Thoughts of Spring and paint-minded people everywhere are "suddenly" aware of the familiar Martin-Senour sign (although it's there all the year 'round) because Spring is the usual and accepted time to repaint for fresh beauty and protection!

And this sign is a sure sign of an enduring paint because Martin-Senour is 100% pure!

Whenever you see the sign of Martin-Senour, there will be found the paint of endurance and longer lasting beauty. It is the sign which in one breath welcomes Spring and the chance to beautify as well as to do the patriotic job of protecting property!

So often now— NAMES MAKE SAD NEWS*

● The names in this newspaper that interest you most are names of boys you know who are on active service . . . boys from this community. You used to read their names in school reports, in church and Sunday school items, in news of sport. You read these names today in news from the fighting fronts. So often now these names make sad news.

Let's do all we can to hasten the day when our newspapers can tell of happy things.

Yes, we can do something to hasten that glad day.

When we do this job we help to win victory sooner. We help to end the war sooner. And we do something to benefit ourselves.

The job that we are asked to do is to save our money and lend it to our country.

As each new fighting front is opened more money is needed. More people must be ready to furnish this money.

More Victory Bonds will be issued. Those who have not bought Victory Bonds before must buy them. Those who have bought bonds must buy more. We are not asked to give . . . we are just asked to lend. We will have money for things we plan to do, after the war.

Dedicate yourself to this war effort . . . something you can do . . . one thing you must do. *Your* help is urgently needed.
