BOOK-BINDING AND Blank Book Manufactory.

CHARLES HOBOROUGH begs to announce to the Public, that he has just received from New York large and important additions to his Establishment, including all the latest and most improved Book-Binding Machinery, by the aid of which he is now prepared to get up work in a Style inferior to no Bindery in America. He is also prepared to manufacture to order all kinds of Blank Books, Merchants and Bankers Ledgers, Journals, Day Books, &c., in a style both Elegant and Durable and at very moderate prices. He would also beg to call attention to his very ingenious Paging Machine by which he is enabled rapidly to number the pages of Blank Books, in a legible and handsome manner, the cost being a mere trifle, thereby insuring to the Book-Keeper a great saving of time, trouble and annoyance.

These additions which he has been compelled to make to his Bindery, to enable him to keep pace with the times, have not been completed without great expense, but C. H. confidently hopes that the people of Kingston will appreciate his anxiety to meet their wants, and not only continue to him that liberal support which he has hitherto received, and for which he now takes the opportunity to return his warmest thanks, but will be induced by the superior manner in which he is able to serve them, to largely increase it.

T. He has for many years carried on business in Kingston and the many marks of sympathy and encouragement which he has received under unforeseen misfortune, lead him to think that he has given satisfaction, and entitle him to hope for a continuance of the patronage hitherto accorded to him, for which he takes this opportunity to return his grateful and sincere thanks.

At the Store, which is neatly fitted up, will always be found a complete assortment of Confectionary, Cakes, Candies, Seasonable Fruits, and other delicacies. Also, Ginger Beer, and other summer drinks of his own manufacture.
