## MOSCOW CELEBRATES KIEV VICTORY

In joyous fireworks, tracer bullets lace the night sky over Moscow as Premier Marshal Stalin's order for 24 triumphant salvos from 324 guns symbolizes Russian jubilation over the recapture of Kiev on the eve of the 26th anniversary of the Red Revolution.

## How Can I ??

By Anne Ashley

Q. How can I clean enamelware in which food has been burned?

A. By filling with cold water, add 1 tablespoon of washing soda for every quart of water, heating slowly, and then letting it boil for about 10 minutes. The burnt food can then be removed without difficulty.

Q. How can I make a substitute for cream of tartar?

A. When mixing cake that calls for cream of tartar, a good substitute is buttermilk. If the buttermilk is not sour enough, add a little vinegar.

Q. How can I open a clogged sink?

A. A strong solution of copperas water poured down the drain pipe of the sink will open it.

Q. How can I improve the appearance of shoes?

A. Rub the leather of the shoes with the inside of a freshly cut orange peel, then polish with a soft cloth, and see how it improves the appearance.

Q. How can I get good results when using stove polish?

A. Moisten the stove polish with a little vinegar, instead of water, and it will impart a richer luster, with far less effort.

## Berlin: Who'll Get There First?

The roads to Berlin are still long and hard, but the distances are growing shorter as Allied armies in Italy and Soviet forces in Russia close in on a common objective. Mountains block the 850-mile route from Naples to Berlin, while Hitler still has great concentrations of troops and several fortified lines between Russia and the German capital.

HOW TO RELIEVE
PILE TORTURE
QUICKLY AND EASILY

If you are troubled with itching piles or rectal soreness, do not delay treatment and run the risk of letting this condition become chronic. Any itching or soreness or painful passage of stool is nature's warning and proper treatment should be secured at once.

For this purpose get a package of Hem-Roid from any druggist and use as directed. This formula which is used internally is a small, easy to take tablet, will quickly relieve the itching and soreness and aid in healing the sore tender spots. Hem-Roid is pleasant to use, is highly recommended and it seems the height of folly for any one to risk a painful and chronic pile condition when such a fine remedy may be had at such a small cost.

If you try Hem-Roid and are not entirely pleased with the results, your druggist will gladly return your money.

## Allied War Dogs Are Well Treated

The following statements, taken from an article appearing in The Animal World, England's Royal S.P.C.A.'s publication, relative to the war dogs of Britain, may be regarded as true in practically every respect concerning dogs in this country given up for service with our armed forces.

Those who, from patriotic motives, have parted with their animals, may rest assured that they are receiving good treatment.

Patience and kindness are the principal factors in their training. Punishment is a deterrent and not a help to learning.

The dogs are made to use their intelligence and understanding. Where this is so, they will leave the service more self-controlled and far more controllable than when they entered.

Patrol dogs accompany scouting parties. They sniff out concealed enemy personnel and give silent warning and direction to the party. Liaison dogs are trained solely to carry messages between points where it is important to have a fast, inconspicuous messenger.

The breeds and types of dogs which react favorably to army training include all the kinds that are suitable for the three branches of the War Dog Service. Alsatians are favored for vulnerable point duty. Alsatians and Labradors rank high for patrol work. Collies and the smaller breeds of sheepdogs have an advantage in liaison because they are fast, nimble, quick-witted and hard to detect. Mongrels of medium height have shown up well in this department.

The head trainer for the army is a man who for many years has been recognized as the foremost in his work. With him is a staff of selected army personnel. They are men who are well aware that only by gentle patience can a dog be trained for war.
