Fire Proof Roofing.

THE BEST FIRE PROOF ROOFING ever introduced is said to be that of Mica, Soapstone and Plumbago, combined with other ingredients, which has been patented by the Brockville Mica and Plumbago Company, and which is now introduced into almost every city and town in this Province.

It is warranted to be perfectly proof against fire and also against frost as far as it has been tested during the last two years.

All parties wishing to get a good Fire Proof Roof are invited to my Foundry, corner of Union and Ontario Streets, in this city, where they can see for themselves the ravages made by fire close to my Moulding Shop, while strange to say, it came off comparatively unhurt from the flames.

WEDN'SDAY EV'NG, MARCH 24, 1875

THE TWO ANGELS.

BY JOHN G. WHITTIER.

God called the nearest angels who dwell with him above:
The tenderest one was Pity, the dearest one was Love.

"Arise," he said, "my angels! a wail of woe and skin
Steals through the gates of heaven, and saddens all within.

My harps take up the mournful strain that from a lost world swells,
The smoke of torment clouds the light and blights the asphodels.

Fly downward to that under world, and on its souls of pain
Let Love drop smiles like sunshine, and Pity tears like rain!"

Two faces bowed before the Throne veiled in their golden hair,
Four white wings lessened swiftly down the dark abyss of air.

The way was strange, the night was long; at last the angels came
Where swung the lost and nether world, red-wrapped in rayless flame.

There Pity, shuddering, wept; but Love, with faith too strong for fear,
Took heart from God's almightiness and smiled a smile of cheer.

And lo! that tear of Pity quenched the flame where on it fell,
And, with the sunshine of that smile, hope entered into hell!

Two unveiled faces full of joy looked upward to the Throne,
Four white wings folded at the feet of him who sat thereon!

And deeper than the sound of seas, more soft than falling flake,
Amidst the hush of wing and song the Voice Eternal spake:

"Welcome, my angels! ye have brought a holier joy to heaven,
Henceforth its sweetest song shall be the song of sin forgiven."

—*Atlantic for April.*

The Human Hair.—To give it strength and lustre, to improve its texture, to prevent its falling out and quicken its growth—in short to make it as intended, the crowning personal charm of both sexes—this is the work Burnett's Cocoaine will accomplish, if faithfully used. There is a stimulating property in this preparation which greatly assists the growth of the fibres, at the same time rendering them smooth, silky and elastic.

The Cigar Question.

He was a nice young man and he smoked good cigars. His friends knew it and very quickly asked if he had the mate to that, referring to the shapely end protruding from his lips, and from which the pale blue smoke arose above the pure white ashes and curled away. He was one of from six to ten good fellows who gathered in a certain place. Half of them wanted a cigar, and the right hank vest pocket was soon emptied because he was too generous to refuse when asked. He procured a vest with two pockets for cigars. In one he kept the ones he smoked himself and in the other he had a fine selection which he purchased at the rate of six for twenty-five cents. It would not do, however; they merely remarked that these were not as good as he used to have, but smoked them just the same as before.

Then he procured one hundred of the celebrated stogy cigars which are sold six for five cents, which are green and yellow colored, and which are variously designated as 'stinkadories,' 'hackman's regalia,' 'water works' favorite,' and 'day laborer's conscience.' Even then several still continued their requests. In despair he purchased a cigar-case, held a consultation with several cigar makers and procured fifty cigars. The wrappers were carefully made from domestic tobacco, while the filling was a fine mixture of old carpet strings dipped in kerosene, mullen leaves, tea grounds, fine-cut leather, and iron nails. One or two had pins so placed that the smoker's tongue came in rough contact with them.

The nails were placed near the end of the cigar so that the teeth of the person who bit off the end preparatory to smoking might strike them. It was a complete success. The leather-filled cigars were the best, next to which stood the kerosene oiled carpet-rag filling. A few minutes after the smoke began to come from them the smokers disappeared with pale faces; and their companions looked around carefully to find where the old clothes were burning. Eight stubs were still preserved as mementoes of heartburn and headache. The nice young man has a case full of the cigars for his friends and plenty to fill the case should it be emptied. It never is. No one asks and he never offers a cigar.

Cut This Out.

Every person should know how to treat a flesh wound, because one is liable to be placed in circumstances away from surgical and veterinary aid, where he may save his own life, the life of a friend or of a beast, simply by the exercise of a little common sense. In the place, close the lips of the wound with the hands and hold them firmly together to check the flow of blood until several stitches can be taken and a bandage applied. Then bathe the wound for a long time in cold water. 'Should it be painful,' a correspondent says, 'take a panful of burning coals and sprinkle upon them common brown sugar and hold the wound part in the smoke. In a minute or two the pain will be allayed and the recovery proceeds rapidly. In my case a rusty nail had made a bad wound in my foot. The pain and nervous irritation were severe. This was all removed by holding it in smoke fifteen minutes, and I was able to resume my reading in comfort. We have often recommended it to others with like result. Last week, one of my men had a finger-nail torn out by a pair of ice-tongs. It became very painful, as was to be expected. Held in sugar smoke twenty minutes, the pain ceased and promised a speedy recovery."

A Big Launch.—Much interest attaches in nautical engineering circles to the proposed launch of the new ironclad Superb, which is to take place at Chatham dockyard on the 7th of April. The ship is to be named by the Princess of Wales, and in consequence she will be changed from the Superb to the Alexandra. But the practical interest lies in the fact that she is to be launched in the old fashion, and not floated out of her dock, as most other large vessels have been.

—The title of "reverend" in no way declares a man to be a clergyman. Two hundred and fifty years ago Masters in Chancery were styled reverend.

—The organ grinders who made two or three desperate splurges on those sunshiny days, have all gone back to winter quarters. This a bad sign.

Bearine.—It is not only well prepared and is every a perfect hair dressing; but it is well that it is prepared, as the public have long suffered for the want of a healthful hair invigorator and pleasant hair dressing. Sold by druggists.

Hemorrhoids (or Piles) are permanently cured by Mathieu's Pile Ointment, or money refunded. Price $1 per Pot, or 6 Pots for $5. Sold wholesale and retail by the Wingate Chemical Company, Montreal, and retail by all druggists, or will be forwarded to any address on receipt of price by Dr. E. Mathieu, 198 Notre Dame Street, Montreal.

Found at Last!—A remedy that not only relieves, but cures that enemy of mankind, Consumption as well as the numerous satellites revolve around it in the shape of coughs, colds, bronchitis, sore throat, influenza, &c. The remedy we allude to is Dr. Wistar's Balsam of Wild Cherry, prepared by Seth W. Fowle & Son, Boston.

Health is Strength.—To prevent or conquer disease is one of the grandest attainments ever aimed at by man; and "Bryan's Pulmonic Wafers" will as sure cure coughs, colds, tickling in the throat and pulmonary complaints, as war and pestilence would destroy. Severe colds if not attended to sooner or later lead to incurable consumption, and the strength of the strongest soon fails if neglected. The readiest and best means known for the cure of these complaints is Bryan's Pulmonic Wafers, which have been thoroughly tried for the last twenty years, and have never been known to fail. Singers and public speakers will also derive great benefit from the use of them. Sold by all medicine dealers and country stores, at 25c per bx.

Great Condition Medicine.—As a condition medicine for horses Darley's Condition Powders and Arabian Heave Remedy,' has no equal its effects in this respect are astonishing; many horses that were supposed to be broken down and almost worthless, have by the use of a few packages been restored to a healthy and sound condition, all traces of the disease having been completely removed, and have been sold for from $50 to $75 more than they would previously have brought; when you want a horse medicine get "Darley's Condition Powders and Arabian Heave Remedy;" we know you will be perfectly satisfied with the result. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

ELECTRICITY!

Thomas' Excelsior Eclectric Oil.—Worth Ten Times its Weight in Gold.—"Pain cannot Stay where it is used."

It is the cheapest medicine ever made. One bottle does cure common sore throat. One bottle has cured Bronchitis. Fifty cents worth has cured an old standing Cough. It positively cures Catarrh Asthma and Croup. Fifty cents worth has cured Crick in the back and the same quantity Lame back of eighty years standing The following are extracts from the few of the many letters that have been received from the different parts of Canada which we think should be sufficient to satisfy the most sceptical. J Collard, of Sparta, Ontario, writes: Send me 6 doz of Dr. Thomas' Eclectric Oil, have sold all I had from you and want more now, its cures are truly wonderful." Wm Maguire of Franklin, writes "I have sold all the agent left, it acts like a charm it was slow first but takes splendidly now." M. Cole of Ionia writes: "Please forward 6 doz. Thomas Eclectric Oil, I am near out; nothing equals it. It is highly recommended by those who have used." J. Bedted, Thamesville, writes, "send at once a further supply of Eclectric Oil. I have only one bottle left. I never saw any thing to sell so well and give such satisfaction." J. Thompson Woodford, writes: "Send me some more Eclectric Oil. I have entirely sold out. Nothing takes like it." Miller and Rye, Ulverton, P.Q., writes: "The Eclectric Oil is getting a great reputation here and is daily called for, send us a further supply without delay—Leymone, Gibb & Co., Buckingham, P.Q., writes: "send us one gross Eclectric Oil—we find it to take well."

☞ Sold by all medicine dealers. Price 25 cents.

Prepared by S.N. Thomas, Phelps. N.Y., and Northrop & Lyman, Toronto, Ont., sole Agents for the Dominion. Note.—Eclectric—Selected and Eclectrical. Sold in Kingston by E. H Parker, J.G. King, Heath and Gunn, G S. Hobart McLean & Co. and all medicine dealers.

BEARINE!

Prepared from the Pure Grease of the Canada Bear.

This delightfully perfumed preparation imparts a soft glossy finish to the Hair inclining it to remain in any desired position. It gives the Hair not only a luxurant growth but arrests greyness, baldness, and other diseases of the head and scalp. Genuine Bear's Grease has long been held in high esteem as a valuable article for Dressing the Hair. It has been highly commended and used by eminent Chemists and Physicians of every country. Each bottle is enclosed in a card board box surrounded by a finely engraved wrapper, forming a package both ornamental and useful on every Ladies' Dressing Table.

Sold by all Druggists. Price 50c per pckg.
