Fire Proof Roofing.

THE BEST FIRE PROOF ROOFING ever introduced is said to be that of Mica, Soapstone and Plumbago, combined with other ingredients, which has been patented by the Brockville Mica and Plumbago Company, and which is now introduced into almost every city and town in this Province.

It is warranted to be perfectly proof against fire and also against frost as far as it has been tested during the last two years.

All parties wishing to get a good Fire Proof Roof are invited to my Foundry, corner of Union and Ontario Streets, in this city, where they can see for themselves the ravages made by fire close to my Moulding Shop, while strange to say, it came off comparatively unhurt from the flames.

THURSDAY EV'NG, MARCH 11, 1875.

ONLY A WOMAN.

BY HESTER A. BENEDICT.

Only a woman, shrivelled and old!
The play of the winds and they prey of the cold!
Cheeks that are shrunken,
Eyes that are sunken,
Lips that were never o'er bold;
Only a woman, forsaken and poor,
Asking an alms at the bronze church door.

Hark to the organ! roll upon roll
The waves of its music go over her soul!
Silks rustle past her—
Thicker and faster;
The great bell ceases its toll
Fain would she enter, but not for the poor
Swingeth wide open the bronze church door.

Only a woman—waiting alone,
Icily cold on an ice-cold throne.
What do they care for her?
Mumbling a prayer for her,
Giving not bread but a stone.
Under old laces their haughty hearts beat,
Mocking the woes of their kin in the street.

Only a woman! In the old days
Hope carrolled to her happiest lays;
Somebody missed her,
Somebody kissed her,
Somebody crowned her with praise;
Somebody faced up the battles of life
Strong *for her sake* who was mother, or wife.

Somebody lies with a tress of her hair
Light on his heart where the death-shadows are
Somebody waits for her,
Opening the gates for her,
Giving delight for despair.
Only a woman—nevermore poor—
Dead in the snow at the bronze church-door.

What is the Matter?—Your hair looks dry and dead, it breaks off, and is falling out. You dress it with an alcohol and oil mixture or some well advertised Hair Restorer. The hair is poisoned, it is killed. If you would restore it cast away these things, go buy a bottle of Bearine which can be had of any Druggist, and we will guarantee a change for the better at once.

GRAND TRUNK MATTERS.—The Grand Trunk engine men met on Sunday on the different divisions along the line, and took into consideration the result of the interview with the Managing Director and Mr. Wallis. As the men all belong to the Locomotive Brotherhood of the States, the Executive of this body will, it is said, decide finally. The G. T. R. engine drivers are very averse to a strike, and it is not probable this extreme measure will be resorted to. Superintendent Wallis has since the interview issued another circular to the men, in which he says there will be no further reduction than that proposed, and that if the men desire any adjustments or allowance for time, he will be prepared to do them justice in the new tariff. It seems the Great Western Railway has, since Mr Brydges' advent to the Directorship, secured an increas of through and Ontario traffic, which has acted unfavorably on the Grand Trunk traffic. In fact the competition by the great through routes for the Western trade has come to such a point, that the roads now make money on local traffic alone, and it would perhaps be well for the Grand Trunk officers to give a little more attention to the development of this.—*Witness.*

At the police court in Liverpool the other day a person who has followed the occupation of cabman for several years, was brought upon a charge of stealing butcher's meat. On being removed to the jail it was discovered the prisoner was a woman. Her real name is Mary Hanniwell. She is the daughter of a land steward at Taunton, and was married to an army surgeon before she was fifteen years old, but, being unhappy, left him after a few years, and made her way to London. Having learned to drive horses when a mere girl, she turned this knowledge to account, and procuring a suit of men's clothes, obtained employment as a cab driver. She continued at this work for three years, and then came to Liverpool, where she has followed the same occupation for about six years. The prisoner was sentenced to two months' imprisonment.

GRIPPED.—The cartoon in the last number of *Grip* is entitled "Waiting for the Signal," and is a very good one. A wretched looking, bottle-shaped cur, dubbed "Liquor Traffic," tied to a post, with a grin of defiance awaits its fate from a rifle aimed at it by the Premier standing in his shirt sleeves (with Scotch cap wrong end foremost) marked "Prohibitory Law," and a blunderbuss aimed by the Hon. George Brown (who lies on the ground), beside both being a keg of ammunition marked "G. W. Ross Powder." "Canada" stands by with handkerchief marked "Public Opinion," to give the signal, while a clerical-looking gentleman at her side carrying a portfolio labelled "Affleck's Lectures on Prohibition" nudges her, saying, "Drop it, dear; drop it!!!"

—Fourteen of the Caraquette Rioters have been bailed for $800 each to appear when wanted. The nine held for murder of the constable Gifford, however, will be allowed no bail.

It is an established fact, that Consumption can be cured, but it is far better to prevent the cruel disease from fastening itself on the system, by the timely use of a remedy like Dr. Wistar's Balsam of Wild Cherry. This standard preparation will speedily cure a cough or cold, and even Consumption often yields to its great power.

The Human Hair.—To give it strength and lustre, to improve its texture, to prevent its falling out and quicken its growth—in short to make it, as intended, the crowning personal charm of both sexes—this is the work Burnett's Cocoaine will accomplish, if faithfully used. There is a stimulating property in this preparation, which greatly assists the growth of the fibres, at the same time rendering them smooth, silky and elastic.

Hemorrhoids (or Piles) are permanently cured by Mathieu's Pile Ointment, or money refunded. Price $1 per Pot, or 6 Pots for $5. Sold wholesale and retail by the Wingate Chemical Company, Montreal, and retail by all druggists, or will be forwarded to any address on receipt of price by Dr. E. Mathieu, 198 Notre Dame Street, Montreal.

☞ The first approaches of consumption are so insidious that thousands remain unconscious of its presence until it has brought them to the verge of the grave. The immediate use of "Bryan's Pulmonic Wafers" upon the first appearance of the cough, pain or soreness of the throat or chest, would generally preclude a fatal result; therefore, when you take a cold use Bryan's Pulmonic Wafers, and thus prevent the necessity for taking them in more dangerous complaints. Sold by all medicine dealers and country stores, at 25c per bx.

The Horse.—"Of the great number of animals under the control of man, the horse is unquestionably the most serviceable;" but is it not strange that so many who own horses, and who are dependent on their labour for a living, should neglect to give them that care and attention which their own interest no less than the safety and comfort of the horse demands. The best remedy for horses is "Darley's Condition Powders and Arabian Heave Remedy;" of this there can be no doubt—it is safe and easily given. Remember the name and see that the signature of Hard & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

Letter from Rev. J. Salmon, M.D.—Chipman Queen's County, N.B. Mr. Jas. I. Fellows.—Sir, In the practice of medicine I have recommended your Compound Syrup of Hypophosphites, and have invariably the following results: Greater freedom in the action of the Lungs, increased and more easy expectoration in cases indicated by dry cough, and decided augmentation of tone to the whole nervous system. I can safely and consistently recommend your invaluable preparation in a variety of cases, especially for chest diseases, having successfully prescribed it in Bronchitis, Asthma, Debility from liver complaint, debility from impoverished blood. I am, sir, yours truly, JAMES SALMON, Practicing Physician and Surgeon.

ELECTRICITY!

Thomas' Excelsior Eclectric Oil.—Worth Ten Times its Weight in Gold.—"Pain cannot Stay where it is used."

It is the cheapest medicine ever made. One bottle does cure common sore throat. One bottle has cured Bronchitis. Fifty cents worth has cured an old standing Cough. It positively cures Catarrh Asthma and Croup. Fifty cents worth has cured Crick in the back and the same quantity Lame back of eighty years standing. The following are extracts from the few of the many letters that have been received from the different parts of Canada which we think should be sufficient to satisfy the most sceptical. J. Collard, of Sparta, Ontario, writes: Send me 6 doz of Dr. Thomas' Eclectric Oil, have sold all I had from you and want more now, its cures are truly wonderful." Wm Maguire of Franklin, writes "I have sold all the agent left, it acts like a charm it was slow first but takes splendidly now." M. Cole of Iona writes: "Please forward 6doz. Thomas Eclectric Oil, I am near out; nothing equals it. It is highly recommended by those who have used." J. Bedted, Thamesville, writes, "send at once a further supply of Eclectric Oil. I have only one bottle left. I never saw any thing to sell so well and give such satisfaction." J. Thompson Woodford, writes: "Send me some more Eclectric Oil. I have entirely sold out. Nothing takes like it." Miller and Rye, Ulverton, P.Q., writes: "The Eclectric Oil is getting a great reputation here and is daily called for, send us a further supply without delay—Leymone, Gibb & Co., Buckingham, P.Q., writes: "send us one gross Eclectric Oil—we find it to take well."

ALLEN'S LUNG BALSAM.

Is warranted to break up the most troublesome cough in an incredible short time. There is no remedy that can show more evidence of real merit than this Balsam, for curing Consumption, Coughs, Colds, Asthma, Croups &c. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. It is introduced to the suffering public, after its merits for the positive cure of such diseases have been fully tested. The formula from which it is prepared is referred to by the leading medical journals as being equal to any prescription that can be made up for such diseases by the medical faculty. The Balsam is consequently recommended by physicians everywhere.
