OUR POSITION

Only a few more days remain until the people of this country will be called on to pronounce upon one of the most important questions that the electorate has ever been asked to record their preference, and every woman has a vote

There are four questions to answer, but the all important one is the first on the ballot paper, "Are you in favor of the repeal of the Canada Temperance Act?" This question, if answered in the affirmative, will bring back the open bar. We have Premier Hearst's emphatic statement to that effect. It is denied by the liquor interests, but in face of the premier's statement their denial does not amount to anything. We believe there are very few people who wish the open bar back again. We have been acquainted with its nefarious work too long, and we have been acquainted with the blessings of prohibition too long, to wish to return to the open bar.

In this case, as the questions are formulated, it appears to us that it would be a dire calamity for this country if the first question on the ballot were not answered with a "No" by the majority of the electors, regardless of what they may say to the other questions on the paper. No. 1 is the vital question, but to avoid complications it will be wisdom to mark "No" to all the questions asked and let well enough alone, notwithstanding the arguments, false and otherwise, advanced by the organization known as the Citizens' League. These people wish us to vote "Yes" to all the questions, but we fancy they will get a surprise when the women of this country as well as a big majority of the men who do not wish to see pre war conditions return, are given their opportunity on Oct. 20, next, to express their convictions.

Has Done Good Work
Ontario Temperance Act A Great Benefit to Province

Abraham Lincoln
"The Liquor traffic is a cancer in society, eating out the vitals and threatening destruction, and all attempts to regulate it will not only prove abortive but will aggravate the evil. It must be eradicated—not a root must be left behind."

THE Ontario Temperance Act has reduced crime by over one-third and drunkenness in public has practically disappeared.

Alcoholic insanity has disappeared.

Gold cures and alcoholic institutes for treating alcoholism have been closed for lack of patients.

Ontario has been saved an annual drink bill of $36,000,000, enough to pay our share of interest on the War Debt.

Many victims of alcohol three years ago, thank God to-day for the Ontario Temperance Act.

To repeal the Ontario Temperance Act would be a calamity. The amendments would make it practically worthless. To every question on the Referendum vote NO.

Drink is a Cancer

Doctors, Alienists, Criminologists, Insurance Actuaries, Statesmen, Generals, Big Business Men, and Social Workers agree that alcohol as a beverage is a racial poison and a national curse.

British Columbia, Alberta, Saskatchewan, Manitoba, Quebec (excepting beer and wine), New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland have enacted prohibition.

The United States is permanently "dry."

France has abolished absinthe, Scotland has now a local option law, England is initiating a great campaign for temperance reform. The movement is world wide.

Ontario must go forward, or be left behind, but be careful
