COMPOUND SYRUP

—OF—

SPRUCE GUM

TRADE MARK

AS PREPARED BY THE

SISTERS OF PROVIDENCE,

Montreal and Burlington, Vt.

IT is thirty years and upwards since we commenced preparing this Syrup under the present name, and during this time we have given away to the poor and sold many thousand of bottles. It has been only at the earnest solicitation of our friends, of all classes and denominations, that we have considered it our duty to put it up in a shape suitable to be sold on the market, by this means reaching all who may need it. The formula of the remedy is well known to medical gentlemen of this city, and approved of by them as one of the best remedial agents known to the medical faculty for the cure of Coughs, Colds, Hoarseness, Pains in the Chest, Disease of the Lungs, and all Pulmonary affections.

Its pleasant taste renders it peculiarly adapted for children, and if carefully administered, according to the directions, may be given to a child of a month old with perfect safety, and will afford immediate relief.

It excites expectoration and causes the lungs to throw off the Phlegm or Mucous, heals the irritated parts and creates a healthy action.

One of our eminent city physicians, Dr. E. H. Trudel, Professor in Victoria Medical College, Montreal, and Head Physician at the Dispensaries of the Sisters of Providence, etc., etc., who has used it extensively in his practice for nearly twenty years, speaks of it as follows:

"275 Dorchester st., MONTREAL.

"It is now eighteen years and upwards that I have been attending physician to the Reverend Sisters of the Providence Asylum. During that period I have prescribed this 'Compound Syrup of Spruce Gum,' not only to the inmates but also to outside patients.

"The valuable properties this Syrup possesses induce me to place it in the foremost rank amongst the remedies known to the Therapeutist in all cases of Coughs, Bronchitis and Consumption, affording those troubled with those complaints the most wonderful relief.

"E. H. TRUDEL, M.D."

In placing this remedy before the public, we trust you will believe we are not actuated by any sordid motive. Our object is not gain for ourselves, but that we may increase our means of doing good. We presume you are aware that our House is supported by voluntary contributions, and any increase to our means derived from our industry is devoted to alleviating the wants and sufferings of the afflicted, the aged, the infirm, the friendless, homeless and orphans of all classes and creeds.

We visit the sick and assist the needy to the utmost extent of our means, and we are sure that all will bear testimony of our desire to do good. To be ill or in want is sufficient to enlist our sympathy and receive our care.

Trusting to receive your hearty co-operation and support.

We have the honor to be, etc.,

Daily British Whig

WEDN'SDAY EVEN'G, JULY 14, 1875.

OVER THE BANISTERS.

To-night's Carry's coming out party;
She's frightened to death, she declares.
No doubt she quite envies her sister,
Perched there on the third story stairs.

But I envy her deeply,
I wish I was more than fifteen!
How nice to receive by mamma there
As a princess receives by a queen!

Good gracious! what legions of people!
Our rooms will be fearfully full,
The ladies are all walking bundles
Of tarlatan, merino and wool.

And the gentlemen, wrapt in long ulsters,
Rush up with their whole might and main,
As though every one was quite anxious
To be quest in time for a train!

But the ladies who gently glide downward,
How richly their bright dresses glow!
What lovely bouquets! and, oh, mercy!
How much of their necks they do show!

And the gentlemen, these are so altered
From the way they appeared when they came,
But one thing cannot be disputed—
They all look extremely the same!

And, ah! think of poor me, forbidden
These fine sights that Carry's among!
I never have felt half so keenly
How horrid it is to be young!

And Carry's so bashful and timid!
She hates it, as well may he seen,
If I were downstairs in long dresses
I'd make them believe me eighteen!

Oh, dear! that magnificent music!
It gives me queer chills in my knees,
Mamma doesn't know it—but truly
I waltz with remarkable ease.

I'm growing so nervous and fretful,
I certainly think I should scream
If Jane hadn't faithfully promised
She'd bring me up lots of ice cream!

Gems.—Since Messrs. Perry Davis & Son commenced the manufacture of Bearine, the Canada trapper has found a lucrative business in capturing old Bruin. Messrs. Davis & Son pay a good price for the grease, and the skins are always sought after. Messrs Davis & Son have a mode of refining the grease, perfuming it, &c., making it superior to any others we have ever seen.

AN ENGLISH BUTLER.—Dr. Kenealy is the English edition of General Butler. If he cannot get through his pet measures he manages, at least, to make it most uncomfortable for his opponents. He couldn't get a second trial for his client, Arthur Orton, because there was a majority of some 599 against him in the House of Commons. But he could address meetings of laborers numbering from ten to twenty thousand, and raise a popular enthusiasm in his favor, which was humiliating to those who claimed that Orton was all a humbug.

The doctor has of late been trying to bring in a bill limiting the duration of Parliament to three years. He commenced speaking for the bill, and all the members of the House immediately left. Was he floored? Not he. Thursday night, or rather early Friday morning—for the session had been a late one—Dr. Kenealy coolly brought his motion again forward, and having previously won over to his support a sufficient number of members to frustate an adjournment, he continued speaking until 3:05 Friday morning. Defeat was of course assured from the start, but the Doctor had his revenge, and a decidedly mad and sleepy crowd left the halls of Parliament that Friday at 3:05 o'clock in the morning.

THE LONDON FIRES.—The London *Free Press* points out that no less than forty incendiary fires have taken place in that city since the 24th of May, and concedes that it is high time that something of a decisive kind should be done to put a stop to the expensive nuisance. Why not offer a prize chromo to the discoverer of the first incendiary, and then take said incendiary out for a walk and kill him in the cool of the evening? A prize chromo will fetch almost anything.—*Sun.*

Symptoms of Catarrh.

Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is a ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang, the breath is offensive, smell and taste are impaired; there is a sensation of dizziness, mental depression, hacking cough, and general debility. Only a few of the above named symptoms are, however, likely to be present in any one case. There is no disease more common than Catarrh, and none less understood by physicians.

DR. SAGE'S CATARRH REMEDY.

is beyond all comparison the best preparation for Catarrh ever discovered. Under the influence of its mild, soothing, and healing properties the disease soon yields. The Golden Medical Discovery should be taken to correct the blood, which is always at fault, and to act specifically upon the diseased glands and lining membrane of the nose. The Catarrh Remedy should be applied warm with Dr. Pierce's Nasal Douche—the only instrument by which fluids can be perfectly injected to all the passages and chambers of the nose from which discharges proceed.

Nervousness.—It affords me great pleasure to bear testimony to the benefits I have received from using Fellows' Compound Syrup of Hypophosphites. I have recommended it to many of my friends, and it has proved an excellent curative for nervousness and general debility. It is also a first-class tonic, enables a person to take flesh rapidly, and is free from the constipating effects characteristic of other tonics I have tried.

HY. JOHNSTON, Montreal.

Two Questions Easily Answered.—Why should men wear beards? Because they are a great protection to the throat and lungs, and add much to their personal appearance. Why should we use Bryan's Pulmonic Wafers? Because when used for coughs, colds, tickling in the throat, hoarseness, &c.; they act like a charm. Ministers and lawyers use them, physicians recommend them, and singers and public speakers say they are the very best medicine in existence for the cure of such complaints. Sold by all druggists and country dealers. Price 25 cents per box.

It is strong testimony to the popularity and usefulness of the Cocoaine that it has had a host of imitators. Consumers will do well to observe that the full name, "Burnett's Cocoaine," is printed on the wrapper, and is blown in the glass. Our legal success in dealing with infringements upon our name and rights will protect the public, if only a little care is used. This tribute of imitation is paid to all meritorious and successful preparations.

A Good Horse.—There is much pleasure and profit in the service of a good horse, and but very little of either in a bad one; no person from choice will retain a bad horse; many, however, are in possession of such who need not be. We think there are few horses so bad but that their condition can be improved and rendered more valuable and useful for their owners, to effect which, there is nothing equal to "Darley's Condition Powders and Arabian Heave Remedy;" it has effected astonishing results in thousands of cases. Remember the name and see that the signature of Hurd & Co. is on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

WHAT THEY SAY OF IT! A Few Facts for the People.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Eclectric Oil. Read the following and be convinced.—Thos. Robinson, Farnham Centre, P.Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then have had no attack of it. I would recommend it to all." —J. H. Earl, Hotel Keeper, West Stanford, P.Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it is equally as good for horses as for man."—A. Mavius, merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public, one of the best medicines they have never used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rason, Township Percy, writes, "I was persuaded to try Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much. Mr. Mavius, of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine."
