CASH MUSIC STORE
OF
HORACE WATERS,
No. 333 Broadway, New York.
OPPOSITION TO MONOPOLY.
Music at Greatly Reduced Rates

NOTWITHSTANDING the combination of music dealers to keep up the prices of non-copywright music, against the interests of native composers, and their refusal to extend to Mr. Waters the courtesies of the trade, he is making immense sales—having abundant evidence, that he has public countenance and support, in his opposition to the Great Monopoly, and in his efforts to aid native talent, and to adopt the National Currency. His stock of American and European music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons and Musical Instruments of all kinds. Superior toned 6½ octave pianos for $175, $200 and $225, in interior of a good quality, and instruments as strong and as durable as those which cost $500. Pianos of every variety of style and price up to $1000, comprising those of ten different manufactories: among them the celebrated modern improved Horace Waters' Pianos and the first premium Æolian Pianos of T. Gilbert & Co's make, (owners of the Æolian patent). Second-hand pianos at great bargains. Price from $40 to $150. Melodeons from five different manufactories, including the well known S. D. & H. W. Smith's melodeons, (tuned the equal temperament,) the best make the United States. Prices from $15 to 150. Smith's double bank, $200. Each Piano and Melodeon guaranteed. The best terms to the trade, schools, &c.; 12½ per cent. discount to clergymen and churches. All orders promptly attended to. Music sent to all parts of the country, post paid, at the reduced rates. General catalogues and schedule of prices of Pianos forwarded to any address free of charge.

Testimonial of the Horace Waters' Piano.
New York, December 12th, 1854.

HORACE WATERS, Esq., 333 BROADWAY:

Dear Sir—Having examined your Piano Fortes from scientific and appropriate tests, I am enabled to form a satisfactory judgement of their merits, and it is with pleasure that I can speak of them as among the most celebrated and improved makes of the day.

For power, brilliancy and richness of tone, elasticity of touch, and beauty of finish, they will not suffer in comparison with those of any other manufacturer, and those desirous of obtaining a ready good Piano Forte—one that will prove an equivalent for their means, will find such in your beautiful instruments.

THOMAS BAKER,
R. A. M. Leader of Jullien's Band and arranger of Jullien's popular Repertoire of dance music; formerly manager of the publishing department of the great music house of Jullien & Chappels, London, and now Musical Director & Conductor at Niblo's Garden.

For power, brilliancy and richness of tone, elasticity of touch, elegance and durability of make, they are in advance of any other pianos in the United States, being the result of long experience and a series of experiments.—N. Y. Dispatch.

The treble is clear, pure, beautiful, and very melodious, the bass is deep, rolling, and sonorous; the middle part is rich and sympathetic, and possesses the power of singing, *i. e.* of uniting the sound of each tone, in a degree but rarely achieved.—Henry C. Watson.

Your instruments are a sensible improvement upon American pianos, and an honor to the skillful manufacturer. There is no doubt but they will be appreciated by the public, and all admirers of true merit.—Oscar Comettant.

For power tone, depth of bass, and brilliancy of treble, together with accuracy of touch, they are equal to any make I am acquainted with, and I cordially recommend them to those wishing to purchase.—V. C. Taylor.

They are fully equal to any of the kind I have seen in the United States, and far superior to those of a similar make I saw in England:—Geo W. Morgan.

I take great pleasure in pronouncing them instruments of a superior quality, both in tone and touch.—August Gockel.

Our friends will find at Mr. Waters store the very best assortment of music and of pianos to be found in the United States, and we urge our southern and western friends to give him a call when they go to New York.—Graham's Magazine.

We consider them worthy of special attention, from the resonant and exceedingly musical tone which Mr. Waters has succeeded in obtaining.—N. Y. Musical World & Times.

Horace Waters' Piano Fortes are of full, rich, and even tone, and powerful.—N. Y. Musical Review.

In the production of Pianos it is probable that Mr. Waters has eclipsed all competitors. The recent improved Pianos which he has presented to the public, have become universally admired for their delicate tone, as well as their superior finish and elegance, and have in every respect, received the universal commendation of musicians and amateurs.—Times & Messenger, N. Y.

Your new Square Pianos, sir, are of such a clearness and equality of tone throughout, that they very successfully compete with the voluminous and expressive Grand Piano.—Vanderweyde.

The Editor of the Savannah Republican Savannah, Ga., speaking of the Piano Fortes kept by Messrs. J. W. Morrell & Co. of that city, says:

"It will be seen that their stock comprises instruments of every grade of excellence, from the well known manufacturing establishments of Chickering & Son, Horace Waters, H. Worcheister, Nunns & Clark, and Bacon & Raven. It might well be supposed, that in so large a collection there would be some very fine instruments. But there is one which, for beauty of finish and richness and brilliancy of tone, equals, if it does not excel, anything of the kind we have ever seen. It is from the establishment of Horace Waters. Being constructed of the best and most thoroughly seasoned material, and upon improved principles, it is capable of resisting the action of every climate, and of standing a long time in tune. The keys are of pearl, and the recess for the finger-board is inlaid with mosaic while the legs are most elaborately carved, and the whole instrument finished up in a style of great excellence and beauty. And yet its chief merit lies in the power, brilliancy, and richness of its tone, and the elasticity of its touch.

Kingston, 25th April, 1855. 10

I THINK it right to state to the Public, that I was most awfully afflicted with many complaints for more than four years, one of which was a severe rupture, another a cankered chest and throat, with severe pains in my head. Also, a general debility over my body. I tried many Doctors medicine and got no relief, but got worse all the time. At last I went to Doctor Lanktree, of Kingston, and remained with him some time, and am ready to prove to all that I got rid of my rupture, and of every other complaint I had, and am now a sound man and able to do my business. I must state that I did not go with a view to get rid of the rupture, as many Medical men told me there was no remedy but wear a truss for life. But to my great joy, I am now perfectly cured of the harrassing affliction, and would seriously advise all young persons troubled in this way, to apply where I got immediate relief.

David Taylor.
Tyendinaga, 1st May, 1855.

I had a cancer on my lip for a long time, and wearing in a severe way, could get no remedy, until I got perfectly cured by Doctor Lanktree, of Kingston, and am now more than half a year without the least fear of its returning again.

Daniel McNiel.
Storrington, 15th May, 1855.

Not long ago I was badly afflicted with sore eyes, could get no relief but got worse all the time, and thought I should get blind, as I found no relief from all the Doctors I tried. Being in Kingston, I was advised to go to Doctor Lanktree. So I did, and got quite well after a short time, without any fear of getting worse since. The remedies I got from all the other Doctors were no more than different kinds of eyewater. But he treated me in quite a different way, drew all the bad salva from within, and perfectly cleared up eyes in this way.
