Save the Money You Waste and Make It Earn You More Money

How much of your wages do you fritter away each week on trifles ?

If you reckon it up you will probably find that at least five per cent. disappears thus "like snow wreaths in thaw."

If your weekly wage is $15.00 you spend easily 75 cents of that on "mere nothings" before you know it.

But suppose you said to your employer: "Each week I want you to keep 75 cents out of my pay envelope and invest it for me in War Savings Stamps. As you buy each War Savings Stamp put it in my pay envelope, and go on doing that for a year."

You will never miss that 75 cents. But at the end of the year you will have over $36.00 invested in Savings Stamps. By then they will be worth considerably more than $36.00, and by 1924 they will be worth $45.00.

War Savings Stamps are guaranteed by the Dominion Government. They have the whole resources of Canada as their security, the same as Victory Loans. And they bear an unusually high rate of interest. You can cash them at any time, however, if you need to.

Make Your Savings Serve You and Serve Your Country—Invest Them in War Savings Stamps.

—HERBERT CLARK

Jul19 Singhampton P.O.

As the bell in St. Paul's Church towe was being rung on Sunday morning at 7.30 the iron cross bar on which it swung snapped in two and the bell plunged down the steep side of the roof at the side back and buried itself in the earth. Had it fallen out in front of the tower, considerable damage might have been done to the porch and the bell itself, but falling, the way it did, no damage was done, and we hope soon to hear it ring again.—Mt. Forest Confederate.

Another Glenelg Fire

On Monday morning last between one and two o'clock the large bank barn belonging to Mr. John Beaton of Glenelg was discovered on fire and beyond any possible chance of saving it. This is the third or fourth fire of suspicious origin in about as many weeks and now no one doubts the losses to be of incendiary origin. To make sure of delaying an alarm and securing assistance, the incendiary, whoever he was, made his way to the top of his woodshed and fastened the wire bell pull around the axle of the bell so that it couldn't be rung before releasing the wire. It was a bright night and it seems incredible to think of any person with nerve enough to engage in such a work and expose himself to danger of being caught.

Mr. Beaton's barn, one of the finest in the township we are told, was a large structure 44 x 60 feet, on stone basement with stables underneath with an estimated value of $2500. The hog pen, a good building on stone foundation, was also burned, together with ten pigs. In the barn was 600 bushels of grain, and several farm implements, three sets of harness, slings, roller and other valuable necessaries. The insurance on the barn was $1000 and on the contents $1000, but there was nothing on the hog pen, and Mr. Beaton's loss will still be very heavy.

Why Mr. Beaton should be singled out as a victim is hard to say. He is highly spoken of and seems to have no enemies. This would seem to lead to the belief that the firebug is simply a pyromaniac and without reason and perhaps without spiteful feelings perpetrated his dastardly deeds wherever the opportunity presents itself. Whatever may have been the cause, the community has just reason to feel anxious, and are exercising vigilance that may result in the capture or the culprits.

Glenelg has suffered much during the past few months. The township hall was burned last autumn, and during the past three or four weeks Hugh Firth and John O'Neil both lost their barns, both fires undoubtedly of incendiary origin.—Durham Chronicle.

W. I. Convention

The annual district meeting of the Centre Grey Women's Institute met in the town hall, Dundalk, on Thursday last and, needless to say, all delegates and non-delegates who came with a view of receiving benefit and instruction were not disappointed. The meeting opened at 1.30 with prayer, with District President Mrs. H. Down in the chair. The President spoke briefly, reviewing the year's work. Two new branches were organized during the year, making 24 branches in Centre Grey. The minutes of last meeting, read by the District Secretary, Mrs. W. A. Hawken, after which a full report was given of District and branches combined, having a balance on hand of $998 44. Each Branch gave a report of the year's work, showing an increase in the work.

The election of officers resulted as follows: President, Mrs. H. Down, Flesherton; 1st Vice, Mrs. Buchanan, Ravenna; 2nd Vice, Mrs. W. Elliott, Markdale; Sec.-Treas., Mrs. W. A. Hawken, Flesherton: Auditors, Mrs. Stewart and Mrs. O. W. Phillips; Representative Speaker for Centre Grey, Mrs. W. Buchanan, Ravenna; Federation Council of Women's Institutes, Mrs. A. E. Myles, Kimberley.

The Mill Creek ladies gave an invitation for next annual convention to meet there, which was accepted.

The Dundalk Branch provided wholesome and attractive meals in the basement of the town hall, which were appreciated to the full extent by the visiting ladies. About 145 were present, few of the branches failing to send a delegate. At intervals during the afternoon Miss Dingwall gave piano solos. Mrs. Buchanan of Ravenna gave an address on "Reconstruction." Miss Armstrong contributed a solo and Mrs. McVicar gave an address on "The New Social Order." Miss Gardiner also gave a solo, and Misses Oliver and Russel a piano duet

At the close of the meeting a vote of thanks was passed to the Dundalk Branch for the kindness and hospitality they had extended in the 1919 convention.

Lightning's Doings.

Recent heavy thunderstorms did serious damage south of here, and several fatalities occurred, according to the Orangeville Sun.

At Woodbridge one boy was killed, another injured, and four men knocked unconscious when a tree under which the party had taken shelter during the storm, was struck by lightning.

A barn belonging to Mr. Stoddart, near Shelburne, was struck and completely destroyed by the fire which followed. H E. Arthur's barn in Caledon was also struck and a horse was killed. George Crozier of Mono had a cow killed, and Wm. Rawn of Mono Mills lost a fat steer. The shed of the Anglican church at Mono Mills was also struck and twisted from end to end.

Many people in Orangeville are bemoaning the loss of their gardens, which were completely washed out by pelting rain and rushing water. Some of those who sustained damage are replanting their gardens, but others have become discouraged and will not try it again.

A very sad tragedy occurred on the East West Luther townline, about five miles east of Grand Valley, when Mrs. Albert Campbell was instantly killed by a bolt of lightning. Mrs. Campbell and her four year old son were in the bedroom upstairs and she had partly disrobes and was preparing to retire for the night. Mr. Campbell had gone over to a neighbors place to do his chores in his absence. While enged in this work the lightning was flashing and thunder rumbling, and all at once there was a terrific crash and Mr. Campbell knew something had been struck. He hurried home and found that the lightning had struck his house. Rushing upstairs he was horrified to find his wife lying dead on the floor. She had evidently been standing at the window watching for her husband's return when the bolt struck her and hurled her across the room. The house was set on fire but it was extinguished before much damage was done.

AUCTION SALE

—OF—

HOUSEHOLD EFFECTS

The Undersigned has received instructions to sell by public auction at the Richardson old home,

FLESHERTON
