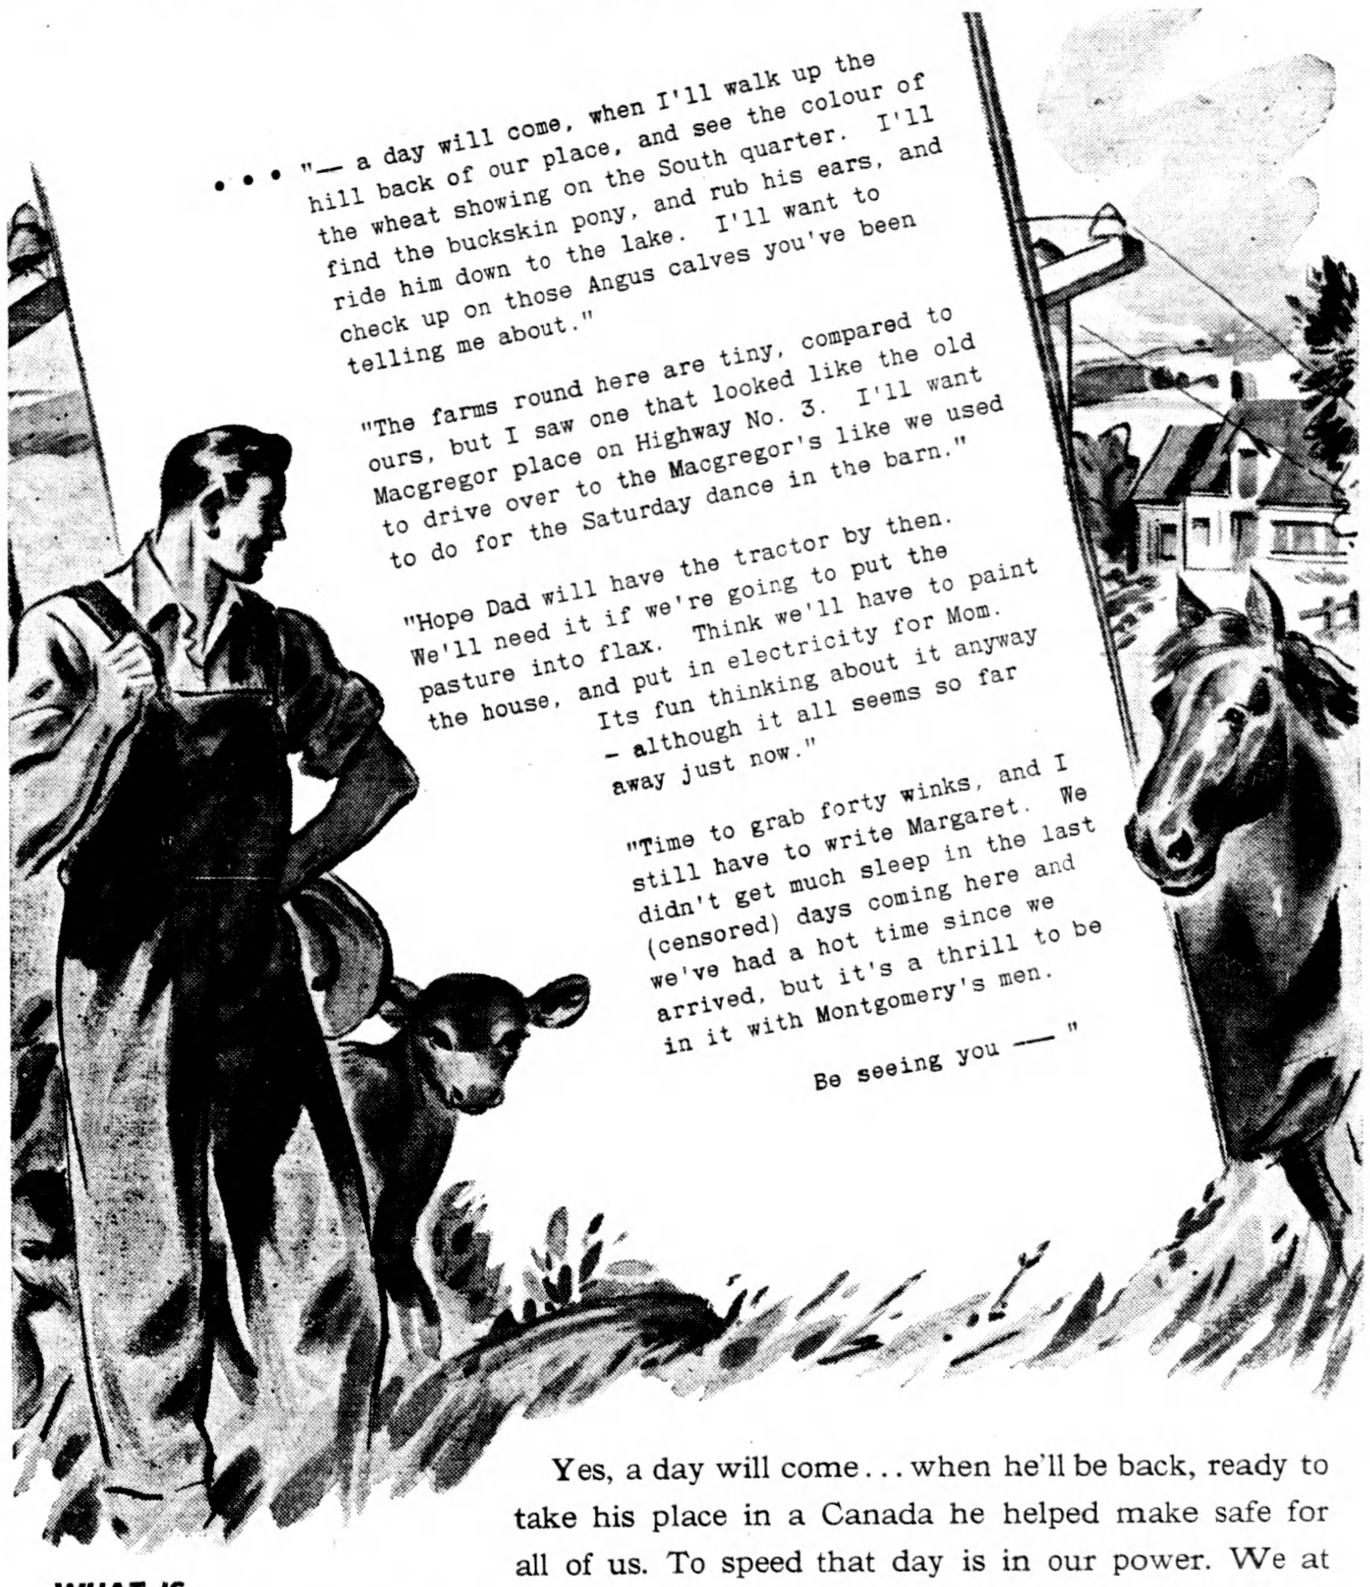
A DAY WILL COME..



Yes, a day will come . . . when he'll be back, ready to take his place in a Canada he helped make safe for all of us. To speed that day is in our power. We at home . . . in factories, in offices, on farms . . . work long hours to hurry it along. We go without, and lend our savings to provide what he needs to win quickly. This is the least that anyone can do. And when that day comes — you'll want to welcome him — and to help him make his hopes come true.
