The Expenditure of $610,000,000

How the last Victory Loan was spent

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers This included $312,900,000 for paying them feeding them bringing them home, separation allowances to their dependents maintenance of medical services and vocational training schools

For Demobilization

$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities

$9,000,000 was spent at Halifax for relief and reconstruction after the disaster

✧ ✧ ✧ ✧ ✧ ✧ ✧

Other disbursements were not strictly speaking expenditures but National Re-investments

For Trade Extension

To Great Britain for example

$173,500,000 was loaned for the purchase of our wheat and cereals

$9,000,000 for our fish

$30,000,000 for other Foodstuffs

$2,900,000 for Canadian built ships

$5,500,000 to pay other British obligations in Canada.

Making in all $220,900,000 advanced to Great Britain

To our Allies we loaned $8,200,000 for the purchase of Canadian foodstuffs raw material and manufactured products

The Re-investments will be paid back to Canada in due time with interest

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice, had we not made these credit loans

As far as money is concerned 1919 has been, and is still—just as much a war year as 1918 Our main expenditures for war cannot be completed until well on into 1920 Thus another Victory Loan is necessary—*Get ready to buy.*

Victory Loan 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

Terrible Fatality

A terrible fatality occurred near Swinton Park on Wednesday of last week, when Donald McCormick was shockingly mutilated and from the effects of which he died the same evening. The victim was adjusting a belt on a 12 horsepower gasoline engine when the belt caught him and drew him into the flywheel. One arm was torn off above the elbow, both legs were broken and he was badly cut up on face and body. He remained conscious for several hours, when death ensued. The deceased was 35 years of age and leaves a wife but no family. Mrs. McCormick is a daughter of Henry Lawrence of near Durham, and much sympathy is extended to her in her awful bereavement.

Lowther-Williams

On Wednesday, October 1, Miss Pearl Williams, eldest daughter of Mr. and Mrs. W. Williams, 236 First Avenue, Toronto, was united in marriage to Mr. G. F. Lowther, 225½ Borden street, Toronto, by the Rev. Mr. Parks, pastor of Pape Avenue Baptist church. The parents of the bride formerly lived at Eugenia. A week previous Miss Williams, who has been a highly esteemed worker with the T. Eaton Co., was honored with a miscellaneous shower by her fellow workers and manager of her floor, at which a large crowd was present. Mr. and Mrs. Lowther left for a short honeymoon trip to Peterboro and other points, and on their return will be at home at 225½ Borden street, Toronto.

Provincial Elections

1919

To the Electors of Centre Grey :

Ladies and Gentlemen,—At a very large and representative convention held at Rocklyn, I was nominated to contest the riding of Centre Grey in the interest of the United Farmers of Ontario, and I am in the field asking for your votes as a farmer candidate to represent the constituency in the next Legislature of Ontario.

It has been falsely stated that I was put forward as a nominee in reality of the Liberal politicians of this riding. I do not know and have never known the Liberal leaders in Centre Grey and have never been in communication with them, directly or indirectly.

I am contesting Centre Grey as a farmer candidate, just as much in opposition to the official Liberal party as to the Conservative party.

It appears to me that, under the present party system, where one party has a sufficiently powerful majority to force its will upon the Legislature, we shall never have a proper discussion or appreciation of questions affecting the public as a whole. I submit that it would make for better government if, instead of the present two parties, we had in addition a fairly strong agricultural and a labour group independent of the old line parties. We should at all events have an intelligent discussion of questions of interest to the farmer and laborer, who form the bulk of our population. As it is now, these are legislated upon in a manner calculated to advance party political interests, often to the detriment of the two great and important sections of our people, agriculture and labor.

Our present large and increasing provincial debt can only be reduced by the most rigid economy. At present we are surrounded by a riot of waste and extravagance.

I unhesitatingly declare myself in favor of prohibition, which I have always supported.

As the elections have been brought on at very short notice, I shall be unable to see or even address all the electors The petty tactics of our present government in delaying the announcement of the date of the general elections until almost the last moment, were, there is little doubt, calculated to prevent a fair popular verdict being given and very clearly show that instead of statesmanlike wisdom, our present rulers are possessed rather of a low cunning unbecoming men who guide such large destinies.

Voting Monday, October 20th, 1919.

Again soliciting your support, I remain

Yours truly.
