The new auto license shingle for 1920 is an improvement on what has gone beforo. The lettering and numbers are n dark green on a white ground. The Owen Sound police force will appreciate this, as they will not be liable to make mistakes and put the wrong man to considerable trouble and expense. The wrong man (Reeve McTavish for instance) will also appreciate an improved immunity from prosecution from the aforesaid police force.

Mr. Abercrombie, the energetic Kimberley mail carrier, is evidently a variety of snowbird. He came through on time Tuesday morning after the big storm by way of the Valley, when not another rig was stirring on the roads.

Anniversary services will be held in the Rock Mills Baptist church on Sunday, March 29. Rev. Wm. Watson of McMaster Univsrsity, a returned soldier, will preach both morning and evening and give a talk on his experience overseas.

Dundalk high school hockey team came up Friday evening and played the Flesherton high school team on the rink here, the score being 5 to 4 in favor of Flesherton. The game was a hotly contested one from beginning to end and was a good exhibition of hockey. Umpire Wilson of Dundalk gave general satisfaction.

A. N, Royd and wife of Radison, Sask., and George Boyd and wife, of North Battleford, are visiting friends in Ontario. The latter, with his brother, Reeve Boyd of Markdale, gave The Advance a pleasant call on Friday last.

The Durham Review announces the death in Toronto of John Arrowsmith, a printer by trade, at the age of 52 years. John was well known to the editor of The Advance, who worked with him over 35 years ago, We are extremely sorry to hear of his demise, which was haused by hemorrhage.

A meeting of the members of Flesherton public library was held in the library room on Friday evening last, when very satisfactory reports were read. The treasurer's report showed a balance on hand of over forty dollars The old board was re-elected, with the exception of Mr. McVicar, who is removing.

The Durham Chronicle has been laboring under great difficulties for the past two weeks, owing to illness on the staff. The week of Feb. 5 they did not issue a paper at all, and last week were late and not up to the mark. We sympathise with Bre'r Irwin and trust this condition of affairs will not become chronic with the Chronicle.

A show man put on a bum picture show in the town hall Thursday night of last week. He did not carry off all the silver in town, in fact we have not noticed any diminuetion in specie since his exit from town with his picture box. It is a conundrum to us why people will put up 35 or 50 cents to look at a picture and then go home and kick because they have to pay 35 cents for a beefsteak.

Bruce County appears to be going into the road making business on a proper scale. The good roads committee for that county will have this spring over 100 men working on the Kincardine to Hanover road, with a monthly expenditure of $40,000 for wages and material. That seems to us a more practical plan than placing three or four gangs of men on as many different roads, as was done in this county last summer.

Georgina Rawlinson, wife of R. A. Rawlinson, 45 Cavell avenue, Toronto, died at the General Hospital, on Saturday, February 7th, in her 25th year. She was born in Osprey township, near Feversham, Ont. She was a daughter of the late Mr. and Mrs. Geo. Graham. The late Mrs. Rawlinson's grandfather died recently in his 85th year. He was known as one of the oldest inhabitants of Osprey township. She is survived by her mother and her husband.

It is rather amusing than otherwise to Fleshertonians to read the oil news from Meaford—reported "finds" and options being taken up. We have been through all this two or three years ago and two companies are still searching for oil here. One outfit is silent at present, but the other, a private corporation, is still drilling away. A large flow of gas was struck in this well last fall and may yet amount to something if oil is not found in paying quantities. If any company ever deserved success this latter one does, for it is not a stock selling proposition and is financed by private capital. The Advance feels like taking off its hat to these persevering people who are sinking a big sum of money. We hope they may be rewarded.

Miss Adda Wright, teacher near Bolton, was home for a few days last week.

Mrs. Micklejohn of Campbellford spent the past fortnight with her daughter, Mrs. Fred Stuart.

Premier Drury is said to be an advocate of a flat rate for hydro over the whole province. But then Crown Hill is quite a distance from the source of power. Candidly, though, it is the only fair attitude to take if the whole country is to be equally benefitted.

Owing to request of the Presbytery Rev. Mr. McVicar did not preach his farewell sermon on Sunday last, but will do so next Sunday. At the service on Sunday afternoon nine members were taken into the church on profession of faith and one by letter from a sister church.

After two weeks' of ideal winter weather another wind and snow storm arrived on Sunday, but a storm can scarcely make the roads any worse than they are at the present time. Church attendance on Sunday was slim. The trains on Monday, however, came through prastically on time. Later—Monday the storm continued and on Mondry night another foot of snow fell, rendering all roads temporarily impassable. No country mails came in on Tuesday and there was no morning train from the north, all engines being engoged with snow plows clearing the track.
