LEA & PERRINS'
CELEBRATED
WORCESTERSHIRE SAUCE
Declared by Connoisseurs
TO BE THE ONLY GOOD SAUCE.

Some of the foreign markets having been supplied with a spurious Worcestershire Sauces upon the wrapper and labels of which the names of Lea & Perrins have been forged, L. and P. give notice that they have furnished their correspondents with power of attorney to take instant proceedings against Manufacturers and Vendors of such, or any other imitations by which their right may be infringed.

THE
Victor Wringer,
Is brought before the public with the fullest confidence that it will meet the wants of all in need of a
FIRST-CLASS WRINGER!
The power is applied upon an entirely new principle, requiring only one half the power to turn of other Wringers. A child can wring a bed quilt with the Victor as easily as a towel by ordinary wringers. The rolls are SOLID WHITE RUBBER to the shaft, and put on by a process which makes them immoveable on the shaft; the shafts are geared upon both ends so that no strain comes upon the Clothes, which is very desirable, particularly if the articles are much worn or of a delicate nature. The handles are put on in a manner peculiar to the Victor, turning in either direction with equal facility; most wringers have the handles screwed on the shaft and if the Machine gets clogged, and the handles are turned back it unscrews, causing great trouble. This is entirely obviated in the construction of the VICTOR WRINGER.

Daily British Whig

FRIDAY EVEN'G, OCT. 1, 1875.

For the British Whig.

The Illusion of Earthly Pleasures Illustrated.

A blossom sleeping on its stem
In purple beauty shone,
My hand essay'd to seize the gem
And dashed its petals down;
Alas! I thought repining o'er
The wreck of all its pride,
How gladly would my heart restore
What heedless haste destroy'd.

But so it is with all that's bright
Or fair beneath the skies;
The charm al ures our dazzled sight—
We grasp it and it dies!
The fairest gift above the grave
Of knowledge wealth or fame
Is pleasing only while we crave,
Possess'd 'tis but a name.

But one of pure celestial grace
Eternal peace imparts,
A hope that lightens not the face
To mock with long'ing heart;
But more and more transcendent grows,
With every lapse of time,
And grac'd with full perfection glows
In Heaven's etherial clime.

Detroit, Sept., 1875. J. PARKE.

GOSSIP.

—A court for hot weather—just ice.

—A waist of time—the middle of the day.

—The latest name for blonde hair is "the light fantastic tow."

—How to become puffed up—swallow a pint of yeast.

—A man said his son had a well stored mind, but the neighbours never could find where he stored it.

—As between the cucumber and the watermelon, give us a little brandy and water.

—A few more of those snappy mornings and it will be all up with the bright and airy house fly.

—The London *Lancet* says it is bad to sit for more than an hour at a time—but not at a minstrel show, we presume.

—"Crooked kisses" is what an ebulition of osculatory true inwardness was called on a recent church trial in Wisconsin.

—If it be so very hard to find bald-headed consumptives or bald-headed lunatics, it is next in order to ascertain if there be any bald headed suicides.

—"Ef county fairs is goin' to do agricultur' enny good," says a Long Island farmer, "keep out the women. Them 'ere pull-backs gets a man's eyes so sot, that he can't see nothin' else."

—It is hard to find employment, and it is too late now to go into the soda water business; but the man who can polish and put up stoves is not so near to starvation as he thinks he is.

—The *Bulletin* tells of a Norwich man who bought a chest of tea in Providence, and on opening found a stone inside weighing nearly eleven pounds. He remarked that the weighs of Providence are very mysterious.

—A tramp called at house in Norwich the other day, and after being fed, asked if the man of the house was at home. 'No,' replied she who had served him, 'but I'll let you know mighty quick that the woman of the house is at home,' and taking down an old sword, she started for him. He took to his heels.

CURRENCY.

—Guibord is the most unsettled man in the Dominion.

—A party of Icelanders are settled in Nova Scotia.

—Rev. Mr. Scott of Napanee goes to South Africa as a Missionary.

—Nillson's husband is reported to have run away from her, leaving her ill at Paris.

—It is now believed that the new hop crop has been over estimated, and that prices will range from about 25 to 30 cents.

—Yesterday morning Louis Greaves of Brockville, was found dead on John st. It is supposed he was under the influence of liquor.

—Returns from five counties in England show that there are upwards of 32,000 beasts affected with the foot and the mouth disease within that area.

—The St. Catharines *News* says that the Reformers have defeated the Rykert party in three severe contests, and say that they are able to it again, if necessary.

—Wednesday night some villains fired a shot through a winow in C. Gascoigne's bedroom, Brockville, evidently with the intent that the shot should take effect. No one was injured.

—Rochester, N. Y., has, according to the last census, 36,542 children, of whom about 10,500 attend the public schools, 5,500 the parochial schools, 1,425 private schools and 18,500 do not get any school education whatever.

—Elopements seem to be the order of the day in Trenton. Another occurred last week, making the third within a couple of months.

—The new M. E. Tabernacle, Belleville, is intended to accommodate 1200 persons; and the total cost is estimated at from $26,000 to $30,000.

—An Indiana girl wanted to see if her over really loved her, and she got a boy to yell "mad dog!" as they were walking out. The lover flew over a fence and left her to be chewed up, and she went right away and married a store clerk.

—The Government have it in contemplation to abandon their works on the Ottawa River, known as the Des Chenes Slides. The action arises from the fact of the works in question being of private rather than public utility.

—Advertising is one of the powers of this world. It is an encyclopædia upon the wall; it knows all, or at least talks about everything with equal self-possession—history, science, finance, strategy, commerce. It meddles with every subject.

—The Belleville *Intelligencer*, after thinking the thing over, concludes that "the days of the Mowat Administration in Ontario are numbered." Not a doubt of it. The trouble is, to find out the number. Crooks' days were numbered, and yet he got a seat after all.—*Sun.*

The wind went whistling along the street
And carried off many a tile;
But there sailed along a maiden sweet
Rigged out in A 1 style.
"Are you not afraid?" asked a passing man
"That carried away you'll be!"
'Let the naughty wind do it,' she said,
'if it can,'

Where Does it all Come From?

Pints and quarts of filthy Catarrhal discharges. Where does it all come from? The mucous membrane which lines the chambers of the nose, and its little glands, are diseased, so that they draw from the blood its liquid, and exposure to the air changes it into corruption. This life-liquid is needed to build up the system, but it is extracted, and the system is weakened by the loss. To cure, gain flesh and strength by using Dr. Pierce's Golden Medical Discovery, which also acts directly upon these glands, correcting them, and apply Dr. Sage's Catarrh Remedy with Dr. Pierce's Nasal Douche, the only method of reaching the upper cavities, where the discharge accumulates and comes from. The instrument and both medicines sold by druggists and dealers in medicines.

That iron is valuable as a medicine has long been known, but it is only since its preparation in the particular form of Peruvian Syrup that its full power over diseases has been brought to light. Its effect in cases of dyspepsia and debility is most salutary.

Hemorrhoids (or Piles) are permanently cured by Mathieu's Pile Ointment, or money refunded. Price $1 per Pot, or 6 Pots for $5. Sold wholesale and retail by the Wingate Chemical Company, Montreal, and retail by all druggists, or will be forwarded to any address on receipt of price by Dr. E. Health is Strength.—To prevent or conquer disease is one of the grandest attainments ever aimed at by any man, and "Bryan's Pulmonic Wafers" will as sure cure coughs, tickling in the throat and pulmonary complaints, as war and pestilence will destroy. Several colds if not attended to sooner or later lead to incurable consumption and the strength of the strongest soon is lost if neglected. The readiest and best means known for the cure of these complaints is Bryan's Pulmonic Wafers, which have been thoroughly tried for the last twenty years and have never been known to fail. Singers and public speakers will also derive great benefit from the use of them. Sold by all druggists and country dealers. Price 25c per box.

Loss of Appetite in Horses—Horses lose their papetite from various causes, but most frequently by the approach of some disease; this circumstance ought not to be overlooked by those who own horses, but should be immediately attended to as by so doing the disease may be checked, and the life of the horse saved. To do this we are positive there is nothing to equal to "Darley's Condition Powders and Arabian Heave Remedy," it purifies the blood, corrects all derangements of the digestive organs, and as a necessary consequence the appetite is restored, the skin becomes soft, and the coat assumes a soft and shining appearance. Remember the name and see that the signature of Hurd & Co.'s on each package. Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all medicine dealers.

Caution to Housekeepers.—Owing to the increasing cost of vanilla beans used in the manufacture of Extract Vanilla, spurious compounds are being thrown upon the market, purporting to be pure Vanilla, but prepared principally from Tonqua beans. This nauseating substitute costs the manufacturer less than one-twentieth part as much as the genuine vanilla bean. It can readily be detected by its odor. It is used principally by tobacconists for perfuming snuff and cigars, and was never intended to be used as a flavoring for the various compounds prepared for the human stomach. Burnett's Extract of Vanilla is prepared from selected vanilla beams, and is warranted entirely free from Tonqua, or other deleterious substances.

The animal body is made entirely of substances primarily derived from inorganic nature, the rocks, the water and the air. Natural forces, light, heat, electricity and time, in their process of reduction, carry us through the grand procession of their changes, from the inorganic to the organic state. The miracle of vitality is sustained by the compounding by nature (as above) of the tissues, which are wasted in the ordinary nervous and muscular operations of thinking and acting. And in proportion to the capacity of the animal economy for restoring the waste is this being preserved in health and strength. The ingredients wasted by thought or action are identical with those of which Fellows Hypophosphites are composed: the ability of this preparation to furnish the restoring capacity, and its power of sustaining and increasing vitality in the subject, enables him to combat and overcome disease, and so lengthen his days.

WHAT THEY SAY OF IT! A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thos. Robinson, Farnham Centre, P.Q. writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then I have had no attack of it. I would recommend it to all." —J. H. Earl, Hotel Keeper, West Shefford, P.Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have used it on my horses in cases of cuts, wounds, etc., and think it is equally as good for horses as for man."—A. Maybee, merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and are pronounced by the public, one of the best medicines they have never used; it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusan, Township Percy, writes, "I was persuaded to try Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which at moved me very much. Mr. Maybee of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine." ☞ Sold by all medicine dealers. Price 50 cents.
