Thanks a Million

We are glad to announce that our butter production for the year 1943 has been very satisfactory. For this we thank our patrons for their co-operative effort.

May we ask that even greater effort be put forth in 1944 — the country needs it. It will also pay you well. The Government bonus is now 10 cents per lb. butter fat.

There is still a big demand for both live and dressed poultry.

The Creamery will be closed Saturday evenings until further notice.
