The Advance had a delightful chat the other day with Capt. (Dr.) Robert Baskerville of Detroit, who, with his wife, was visiting relatives here. At present Captain Baskerville has gone to Baltimore to secure his discharge from the army, when he will rejoin his wife for a holiday. Rob was with the American army in France and saw some lively times. When one of the big gun emplacements of the great long range German guns which bombarded Paris was captured his section was first to enter the emplacement and he brought home many souvenirs of the place. Rob presented us with a big bolt which belonged to the 52 mile pea shooter and which we certainly prize very highly. Among the most charming things which he carried in his clothes here, however, was a box containing several dozen sapphires, both cut and uncut, taken from a mine in northern Montana, in which he holds an eighth interest. They were very beautiful brilliants, but a glance at such things is all an editor can hope for. Rob is an old friend of ours and many a delightful day we have spent together sailing, camping and fishing on the Georgian Bay. He is an eye, ear and throat specialist and will resume his practice in Detroit this fall. Dr. Baskerville is a brother of Mrs W. W. Trimble.

In Memoriam

In loving memory of Pte. Wm. Wilson, 28th Battalion, who died of wounds on Aug. 26, 1918.

No one knows how much we miss you,
Friends may think the wound has healed,
But they little know the sorrow
That within our heart's concealed.

Not dead to us, we loved him best,
Not lost, just gone before ;
He lives with us in memory still,
And will forever more.

A Good School

The Orangeville Business College has just completed the most successful year in its history, having had during the school year over one hundred students in attendance ; this is a larger enrollment than most city colleges.

The interior of the College is being redecorated and considerable new equipment added for the reopening on Sept. 2nd. Every graduate is assured a good position and its old graduates are among the most successful in this province.

The Orangeville Business College is approved by the Military Authorities of Canada as a training school for returned soldiers, who are entitled to a free education, and a living allowance of four hundred and twenty dollars during the six months.

Many ambitious young people, who cannot attend now, are taking advantage of the Home Study Courses, thereby shortening their term at College and cutting down expenses.
