WHAT SCIENCE IS DOING

Helium

The United States Bureau of Mines is producing helium in volume that is more than sufficient to meet all wartime requirements of the Army, Navy and Governmental agencies, Secretary Ickes said last week.

The surplus of this lightweight non-inflammable gas is now available in large supply for medical, scientific and commerical uses, he declared in a statement. The actual production figures on helium, however, must remain a secret, but it was revealed that the bureau is producing more than twenty-five times the pre-war output.

Helium had only a minor role in the first World War because of lack of facilities for extracting the precious gas.

Many new uses for helium have recently been developed, and the gas is expected to have an important role in the United States peacetime economy, Mr. Ickes said. Its use in treatment of asthma, tuberculosis and other respiratory diseases, as well as a part of non-intlammable anesthesia, and in the welding of magnesium metal has been cited. Many other potential uses are being studied.

The United States is the only country in the world producing helium in large volume.

How Can I?

Q. How can I remove bathtub stains?

A. Mix enough cream of tartar with perovide to make a paste, cover the bathtub stains with this paste, leave on for about thirty minutes, then wash off.

Q. How long should sauces be cooked?

A. When sauces are thickened with cornstarch, let them cook for at least fifteen minutes. They will be improved if stood over hot water in a double boiler for about an hour. Sauces that are thickened with flour need about five minutes cooking.

Q. How can I make a cough remedy?

A. To relieve that irritating cough take a mixture of the juice of two lemons, one teaspoon water, and one tablespoon granulated sugar. Take a teaspoonful every half hour.

Q. How can I keep shoes dry?

A. Shoes will remain dry if they are rubbed with a mixture of sixteen ounces of petroleum to two ounces of beewax.

Q. How can I get the best service out of a carpet sweeper?

A. It will give poor service if it is neglected. Empty it often and remove the tangles of lint and hair from the brush. Clean the bristles with a cloth dipped in kerosene. This will preserve the color of the carpets and keep down the dust.

Have You Heard?

Definition of a female shopper: A woman who can hurry through a department store aisle 18 inches wide without brushing against the piled-up glassware, and then drive home and knock off the doors of a 12-foot garage.

—o—

"I called to make an appointment with the dentist."

"He's out just now."

"Ah, when do you expect him to be out again?"

—o—

A lawyer, being interrupted, said: "I will speak, sir, as long as I please."

"You have spoken longer than you please," was the opponent's retort.

—o—

Wife: "I was quite outspoken at the club today."

Hubby: "I can't believe it. Who outspoke yo ?"

—o—

Jones: "Looks like I'll be on my feet again in about a month."

Sympathetic Friend: "Getting over some financial difficulties?"

Jones: "No, not that—my tires are wearing out."

Bronze Oak Leaf

All ranks of the three armed services who have been mentioned in despatches will soon be wearing a small bronze oak leaf. After the last war, those who were "mentioned" wore a palm leaf superimposed on the Victory Medal ribbon. In this war, since a silver maple leaf is already issued to denote service overseas, the oak leaf is worn beside, not on, the service ribbon.

Modern Etiquette

By Roberta Lee

1 Is it necessary to send an answer if one has received an invitation to a church wedding, but not to the reception?

2 Is it all right for a woman to wear her hat to the dining room, in the daytime, if she is a guest in a hotel?

3 Is it proper to use blue or green ink for social correspondence?

4 Will you please name some of the luck pieces that are baked in the bride's wedding cake?

5 Is it proper for a girl, graduatting from high school, to have the prefix Miss on her cards?

6 Is it correct to address a widow as Mrs. Mary Jones, or as "Mrs. Henry Jones?"

Answers

1 Not unless the wedding is a personally written note or letter. 2 Yes, this is optional. 3 Only black should be used for this correspondance. 4 A tiny ring for the first to be married, a thimble for the old maid, a dime for riches, a button for the old bachelor, a small wishbone for the luckiest girl, and miniature dice for the lucky man. 5 Yes. 6 Mrs. Henry Jones is the correct form.

MACDONALD'S BRIER

Canada's Standard Smoke

'FREEZE GUN' IS NAZIS' LATEST

In apparent attempt to chill Allied ardor for invasion of Europe, Nazi radio has announced a new "secret weapon". This time it's a chemical, temperature 322 degrees below zero, that freezes everything within a radius of 500 yards, they say. According to German radio, it will "kill every living creature within range and make steel and concrete so brittle they collapse at a touch, and has already produced icebergs in the English Channel."

WHY LIVABILITY IS THE BIGgest word in the chicken business. The buying price of a "weak" chick is often as high as for a strong one. But, that's not all. Often the "weak one" eats as much food, takes up as much room and requires as much care as the "thriver". Livability is a feature of Tweddle Chicks because they are Govrnment Approved from bloodtested breeders and have 19 years of "know how" behind them. Don't risk time, money and work on chicks of unknown breeding. Prompt delivery on practically all of the popular purebreeds and hybrid crosses. Also some genuine bargains on two, three, four and five week old started non-sexed pullets and cockerels. Send for the 1944 catalogue and price list. Tweddle Chick Hatcheries Limited, Fergus, Ontaro.

YOU DON'T HAVE TO WAIT FOR heavy breed cockerels. If you order from Top Notch Chickeries. We can supply all the popular pure breeds and hybrid crosses on a few days notice. Send for special pricelist for heavy breed cockerels. Top Notch Chickeries, Guelph, Ontario.
