Flesherton Advance

anindependent newspaper, published every Thursday at the office, Collingwood Street, Flesherton. Subscription price $1 per annum when paid in advance ;$1.50when no so paid Advertising rates on application. Circulation 1,[illegible]0weekly.

W. H. THURSTON, EDITOR

James Manser of Carrick had a large bank barn burned and a tramp found in the neighborhood was arrested. When searched the tramp was found to possess $500 in Victory bonds and a big wad of money. He was found to be covered with vermin when the turnkey at the Walkerton jail undertook to give him a bath.

Walter George, the young man who was so seriously injured in the Hydro sub-station at Hanover a few weeks ago, suffered the amputation of his left leg four inches below the knee on Thursday last. If his condition is favorable the other leg will be amputated this week. The Hydro Commission of Ontario are doing all they can for the unfortunate young man.

While standing not far from a batter at a baseball game in Alliston, Wm. Breedin of Adjala was struck squarely on the nose by the ball which glanced off the bat as the batter struck. The nose was broken and bled profusely.

Mrs. Humphreys of Winnipeg, who was spending a vacation with relatives at Port Elgin, was drowned there while trying to rescue her little son who was wading along the shore and had got into the channel at the end of the dock.

During an electric storm on Saturday morning last the barns of W. H. Hunter, the noted Hereford breeder at "The Maples," near Orangeville, were destroyed by fire. The barns were well supplied with lightning rods, but the flames appeared to be over the whole building at once. The main barn was of brick construction, the hay barn, weigh scales and slaughter house, pig pens and frame box stall, and implement sheds were all consumed. Fortunately, all the stock, except a bull calf and ten pigs were in the field, but these together with about 50 tons of hay, a large quantity of straw, 2,000 bushels of grain and all the harness and implements, except those being used in the fields, were destroyed. The total loss is about $18,000, and insured for about one half that amount Mr. Hunter will make arrangements to keep his pure bred herd, which was established by his father.

Card of Thanks

Mrs. I. Drew and family of 19 Ivy Ave., Toronto, wish to thank their many relatives and friends for their kindness and sympathy in their recent sad bereavement.

Walters Falls	Sept 23 and 24
Wiarton	Sept 23 and 24

James Manser of Carrick was drowned in a creek on his farm.

All three of the Bruce ridings will run farmer candidates in the next provincial election.

Mungo Young of Shelburne found a real curiosity in his garden the other day —a gold ring through which a carrot had grown, covering the carrot almost completely.

Three little girls, aged 12, 11 and 9 years, daughters of W. E. Fraser of Derby, were drowned in the Sydenham river near Inglis Falls. The children went down to the river to bathe and it is surmised that the youngest went into the river first and got into trouble, when the others tried to save her and all were drowned.

A fire in Hanover on July 24 caused damage estimated at between $80,000 and $100,000 to William Knechtel & Sons' gristmill. The fire is thought to have originated in defective wiring. The blaze was discovered shortly after 9 o'clock, and the prompt action of the fire department and citizens in fighting the fire saved the building from being entirely destroyed. The loss is partly covered by insurance. At the time of the fire the building had some 20,000 bushels of wheat in store. It is believed that little of this will be worth salvaging.

HIP Roof Silos

Toronto Silos, because of the Hip Roof, give you greater capacity than any other silo. You can tramp the ensilage right to the top of the walls. The double tongue-and-groove staves of selected spruce, impregnated with creosote, are perfectly air and frost tight and resist rotting.

You need an ensilage cutter of your own. The Toronto Ensilage Cutter is of a new and better design. Runs smoothly and lightly, without clogging or other trouble.

You should know more about these two farm necessities. Write for our booklets giving valuable advice on the feeding of stock and discussing the superior points of the Toronto Silo and Ensilage Cutter.
