prepared Cocoas, but we doubt whether any through goodness had been achieved until Messrs. Taylor Bros. threw discovered the extraordinary qualities of Maravilla Cocoa. Adopting their perfect system of preparation to the finest of all species of the Theobroma, they have produced an article with expensive every other Cocoa in the market. Native nutritious, a delicate aroma, and a rare combination of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage."

Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original Homœopathic Cocoa and Soluble Chocolate.
