Mr. John Blackburn had a narrow escape from serious injury one day last week. While a heavy gale was raging he was walking along the sidewalk at F. Duncan's hardware store when a section of high board fence was blown upon him, knocking him down. Fortunately it fell against a large electric light pole, which held up the section of fence so that its whole weight did not come upon Mr. Blackburn when he fell, otherwise he would have been badly crushed. As it was he was somewhat sore after the blow.

A couple of months ago Edward Sargeant of Owen Sound was committed on complaint of the Collingwood Chief of Police under the Motor Vehicles Act in the police court and fined. Sargeant appealed the decision of the Police Magistrate and the case came up in the Division Court on Thursday last before Judge Wismer. Judgment was given on Saturday dismissing the appeal with costs—Enterprise.

Last Friday evening a meeting of the congregation of Flesherton Methodist church was held to consider the responsibilities of the local church in the inter-church campaign for the carrying over into Spiritual warfare, the liberality and sacrifice witnessed during the war, into a conquest of the world for christ. Rev. G. McAteer, of Owen Sound, presented the work clearly and emphatically to the meeting. The congregation by a standing vote promised to enter heartily into the work to accomplish their share of the great task.

The Owen Sound Advertiser published an article in its issue of October 30th in which it stated that on Tuesday morning in the high wind a tin roof was lifted clean off a baggage car that was standing on a siding, and deposited it neatly across the track in front of the morning train which had just pulled in at Flesherton station, causing the train to be held up until the obstacle was removed. The Advance made enquiries and the information that was received was to the effect that no such accident as The Advertiser reported took place, also that no baggage car was on a siding at the time mentiond. We don't know how The Advertiser received the news, but it looks as though he had not quite recovered from the recent elections and was still "seeing things"

Arm Cut Off

A shocking accident occurred at the farm of Mr. Geo. Wright, Vandeleur, on Tuesday evening of last week, when Thomas Gilray, a thresher, had his right arm cut off about two inches below the elbow by having his hand caught in the strawcutter belonging to the machine.

Mr. Gilray was threshing for his uncle at the time. He undertook to loosen some clogged straw while the machine was in motion, when in some manner his hand was caught in the knives which chopped it up nearly to the elbow. Drs. Brown and Ego, of Markdale, dressed the mangled member and the patient is getting along as well as could be expected.

The Victory Loan

The Victory Loan in the township of Artemesia and the village of Flesherton is again proving a huge success, and the canvassers have no reason to complain. The objective was $90,000 for this high school district and at the end of the first week the three canvassers had pilled up $62,050, leaving only $27,000 to reach the objective. Flesherton and Ayton are running closely with Ayton about one half per cent. in the lead, and Dundalk a close third. It if remarkable where all the money comes from, but as a matter of fact many farmers have put up from one to six thousand dollars in the Loan, showing how it is appreciated in this district as an investment. The canvass will end a week from next Saturday, November 15th. The following is the total returns up to Saturday night :

District	Objective	Returns
