We will certainly miss you very greatly in every undertaking in the community, whether church, Sunday school or in social life, where you have always been a cheerful helper, and your ever ready sympathy and obliging disposition have won for you many friends. A Wonderful Bear

When Dr. Ern Armstrong of Cobalt went overseas with his battalion he took along a baby bear as a mascot. A despatch regarding this very clever animal reads as follows:

"Darkey," the black mascot of the 159th Battalion, Canadian Expeditionary Force, which was presented to the London Zoo by Lt.-Col. Armstrong early in 1917, has made a great reputation as a mimic and as a dainty spoon feeder. His daily receptions are always well attended.

At the call of his keeper he will bark like a dog, cry like a child, and utter sounds similar to those emitted by a working man who, after a weary tramp, finds the sign "no beer" displayed at his local hostelry. But his choicest exhibition is reserved for his keeper and those visitors who are fortunate enough to be near when he is offered some syrup in a spoon. He licks it clean, inside and out, and then chortles, gurgles and laughs. When he finds there is no "folllow" he uses the language of Billingsgate.
